Enfolding Silence Brett J. Esaki, 2016-05-02 This book explores how Japanese Americans have developed traditions of complex silences to survive historic moments of racial and religious marginalization and how they continue to adapt these traditions today Utilizing case studies and histories of the Japanese American arts of gardening origami jazz and monuments Brett Esaki provides a theory of silence that goes beyond the binary of sound and its absence to articulate the multiple layers of silence that exist for Japanese Americans *The Planet Mars and Its Inhabitants, a Psychic Revelation* J. L.

Kennon, 2022-08-15 In *The Planet Mars and Its Inhabitants a Psychic Revelation* J L Kennon offers an extraordinary examination of Mars entwining metaphysical narrative with speculative fiction This book carefully curated by DigiCat Publishing aspires to be much more than mere science fiction Kennon s literary style encapsulates an innovative fusion of psychic exploration with a detailed imagining of extraterrestrial civilization Positioned within the broader corpus of early 20th century esoteric works it contributes a distinctive voice to the era s fascination with the unknown and the frontiers of human consciousness and cosmic habitation J L Kennon s insight into the mystical intricacies of the cosmos and the Martians existence may stem from the zeitgeist that embraced spiritualism and psychic phenomena Kennon channels this cultural momentum potentially reflecting personal convictions or experiences related to these metaphysical realms This ideological background permeates the text giving readers a poignant lens to appreciate the interplay of narrative and belief systems that are deftly woven throughout this thought provoking work Scholars and aficionados of early speculative narratives will find *The Planet Mars and Its Inhabitants a Psychic Revelation* a compelling addition to their library The book is recommended to those with an appetite for the esoteric a curiosity about life beyond Earth and an appreciation for the literary artifacts that express humankind s perpetual quest for understanding the mysteries of the universe Readers are invited to both cherish it as a product of its time and ponder its legacy in today s continued search for extra terrestrial intelligence **Echoes of**

Aquinas in Cusanus's Vision of Man Markus Führer, 2014-02-19 This book demonstrates the influence that the philosophical and theological anthropology of Saint Thomas Aquinas had on Nicholas of Cusa s Cusanus view of human nature While Rudolf Haubst suggested that Aquinas had in fact influenced several factors of Cusanus theology Haubst did not explore the topic of anthropology Since the philosophy of man is supposed to be one of the determining characteristics of the Renaissance and because there is a prevailing opinion that Cusanus was not only a Renaissance philosopher but indeed one of the founders of Renaissance humanism I demonstrate that his view of the place of man in the universe is remarkably similar to the view of Aquinas A close examination of the texts of both thinkers when compared to some of the leading Renaissance writers indicates that it is not entirely true that Cusanus is Renaissance in his analysis of the human condition Because Cusanus copies of some of the works of Aquinas are still intact and his marginal comments in these manuscripts indicate not only that he read Aquinas carefully but also actually reacted to texts in Aquinas it is possible to conduct a study

of Cusanus use of Aquinas based directly on the text of Aquinas It is also possible to explore similarities by studying the formulae that both writers used in expressing their respective positions The present study appeals to students and scholars of late medieval theology and philosophy in its unique examination of the impact of Aquinas thought upon Cusanus *Two Thousand Years in Celestial Life* Henry Clay Hodges, 1901 *Divine Intervention IV: A Guide To Healing Within And Living Without*, 2012 From Sandye M Roberts and Arthur L Jones III the Authors of the Divine Intervention series of Nonfiction books comes the latest installment DI4 is a book intended to inspire those who feel lost within this imperfect world to rediscover their own sense of inner peace passion purpose and positivity This book examines and discusses many methods of achieving balance by holding onto what is needed for our greatest good and releasing those things which we no longer need or want *The Churchman*, 1901 **The Planet Mars and Its Inhabitants** J. L. Kennon, Eros Urides, 2009-07-01 First published in 1920 *The Planet Mars and Its Inhabitants A Psychic Revelation* is a book by J L Kennon who whilst under the power of trance channelled the words of Eros Urides a Martian The medium was held in trance for short periods only as the medium must necessarily experience the atmosphere of Mars which is more rarified than that of your Earth and apparently the medium seemed to have some difficulty and at first pain in breathing while in the trance condition In 1920 it was decided to write the book in which the Planet Mars its people its form of government its Art Industries Philosophy of life etc would for the first time in the history of this world be given **The Amateur Stage**, 1927 **Subject Guide to Books in Print**, 1991 **The Complete Danteworlds** Guy P. Raffa, 2009-08-01 Dante Alighieri's *Divine Comedy* has despite its enormous popularity and importance often stymied readers with its multitudinous characters references and themes But until the publication in 2007 of Guy Raffa's guide to the *Inferno* students lacked a suitable resource to help them navigate Dante's underworld With this new guide to the entire *Divine Comedy* Raffa provides readers experts in the Middle Ages and Renaissance Dante neophytes and everyone in between with a map of the entire poem from the lowest circle of Hell to the highest sphere of Paradise Based on Raffa's original research and his many years of teaching the poem to undergraduates *The Complete Danteworlds* charts a simultaneously geographical and textual journey canto by canto region by region adhering closely to the path taken by Dante himself through Hell Purgatory and Paradise This invaluable reference also features study questions illustrations of the realms and regional summaries Interpreting Dante's poem and his sources Raffa fashions detailed entries on each character encountered as well as on many significant historical religious and cultural allusions **Sex, Ecology, Spirituality** Ken Wilber, 2001-01-02 Hailed as one of the most significant books ever published this work of far reaching vision is a comprehensive exploration of the evolution of human consciousness In this tour de force of scholarship and vision Ken Wilber traces the course of evolution from matter to life to mind and describes the common patterns that evolution takes in all three of these domains From the emergence of mind he traces the evolution of human consciousness through its major stages of growth and development Wilber particularly focuses on modernity and

postmodernity what they mean how they impact gender issues psychotherapy ecological concerns and various liberation movements and how the modern and postmodern world conceive of Spirit This second edition features forty pages of new material new diagrams and extensively revised notes
