Self-Empowerment - Volume 2: (The Integrated Guide Series) Edmond H. Wollmann,2019-03-30 The Integrated Astrological Guide continues with this second volume This particular text deals with the encoding of information both astrologically and generally that interferes with and colors our critical thinking skills and ability for accurate foresight Although myths are used to convey concepts the running theme in all works is that neither astrology nor myths cause anything and that each person s reality is the result of free will effort and choices at every given moment They do however

reflect engrained archetypal belief structures passed down over millennia Those belief structures do affect reality Logical rules will be increased in this volume and fallacious thinking illuminated not only in traditional astrological principles but in widely accepted social attitudes The Integrated Astrological Guide to Self-Empowerment: Volume 2 (The Integrated Guide Series) Edmond H. Wollmann,2019-03-28 The Integrated Astrological Guide continues with this second volume This particular text deals with the encoding of information both astrologically and generally that interferes with and colors our critical thinking skills and ability for accurate foresight Although myths are used to convey concepts the running theme in all works is that neither astrology nor myths cause anything and that each person s reality is the result of free will effort and choices at every given moment They do however reflect engrained archetypal belief structures passed down over millennia Those belief structures do affect reality Logical rules will be increased in this volume and fallacious thinking illuminated not only in traditional astrological principles but in widely accepted social attitudes You Were Born for This Chani Nicholas,2019-11-15 The beloved Los Angeles astrologer with more than one million fans shows a new generation how to use astrology as a tool for self discovery success and self care in this revolutionary guide Modern astrology isn t about passively accepting our fate it s about action and beloved astrologer Chani Nicholas shows you how to bring this life changing practice into your life and embrace self empowerment intentionality and spirituality Gone are the days of on Tuesday you will meet your prince charming horoscopes Instead Nicholas is spearheading a radical new approach to astrology In her hip inspirational weekly horoscopes she doesn t tell readers what will happen to them Instead she encourages her devotees to take control to confront themselves their desires and their needs to fulfill their potential using the power of the stars Written in her lyrical cool girl feminist writing style You Were Born for This explains how knowing your star signs and what they mean for your individual character can be revelatory Understanding the astrological chart can help you refine your intentions identify your strengths recognize areas for growth become more connected to your core self and steer you on your spiritual path In an era when growing numbers of people feel a sense of meaninglessness and a desire to learn more about themselves You Were Born for This teaches you how to harness the zodiac to help you become more in tune with yourself and your place in the universe **Astrology for Self-Healing: The Essential Guide** Alan Richards-Wheatcroft,2019-01-22 Astrology for Self Healing it is a book for those who wish to expand their knowledge via a deeper and more intrinsic level of astrological understanding It is packed full of elemental and startling insights that have become overlooked in today s world *Astrology, Key to Self Understanding* Leonora K. Luxton,1978 **Your Sun Sign as a Spiritual Guide** Swami Kriyananda,2013-10-07 What sets this book apart from other astrology titles is Kriyananda s focus on the spiritual potential of each sun sign rather than focusing mainly on the karmic limitations It is so common to hear generalizations such as Leo is proud and Taurus is stubborn In his book Kriyananda shows how with awareness attention and will one can cultivate the higher potential of his sign leading to greater fulfillment and success Leo can shine as a channel of light and creativity

without pride if he remembers that Spirit not ego is the doer Taurus can be the essence of loyalty and perseverance without being stubborn if he develops an inner fixity of purpose while practicing an outward flexibility In other words the horoscope shows karmic patterns of energy We can learn to work with these energies and develop their more refined higher octaves which will then magnetize new possibilities into our lives The fundamental point is that the horoscope shows one s karmic energy situation but not who he really is the spiritual Self within Kriyananda s approach is to encourage and inspire one s Self to awaken and to express itself through the sun sign Within each of us is vast potential to be awakened Your Sun Sign as a Spiritual Guide is a beautifully inspiring book that will open doors and encourage one in this direction This book also guides the seeker to an understanding of the subtle aspects of the spiritual path as it manifests for him through his particular sun sign Yogic understanding is rich and often runs counter to prevailing thought So too with astrology the reader will find vistas of understanding opening as he takes the words and guidance of this yogic view of astrology to heart This book reassures the reader that sun sign weaknesses can be spiritual strengths if pursued rightly It also warns one not to rest on the laurels of sun sign strengths but to go much deeper Concentrated deep wisdom is available to the seeker in this brief easy to digest book that helps the reader to understand himself and others from a higher perspective **Astrology and Spiritual**
