Spiritual Exercises And The Ignatian Mystical Horizon:

The Spiritual Exercises and the Ignatian Mystical Horizon Harvey D. Egan, 2020-11-30 This book is a revision and condensation of a doctoral dissertation which its author wrote under the direction of the well known Father Karl Rahner at the University of Münster. It focuses on the importance of St Ignatius' small book, the *Spiritual Exercises*, as a source of theological investigation. Thus it stems from Rahner's own conviction as he states in his foreword that the real theological and not only the spiritual significance of Ignatius' *Spiritual Exercises* presents a non yet accomplished task to today's theology. Absorbing, synthesizing and completing past studies on the Exercises, Father Egan summarizes the findings of modern scholars such as Przwara, Fessard, Karl Rahner, Hugo Rahner, Marxer, Cusson, Gil Bakker and Gonzalez de Mendoza, all hitherto relatively unavailable in English, and then presents his own fresh viewpoint. His quest is for Ignatius' mystical horizon, the lived internal unity, the roots of all of Ignatius' experiences, knowledge and love. Applying the contemporary methodology in theology to the study of the Ignatian Exercises, the author offers a penetrating and comprehensive treatment of Ignatius' consolation without previous cause of the Three Times of Election, including intellectual and affective discernment, the trinitarian dimensions of the Exercises, and other important Ignatian themes. The book is scholarly and extensively documented and seems to be the most comprehensive and up to date theological commentary in English on the Exercises. One experienced critic has called it one of the greatest contributions to the present commentary on the Exercises.

Ignatius Loyola the Mystic Harvey D. Egan, 2020-09-22 **Ignatius Loyola the Mystic** Harvey D. Egan SJ, 2020-09-22 [The Spiritual Exercises of St. Ignatius](#) Saint Ignatius, 2015-11-17 A classic Christian text from the founder of the Jesuit Order, *The Spiritual Exercises of St Ignatius of Loyola* is the core work of religious formation for members of the Society of Jesus, the single largest religious order within the Roman Catholic Church. For four and a half centuries in many thousands of editions in all languages, the Exercises have embodied fundamental spiritual principles essential to authentic Christian living. The mystical insight informing Ignatius' own relationship with God, which he distilled in *The Exercises*, is that the divine love of God is providentially present in all the details of our existence. Here Ignatius shows how the faithful can be joined to God in all things according to the Jesuit motto, *Ad maiorem Dei gloriam*, For the greater glory of God.

Understanding the Spiritual Exercises Michael Ivens, 1998 Ever since the *Spiritual Exercises* were first published in 1548, they have been a popular and important resource for spiritual directors and directees. In this new translation, Michael Ivens draws on the wealth of previously published materials as well as his extensive experience to produce a new commentary that unravels the inner workings of the *Spiritual Exercises*. This new translation, with detailed introductions to each section, helps directors arrive at a firm and nuanced understanding of this classic of western spirituality. *The Ignatian Way* Charles J. Healey, 2009 Although many books have been written on Ignatian spirituality, most focus on highly specific and scholarly details, rendering them too academic and specialized for the average reader. This book remedies this

problem by compiling a more general guide to the basic aspects of Ignatian spirituality Addressing everything from the life of St Ignatius Loyola to his Spiritual Exercises to methods of dealing with contemporary world issues in a Jesuit spirit it offers a comprehensive yet conversational approach to Ignatian spirituality Whether readers are studying or teaching at a Jesuit school seeking spiritual direction on a retreat discerning a possible vocation to the Society of Jesus or simply seeking more exposure to Ignatian spirituality this book is an invaluable guide Book jacket **Zen and the Spiritual Exercises** Ruben Habito,2014-04-10 The practices of the East meet those of the West in this intriguing book on the relationship between Zen meditation and the Spiritual Exercises of St Ignatius Loyola Ruben Habito a Zen Master as well as an expert in Ignatian spirituality brings these two hallowed paths to enlightenment together in this intriguing book designed not only for believers in either tradition but for seekers and beginners as well Both comparing and contrasting Zen traditions of meditation and enlightenment with St Ignatius famous Exercises for attaining Divine Love Habito offers suggestions on how the two traditions share the same goals and how each might benefit from the other or from their shared practice As the reader follows Habito through the stages of purgation of false desires illumination of one s true path and the generous desire to give back what one has been given through the Divine Habito shares illuminating and instructive stories literary and spiritual reflections and thought provoking ways on how to update Zen and Ignatian spirituality to meet the needs and desires of a contemporary seeker **Mariology at the Beginning of the Third Millennium** Kevin Wagner,M. Isabell Naumann,Peter John McGregor,Paul Morrissey,2017-04-24 Since the Second Vatican Council the place of Mary in theology and generally in the life of the Church has been at times muted This is perhaps understandable given the debates concerning Mary s place in the documents of Vatican II In an ecumenical age it was argued the church needed a less triumphalist Mariology and piety with a greater focus on Mary as model disciple In certain respects this has led to a dichotomy between the continued Marian piety of many faithful and truth be told the piety of the post conciliar popes and a theological timidity concerning Mary This collection of chapters seeks to address the current situation of Mariology Taken as a whole these chapters represent a welcome call for renewal and reawakening in Mariology The collection is also delightfully eclectic both in terms of topics covered and in terms of the denominational and academic backgrounds of the authors [An Anthology of Christian Mysticism](#) Harvey D.
