Spiritual Dimensions Of Pastoral Care Witness To The Ministry Of Wayne E Oates:

Spiritual Dimensions of Pastoral Care Gerald L. Borchert, 1985-01-01 **The Psychological Anthropology of Wayne Edward Oates** Samuel E. Stephens, 2020-07-24 Theological education has historically placed a strong emphasis on Scripture as the source of principle and practice for ministry. However, when it comes to the arena of counseling, this has largely not been the case. Focusing on the significant influence of Wayne Edward Oates (1917-1999), the author seeks to explore how and why the American Protestant church arrived at the place where psychological counseling has become the norm and biblical counseling is treated as novel. A detailed study of Oates' anthropology, which served as the heart of his counseling theory and practice, demonstrates that it was shaped and informed by secular concepts, values, and principles instead of what God has to say about who we are as people, what plagues our souls, and where we find our true hope and healing. This subtle shift from the theological to the therapeutic has contributed to a much broader view from many in the church that counseling is more of a clinical and professional service rather than a personal or pastoral ministry of the Scriptures. Through these unsettling warnings and implications, the author hopes that the church will see the importance of once again engaging with the God glorifying Christ, honoring and Spirit-empowering ministry of counseling.

The Confessional Mosaic Milton J. Coalter, John M. Mulder, Louis Weeks, 1990-01-01 Focusing on the expression of faith among American Presbyterians, this book surveys important developments in Presbyterian theology and worship. It provides an understanding of the changes in mainstream Protestantism and American Christianity and analyzes preaching, worship, hymnody, devotional materials, and social justice pronouncements. The authors include both the achievements and the ambiguous legacy of this developmental stage in American Presbyterian history. Through its examination of American Presbyterianism, the *Presbyterian Presence* series illuminates patterns of change in mainstream Protestantism and American religious and cultural life in the twentieth century.

Pastoral Care with Children in Crisis Andrew D. Lester, 1985-01-01 Argues that children do not often receive the pastoral care they deserve and explains how to use puppets, games, art, storytelling, or writing to help them express their concerns.

Counseling by the Book John Babler, David Penley, Mike Bizell, 2007-01-18 Soul Mentoring David Robinson, 2016-01-25 *Soul Mentoring* draws upon the wisdom of Gregory the Great from his *Pastoral Care*, one of the most widely read books on mentoring from the ancient world. Those who walk in Gregory's steps will discover practical guidance for the journey into mentoring, including the formation of a mentor's soul and wisdom in learning to care for others. Gregory describes mentoring as the art of arts, the highest creative endeavour we share together. Gregory has ancient wisdom applicable to mentoring in our time, both for mentors and mentees, friends and family, coaches and teachers, clergy and spiritual directors, among other people looking for guidance in the ancient art of caring for souls.

Coping with Your Anger Andrew D. Lester, 1983-01-01 Argues that Christians should not suppress their anger but learn to deal with it and examines what the scriptures say about anger.
