Spiritual Harmony A Guide To Spiritual Awareness:

Spiritual Harmony Tamara L. Lesley,2002-08-06 I have searched for the truth of our very existence to find it quite simple I have studied many religions including Darwin s theory Through the years I have read and studied many thoughts and beliefs of others I have found my own thoughts true for me that help me find the world more reasonable in a spiritual way of existence I believe that God does reside in our heart and gives us many guides and Angels to help us along the way A simple request of them and God is all that is needed I reveal ways that you will find quite simple to believe in and that will not ruin your faith in God but enhance it I offer you an alternative way of living happily within yourself and knowing the God source resides in you through life death and beyond Let me take you on a journey of my life You will see how my God source has shown me the way of living a fruitful life of love I invite you to share my thoughts of love and come away with a better understanding of our Universe I impart my love to you

Oracle of Love Michael Abramowitz,2016-06-01 The Oracle of Love is a contemporary interpretation of the I Ching a Chinese oracle and book of wisdom dating back more than two millennia The Oracle of Love is easy to use it takes a minute or two to cast a hexagram and another to read its interpretation The interpretations are short and easy to understand They go straight to the point avoiding the historical obscurities of the original I Ching Extensive commentary and guidelines are provided

Robin L. Futoran,2010-04 A Definitive Guide To Reaching Heaven Where exactly is Heaven What really happens to us when we die What happens to our thoughts and consciousness after we die Dr Futoran explores the eternal nature of our spiritual self the conscious mind relationship to the physical self and achieving heaven

without dying Combining critical thinking clinical reasoning with studies in areas of spirituality ancient philosophy modern science and meditation Dr Futoran offers an intriguing and insightful interpretation integrating the connection between life and death consciousness dreams and spirituality While possibly challenging preconceived ideas he defines and shares spiritual truths as he has come to know them unlocking the door to greater understanding and practical application of expanding one's reference in living each day and each moment in state of love peace harmony and joy It's a reference for living perpetually in Heaven

My Brother's Keeper Rev. Dr. Lewis J. Holmes, 2024-12-02 Because I am my Brother's Keeper every one of us has a story to tell or a testimony Something learned and could be shared would be beneficial in aiding to bring joy and a little happiness and hope in someone's life to possibly inspire a shift in consciousness This shift enables us to see and hear from a spiritual perspective Jesus said I have come that you might have life and have it more abundantly This abundance is brought through the workings of God's laws which are unchangeable infallible trustworthy and dependable laws that are guaranteed to work every time when we work within their structure We must know that it is God's good pleasure to give us the kingdom and all that is within but only if we ask and are open and receptive to receive it God is a loving God He will never push us but only guide us The choice is ours Will we listen and obey and find a purpose or will we just wander through life searching and unsatisfied I chose to listen and decided to continue writing down my thoughts revelations prayers and a few stories as well as a few lectures I facilitated on Truth Principles through my church the Power Circle Congregation under the leadership of Rev Dr Joseph E Hill in Chicago Illinois Please sit back Take off your shoes Relax and enjoy them Again like a pocketful of pearls this is not to teach a philosophy or a new way of life It is my thoughts prayers etc that help me live the quality of life in which I believe God intended me to live and I wanted to share that which lifted me up in hopes it will do the same for you Please enjoy

Happiness and Well-Being in Islam Sálua Omais, 2025-07-16 This book presents a theoretical model to

understand happiness and well being in Islam combining a positive psychology approach and the teachings of the Quran and the Sunnah With the evolution of positive psychology the study of well being gained broader and deeper dimensions that today encompass different peoples cultures and worldviews The fact that most of the knowledge disseminated around the world has been built from a Western perspective has created gaps in science about non Western people s cultures and worldviews This reality has given rise to new epistemological trends such as the revival of Islamic psychology which seeks to recover classic knowledge and include new theoretical perspectives on the human psyche in line with Islamic beliefs and values The topic of well being in Islam has aroused interest among Western researchers in recent years both in positive psychology due to its third wave and in the field of the psychology of religion While Western science fragments knowledge into different areas of psychology focusing on behaviors and actions that generate positive emotional states and relationships the conception of well being in Isl mic psychology seems to coordinate all these behaviors with values meanings and spiritual connections integrating content from various approaches holistically It is a system that connects beliefs religious teachings spiritual practices and prosocial behaviors based on a logic in which God the individual and society are closely related to each other Happiness and Well Being in Islam will be of interest to both researchers and practitioners in fields such as clinical psychology psychological assessment positive psychology psychology of religion and Isl mic psychology by providing theoretical insights to research as well as valuable information that can contribute to the construction of measurement instruments interventions and therapeutic practices in the clinical field and also in areas such as education health social and organizational environments
