**Spiritual Conferences** Frederick William Faber, 1859      **Conferences on the Spiritual Life** Pere De Ravignan, 2023-07-12 Reprint of the original first published in 1873      *Spiritual Conferences* Frederick William Faber, 1860  
*The Spiritual Conferences* Saint Francis de Sales, Aeterna Press, 1909 At first sight it may appear unreasonable to say that conferences or spiritual lectures delivered within the walls of a single convent having its own special character not written by their author but from memory by his devout hearers can promise much usefulness beyond the order to which that house belonged or at most beyond the sphere of religious life Now so far from this being in our judgment the case we consider them practically calculated to do much good beyond the cloister and the chapter house of monastery or convent They will be read we trust with pleasure and we are sure with profit by devout persons living in the world by clergy and laity the former of whom will find in them invaluable principles and advice for the guidance of consciences while the latter cannot fail to derive from their study consolation encouragement and direction Aeterna Press      **Spirituality** Kees Waaijman, 2002 This textbook is a systematic guide to the extensive field of spirituality Kees Waaijman charts the multiform phenomenon of spirituality the spirituality of ordinary people the great spiritual traditions and the force of counter movements From the foundation of this survey he answers questions like What exactly is spirituality What forms can a scholarly approach take Finally the book provides methodic access to the study of spirituality focusing on the following questions Which are the different forms of spirituality and how can we describe them How can spiritual texts be given a reliable reading Which themes can be distinguished in the field of spirituality and what would be a meaningful way to address them What do we mean by spiritual guidance and what can we learn from it This textbook has no equal It is indispensable to scholars wishing to study the subject but also to others who want to learn about spirituality      The Methodist Conference in America Dr. Russell E. Richey, 1996-08-01 In the Methodist lexicon conference refers to a body of preachers and later of laity as well that exercises legislative judicial and executive functions for the church or some portion thereof Conference says Richey defined Methodism in more than political ways on conference hinged religious time religious space religious belonging religious structure even religiosity itself Methodist histories uniformly recognize typically even feature conference s centrality but describe that in primarily constitutional and political terms The purpose of this volume is to present conference as a distinctively American Methodist manner of being the church a multifaceted mode of spirituality unity mission governance and fraternity that American Methodists have lived and operated better than they have interpreted      **The Spiritual Life** Reverend Adolphe Tanquerey, Catholic Way Publishing, THE SPIRITUAL LIFE A TREATISE ON ASCETICAL AND MYSTICAL THEOLOGY REVEREND ADOLPHE TANQUEREY A Catholic Classic Two Parts of Four Books in One Includes 1 773 Active Linked Footnotes Includes Active Linked Headings Index and Table of Contents Includes Religious Illustrations Publisher Available in Paperbacks FIRST PART ISBN 13 978 1 78379 507 9 SECOND PART ISBN 13 978 1 78379 508 6 It is the writer s

conviction that Dogma is the foundation of Ascetical Theology and that an exposition of what God has done and still does for us is the most efficacious motive of true devotion Hence care has been taken to recall briefly the truths of faith on which the spiritual life rests This treatise then is first of all doctrinal in character and aims at bringing out the fact that Christian perfection is the logical outcome of dogma especially of the central dogma of the Incarnation The work however is also practical for a vivid realization of the truths of faith is the strongest incentive to earnest and steady efforts towards the correction of faults and the practice of virtues Consequently in the first part of this treatise the practical conclusions that naturally flow from revealed truths and the general means of perfection are developed The second part contains a more detailed exposition of the special means of advancing along the Three Ways towards the heights of perfection Contents FIRST PART Principles SECOND PART The Three Ways BOOK I The Purification of the Soul or the Purgative Way BOOK II The Illuminative Way BOOK III The Unitive Way PUBLISHER CATHOLIC WAY PUBLISHING     **A Spiritual Leader** Zac Poonen,1999     **Spirituality, Leadership and Management, Seventh National Conference Proceedings** Spirituality, Leadership and Management. National conference proceedings,2011     Books and Religious Devotion Allan F. Westphall,2015-02-05 In Books and Religious Devotion Allan Westphall presents a study of the book collecting habits and annotation practices of Thomas Connary an Irish immigrant farmer who lived in New Hampshire in the latter half of the nineteenth century Connary led a pious life that revolved around the use annotation and sharing of religious books His surviving annotated volumes provide a revealing glimpse into the utility of books for a common reader and they show how one remarkable eccentric reader turned religious books into near icons Through a careful excavation of book adaptations and enhancements Westphall gives us insight into the range of opportunities provided by the material book for recording and communicating Connary s religious fervor The study also investigates the broader nineteenth century cultural setting in which books are seen as testimonies of personal faith and come to function as instruments of social interaction in both domestic and public spheres Underlying Connary s many and varied interactions with books is his belief that working in books as physical objects can be a devout exercise instrumental in human salvation     **The Development of Russian Evangelical Spirituality** Gregory L. Nichols,2011-11-09 Today many evangelicals in the Russian speaking world emphasize sanctification as a distinctive mark of their Christian faith This is a unique characteristic particularly in the European context Their historic tapestry has been woven from a number of threads that originated in the second half of the nineteenth century Missionary efforts of the German Baptists a revival sparked by a British evangelist and a pietistic awakening among the Mennonites in the South converged to form a tapestry that displays Protestant Baptist and Anabaptist heritage Ivan Kargel uniquely participated in the formation and ministry of each of these threads His life spans from Tsarist Russia to the Soviet Union Kargel refused to adhere to a systematic view of theology Instead he urged believers to go to Scripture and draw from the riches of a life united with Christ Kargel s influence today is keenly felt across the Russian speaking evangelical world as

they seek to identify the roots of their spiritual identity This book examines the influences on Ivan Kargel and offers insights into how his life and work are expressed in the tapestry of Russian evangelical spirituality

The text explains how to differentiate perception from essence and thereby enables the reader to resolve the ambiguities and classical riddles that have challenged mankind for centuries and baffled the best minds in history While modern technologies have provided a phethora of new toys and conveniences the basic problems of daily existence remain This book provides the tools to survive and regain fundamental autonomy and inner harmony while living with the complexities of the modern world

**Holy Feast and Holy Fast** Caroline Walker Bynum,1988-01-07 In the period between 1200 and 1500 in western Europe a number of religious women gained widespread veneration and even canonization as saints for their extraordinary devotion to the Christian eucharist supernatural multiplications of food and drink and miracles of bodily manipulation including stigmata and inedia living without eating The occurrence of such phenomena sheds much light on the nature of medieval society and medieval religion It also forms a chapter in the history of women Previous scholars have occasionally noted the various phenomena in isolation from each other and have sometimes applied modern medical or psychological theories to them Using materials based on saints lives and the religious and mystical writings of medieval women and men Caroline Walker Bynum uncovers the pattern lying behind these aspects of women s religiosity and behind the fascination men and women felt for such miracles and devotional practices She argues that food lies at the heart of much of women s piety Women renounced ordinary food through fasting in order to prepare for receiving extraordinary food in the eucharist They also offered themselves as food in miracles of feeding and bodily manipulation Providing both functionalist and phenomenological explanations Bynum explores the ways in which food practices enabled women to exert control within the family and to define their religious vocations She also describes what women meant by seeing their own bodies and God s body as food and what men meant when they too associated women with food and flesh The author s interpretation of women s piety offers a new view of the nature of medieval asceticism and drawing upon both anthropology and feminist theory she illuminates the distinctive features of women s use of symbols

Rejecting presentist interpretations of women as exploited or masochistic she shows the power and creativity of women's writing and women's lives
