from many published and archival sources both Euro American trading company mission and doctors records ships logs diaries and Hudson s Bay Company and government censuses and Native American oral traditions and informant testimony The many quotations from contemporary sources underscore the magnitude of the human suffering The Coming of the Spirit of Pestilence is a definitive study of introduced diseases in the Pacific Northwest For more information on the author go to <http://roberttboyd.com>

Bicycling Beyond the Divide Daryl Farmer, 2008-01-01 On a journey begun twenty years earlier Daryl Farmer a twenty year old two time college dropout did what lost men have so often done in this country he headed west Twenty years later and seventy pounds heavier with the yellowing journals from that transformative five thousand mile bicycle trek in his pack Farmer set out to retrace his path This is his story of pursuing that distant summer and that distant dream of home where

home is endless space a roof of big sky and a bed of dry earth Just as the years altered the man so too have they altered the West and Farmer s second journey affords a unique perspective on these changes as well as on what lasts Whether caught in a Colorado snowstorm or braving a Yellowstone herd of bison kayaking with orcas in Puget Sound trading Ninja moves with a homeless man in San Francisco or getting the lowdown on aliens on Nevada s Extraterrestrial Highway Farmer charts a moving landscape of people and places This is the West where the natural world and personal character are inextricably linked and where one man s ride into the past and present takes us to the heart of that ever evolving connection
