

The background of the cover is a dark, ethereal landscape with a glowing blue and green sky. A stone bridge with a central archway leads from the foreground into the distance. The bridge is made of rough, grey stones and has a low wall on the left side. The sky is filled with swirling clouds and bright, glowing light sources that create a sense of magic and mystery. The overall color palette is dominated by blues, greens, and greys, with bright highlights from the glowing elements.

Indigenous Cultural Translation Darryl Sterk, 2020-05-01

Indigenous Cultural Translation is about the process that made it possible to film the 2011 Taiwanese blockbuster *Seediq Bale* in Seediq an endangered indigenous language *Seediq Bale* celebrates the headhunters who rebelled against or collaborated with the Japanese colonizers at or around a hill station called Musha starting on October 27 1930 while this book celebrates the grandchildren of headhunters rebels and collaborators who translated the Mandarin language screenplay into Seediq in central Taiwan nearly eighty years later As a thick description of *Seediq Bale* this book describes the translation process in detail showing how the screenwriter included Mandarin translations of Seediq texts recorded during the Japanese era in his screenplay and then how the Seediq translators backtranslated these texts into Seediq changing them significantly It argues that the translators made significant changes to these texts according to the consensus about traditional Seediq culture they have been building in modern Taiwan and that this same consensus informs the interpretation of the Musha Incident and of Seediq culture that they articulated in their Mandarin Seediq translation of the screenplay as a whole The argument more generally is that in building cultural consensus indigenous peoples like the Seediq are translating their traditions into alternative modernities in settler states around the world

Reforming French Culture George Hoffmann, 2017-12-08 *Reforming French Culture* is a ground breaking work on the literary genre of Reformation satire colloquial obscene scatological designed to mock the excesses as well as the essence of the Roman Catholic rite and hierarchy Enticingly Hoffmann proposes that while romance with its episodic heroic narrative is the literary genre of Counter Reformation satire is the genre of Reformation This minor category of Renaissance French literature is an unstudied continent that plays a key role not only in French literature but also in French history and in the

evolution of French culture more generally From this deceptively small focus the volume opens up huge vistas on the Reformation on French history and on the symbiosis of spirituality and estrangement to which it views modern French culture as heir Rather than using literature to illustrate history or contextualizing literature through historical background this book brings literary understanding what satire is and what it does to bear on historical understanding Situated at the crossroads of religion literature and cultural history it explores how France in this period became a culturally Protestant country while remaining confessionally Catholic The Dragon and the Rainbow Robert Blust,2023-08-21 Modernization and conversion to world religions are threatening the survival of traditional belief systems leaving behind only mysterious traces of their existence This book based upon extensive research conducted over a period of nearly four decades brings scientific rigor to one of the questions that have always attracted human curiosity that of the origin of the dragon The author demonstrates that both dragons and rainbows are cultural universals that many of the traits that are attributed to dragons in widely separated parts of the planet are also attributed to rainbows and that the number and antiquity of such shared traits cannot be attributed to chance or common inheritance but rather to common cognitive pathways by which human psychology has responded to the natural environment in a wide array of cultures around the world **Pentecost of the Hills in Taiwan** Ralph R. Covell,1998 The people movement to Christ among the original inhabitants formerly called the mountain tribes of Taiwan has been called a Twentieth Century Miracle From 1929 to 1960 about 50% of the eleven different groups of MalayoPolynesian peoples became Protestant Christians Pentecost of the Hills utilizes history politics sociology anthropology and missiology to tell their story for the first time This is not a missionary accountit relates how God raised up local leaders to do the major work of evangelism and nurture *Public Accounts, Alberta* Alberta.
