International Handbook of the Religious, Moral and Spiritual Dimensions in Education Marian de Souza, Gloria Durka, Kathleen Engebretson, Robert Jackson, Andrew McGrady, 2007-06-04 Traditionally spirituality has resided and been contained within religious frameworks but while the links between the two areas are still acknowledged by many in the contemporary world spirituality is perceived by some as an aspect of human life that is distinct from religion Consequently many are searching for meaning within and without religious traditions today and seeking answers to ethical and moral questions that have been generated by the knowledge and technological explosion One outcome is the renewed interest in the religious spiritual and moral dimensions of education throughout the life cycle This International Handbook presents the research and professional practice of scholars who are daily engaged in the consideration of these dimensions in education The result is a collection of essays which reflects the discipline in all of its internationality as it is today Embedded within the chapters is also an agenda for the future where the religious moral and spiritual dimensions in education are proposed as an exciting and challenging way forward for educators at all levels in society As well it offers a vision for the emergence of a peaceful and just world

Mary Sumner Sue Anderson-Faithful, 2018-02-22 The founder and president of the Mothers Union one of the first and largest women's organisations Mary Sumner 1828 1921 was an influential educator and a force to be reckoned with in the Church of England of the late nineteenth and early twentieth centuries Using the analytical tools of the sociologist Pierre Bourdieu Sue Anderson Faithful locates Mary Sumner's life and thought against social and religious networks in which she was restricted by gender yet privileged by class and proximity to distinguished individuals This dichotomy is key to understanding the achievements of a woman who both replicated and shaped Victorian attitudes to women's roles in society To Mary Sumner mission and education meant the propagation of religious knowledge through progressive pedagogy Her activism was intended to promote social reform at home and nurture the growth of the British Empire with mothers wielding their political power as educators of future citizens The symbiotic relationship between Church and State concentrated power in the hands of a ruling class with which Mary Sumner identified and which she supported In her view the legitimacy of national and imperial rule was intertwined with the moral force of Anglicanism Sue Anderson Faithful interprets Mary Sumner's lifelong
