Hellenika the primary source for the events of the final seven years and aftermath of the Peloponnesian War Hellenika covers the years between 411 and 362 B C E a particularly dramatic period during which the alliances among Athens Sparta Thebes and Persia were in constant flux Together with the volumes of Herodotus and Thucydides it completes an ancient narrative of the military and political history of classical Greece Xenophon was an Athenian who participated in the expedition of Cyrus the Younger against Cyrus brother the Perisan King Artaxerces II Later Xenophon joined the Spartan army and hence was exiled from Athens In addition to the Hellenika a number of his essays have survived including one on his memories of his teacher Socrates Beautifully illustrated heavily annotated and filled with detailed clear maps this edition gives us a new
