Spirit Hand:

Holy Spirit, My Love! Sudong Kim, 2007-07-20 This book is a biography rather than a doctrine of the Holy Spirit Focusing on the Holy Spirit as a person the author portrays the Spirit as the one who has done and is doing every work of the creation and re creation The Holy Spirit is the most important and basic substance binding together the three persons of the divine Trinity into one The name of the Holy Spirit as well as of God the Father is Jesus and it is strongly recommended to baptize in the name of Jesus Christ instead of in the name of the Father of the Son and of the Spirit The Holy Spirit would like to be acknowledged as true God and true Lord by all his servants all over the world **A Discovery concerning Ghosts; with a rap at the "Spirit-Rappers" ... Biblical Inspiration and the Authority of Scripture Carlos R. Bovell, 2015-07-24 It has been some time since Catholic and liberal Protestant theologians stopped writing seriously on bibliology Meanwhile conservative evangelical theologians guard against the introduction of new ideas In an effort to make headway through this gridlock Carlos Bovell has commissioned a roundtable discussion on the prospect of whether the inspiration of Scripture might extend beyond authors

and texts and if so what this might entail for the authority of Scripture Taken together the essays in this volume make an invaluable contribution to contemporary literature on the inspiration and authority of the Bible *The Spiritual Telegraph* Samuel Byron Brittan,1854 *Ghosts and Things* Aviva Briefel,2025-04-15 Ghosts and Things argues that Victorians turned to the dead to understand the material culture of their present With the rise of spiritualism in Britain in the early 1850s sances invited participants to contact ghosts using material things from ordinary household furniture to specialized technologies invented to register the presence of spirits In its supernatural object lessons Victorian spiritualism was not just a mystical movement centered on the dead but also a practical resource for learning how to negotiate the uncanniness of life under capitalism Aviva Briefel explores how spiritualism compelled s ance participants to speculate on the manufacture of spectral clothing ponder the hidden histories and energies of parlor furniture confront the humiliations of consumerism as summoned spirits pelted them with exotic fruits and comprehend modes of mechanical reproduction like photography and electrotyping that had the power to shape identities Briefel argues that spiritualist practices and the objects they employed offered both believers and skeptics unexpected frameworks for grappling with the often invisible forces of labor consumption exploitation and exchange that haunted their everyday lives Ghosts and Things reveals how spiritualism s explorations of the borderland between life and death matter and spirit produced a strange and seductive combination of wonder and discomfort that allowed participants to experience the possibilities and precarities of industrial modernity in novel ways **Hours with the Ghosts or, Nineteenth Century Witchcraft** Henry Ridgely Evans,2021-05-19 In Hours with the Ghosts or Nineteenth Century Witchcraft Henry Ridgely Evans ventures into the intricate interplay between folklore superstition and the burgeoning interest in the paranormal that characterized the 19th century This work combines thorough research with a narrative style that captivates readers utilizing vivid descriptions and anecdotal evidence to explore themes of witchcraft spiritualism and the ghostly phenomena that entranced contemporary society Evans presents a rich tapestry of cultural context navigating through historical events and literary movements that have influenced public perceptions of the spectral and supernatural Henry Ridgely Evans an American author with a keen interest in the esoteric draws upon his background in the occult as well as his experiences during the spiritualist movements of his time to craft this compelling examination His firsthand encounters and extensive investigations lend authenticity to his insights making him a credible voice in the discourse surrounding witchcraft and supernatural occurrences These elements reveal both his intellectual curiosity and a personal fascination with the spectral realms illuminating the societal anxieties and curiosities that propelled the discourse on the paranormal Readers intrigued by the complexities of belief skepticism and cultural history will find Hours with the Ghosts an enlightening and thrilling exploration It invites you to reflect on the boundaries between reality and myth and inspires a profound reconsideration of the unseen forces that have shaped human experience This compelling narrative is essential for anyone interested in the ghostly imaginations of the 19th century **Sensational Religion** Sally M.

Promey,2014-06-24 The result of a collaborative multiyear project this groundbreaking book explores the interpretive worlds that inform religious practice and derive from sensory phenomena Under the rubric of making sense the studies assembled here ask How have people used and valued sensory data How have they shaped their material and immaterial worlds to encourage or discourage certain kinds or patterns of sensory experience How have they framed the sensual capacities of images and objects to license a range of behaviors including iconoclasm censorship and accusations of blasphemy or sacrilege Exposing the dematerialization of religion embedded in secularization theory editor Sally Promey proposes a fundamental reorientation in understanding the personal social political and cultural work accomplished in religion s sensory and material practice Sensational Religion refocuses scholarly attention on the robust material entanglements often discounted by modernity s metaphysic and on their inextricable connections to human bodies behaviors affects and beliefs
