Conant,2023-03-25 Reprint of the original first published in 1872 The publishing house Anapitosi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost IS IT A GHOST OR SWAMP LIGHTS ? Carol Nicholson,2021-12-09 The subject of an afterlife and ghosts has a universal appeal that transcends time and culture This book sheds light on the topic while simultaneously offering some practical advice for living in this world with its limited number of hours we have left The author s journey through his own personal experiences will help others who are also seeking to understand the supernatural It is hoped that it may be helpful to those who believe they see or hear something beyond our physical reality In addition perhaps more importantly there is no better way than reading about someone else s experience to gain perspective from another angle If you are experiencing paranormal activity in your life please know that it is not always due to evil spirits or malicious intent Some things simply cannot be explained by science alone **Light** ,1928 *The natural and supernatural; or Man physical, apparitional, and spiritual* John Jones (of Peckham.),1861 **New Light From Heaven** Jesus Christ, Virgin Mary,2017-01-17 Messages From Heaven About the Future of Our World Mary God s Final Preacher God is always trying to lead man away from self destruction He sends his preachers He sends his teachers But these are snuffed out Their words are not listened to and their invitations are rejected So finally he has sent me I am his final teacher his final prophet I am his last opportunity to change the course of history There is no one behind me no other message no other signs than the ones that I will give When I tell the world that it must listen to me I am not speaking from a selfish and arrogant spirit I am speaking as one who sees the destruction the hopelessness of mankind if my words are not heeded *Manifesting Spirits* Jack Hunter,2020-12-12 Manifesting Spirits is an exploration of contemporary trance and physical mediumship at a private spiritualist home circle called the Bristol Spirit Lodge Located in a garden on the outskirts of Bristol the Lodge is a wooden shed specially constructed for the purposes of mediumship development and spirit communication Through a combination of ethnographic observations in seances including his own experiences of mediumship development and interviews with spirits and their mediums Hunter delves into a sub urban world of trance states ectoplasm spirit lights and discarnate entities Issues relating to altered states of consciousness personhood performance and the efficacy of ritual are examined in order to make sense of the processes by which spirits become manifest in social reality A large part of Manifesting Spirits is given over to a broader discussion of anthropology s evolving attitudes toward the paranormal as a component of the life worlds of many people across the globe and argues for the

development of a non reductive anthropological approach to the paranormal and mediumship in particular This emerging framework referred to as ontological flooding does not attempt to explain away the existence of spirits in terms of functional cognitive or pathological theories as most mainstream theorists tend to do but rather embraces a processual perspective that emphasises complexity and multiple interconnected processes underlying spirit possession performances and experiences

Understanding Deleuze, Understanding Modernism Paul Ardoin, S. E. Gontarski, Laci Mattison, 2014-08-28 Understanding Deleuze Understanding Modernism explores the multi faceted and formative impact of Gilles Deleuze on the development and our understanding of modernist thought in its philosophical literary and more broadly cultural manifestations Gilles Deleuze himself rethought philosophical history with a series of books and essays on individual philosophers such as Kant Spinoza Leibniz Nietzsche and Bergson and authors such as Proust Kafka Beckett and Woolf on the one hand and Bacon Messiaen and Pollock among others in other arts This volume acknowledges Deleuze s profound impact on a century of art and thought and the origin of that impact in his own understanding of modernism Understanding Deleuze Understanding Modernism begins by conceptualizing Deleuze by offering close readings of some of his most important works The contributors offer new readings that illuminate the context of Deleuze s work either by reading one of Deleuze s texts against or in the context of his entire body of work or by challenging Deleuze s readings of other philosophers A central section on Deleuze and his aesthetics maps the relationships between Deleuze s thought and modernist literature The volume s final section features an extended glossary of Deleuze s key terms with each definition having its own expert contributor
