Everyday Divine Mary DeTurris Poust, 2014-05-14 Many people today are looking for opportunities to bring the spiritual into their everyday lives in non traditional ways Their days are so busy they can't imagine how they can fit in time to kneel or sit in prayer on a regular basis As a result they fly from one activity to the next at breakneck speed always looking forward to some nonexistent time in the future when things will slow down long enough to allow them to breathe center themselves and pray Everyday Divine A Catholic Guide to Active Spirituality helps busy readers explore different ways to achieve a place of stillness and peace while

remaining very much in the world In fact the day to day activities of life become the pathway to prayer even the prayer itself Drawing on Catholic tradition from the Desert Fathers and Mothers to ancient monastics to modern day saints and sages Everyday Divine looks at how we can adapt these ancient practices for modern times quoting holy men and women on various methods and offering practical instructions and suggestions to help people put them into practice Readers learn how to find spiritual peace while immersed in everyday activities such as Housework and chores Workouts and exercise Cooking eating and fasting Listening to music Traveling and making pilgrimages Living among the noise of daily life The book also includes personal stories from the author and others and will weave in practices from specific spiritualities such as Franciscan Benedictine and Trappist to show how these practices fit into the bigger Catholic picture

The Kingdom of God in Working Clothes R. Paul Stevens, 2022-08-05 Work occupies most of our waking time whether it is in a factory office school or at home But unfortunately most people of faith separate their working life from their worshipping life Dualism is a pernicious heresy that has infected believers worldwide namely that church work and missionary service are holy and our everyday work is secular In this timely volume Stevens explores the connection of the kingdom of God the master thought of Jesus with the marketplace Traditionally people have either related the kingdom of God God's new world coming either exclusively for the present or only for the distant future But it is both now and coming This gives meaning hope and endurance to our work in the world So daily labor in the marketplace gets reoriented through salty values and ingrained virtues We become double agent spies exploring the new world coming in everyday life We can also grapple helpfully with the resistance we face daily in the workplace There are many books on the kingdom of God and many on work Few have brought these two vital arenas of everyday service together It is indeed part of the good news

Bread for the Soul Clarke, Jim, Jim Clarke draws on his forty two years of experience in pastoral ministry to explore common questions and struggles faced by most of us in daily life relationships meaning work

faith issues prayer money aging understanding God's ways bringing faith to life and life to faith etc Each chapter begins with a question culled from his studies and professional training as well as from parishioners and students As always Fr Jim brings the abstract down to earth as he writes in a conversational easily readable format using stories analogies and jokes to help the reader to engage with the topics

You Can't Put God in a Box Kelly Besecke, 2014 Kelly Besecke offers an examination of reflexive spirituality a spirituality that draws equally on religions traditions and traditions of reason in the pursuit of transcendent meaning People who practice reflexive spirituality prefer metaphor to literalism spiritual experience to doctrinal belief religious pluralism to religious exclusivism or inclusivism and ongoing inquiry to final answers Reflexive spirituality is aligned with liberal theologies in a variety of religious traditions and among the spiritual but not religious You Can't Put God in a Box draws on original qualitative data to describe how people practiced reflexive spirituality in an urban United Methodist church an interfaith adult education center and a variety of secular settings The theoretical argument focuses on two kinds of rationality that are both part of the Enlightenment legacy Technological rationality focuses our attention on finding the most efficient means to a particular end Reflexive spiritualists reject forms of religiosity and secularity that rely on the biases of technological rationality they see these as just so many versions of fundamentalism that are standing in the way of compelling spiritual meaning Intellectual rationality on the other hand offers tools for analysis interpretation and synthesis of religious ideas Reflexive spiritualists embrace intellectual rationality as a way of making religious traditions more meaningful for modern ears Besecke provides a window into the progressive theological thinking of educated spiritual seekers and religious liberals Grounded in participant observation her book uses concrete examples of reflexive spirituality in practice to speak to the classical sociological problem of modern meaninglessness
