Spirituality Today Trends And Perspectives:

Understanding New Perspectives of Spirituality Edie Lanphar, Agata Wilczek, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2015 This book deals with the rapidly developing field of spirituality Although having a singularity of focus the chapters have been written by a cross cultural and international set of researchers who discuss critical issues from an interdisciplinary perspective Thus while a broad range of critical aspects emerge the chapters are threaded together by the concept of spirituality as a lone walk While alone the spiritual journey is also deeply connected to others As a deeply human experience the chapters in this book therefore reflect the prismatic viewpoints that form the understandings and experiences of the spiritual walk This book challenges the reader to start to understand the apparent ambiguity this appears to bring to researchers and practitioners Rather than a roadblock to understanding the multiple frames and facets this brings it is instead a rich field for the exploration of the human condition Exploring and Engaging

Re-Christianization Albert Fernandes,2018-01-05 Research Paper undergraduate from the year 2011 in the subject Communications Mass Media grade 95 language English abstract The paradox of our times is that we have taller buildings but shorter tempers wider freeways but narrower viewpoints we spend more but have less we buy more but enjoy it less We read too seldom watch TV too much and pray too seldom We have multiplied our possessions but reduced our values We build more computers to hold more information These are days of throwaway morality overweight bodies and pills that do everything from cheer to quiet and to kill It is a time when there is much in the show window and nothing in the stockroom Indeed it s all true Today what is the role of religion in the lives of the people We are more attuned to secularism than religion One would advise the other not to mix up religion with the secularism Religion is considered to be altogether a different entity and whereby secularism is left to be by itself Values promoted by secularism are widely spread and dominant Today ecclesiastical documents are hardly of use for any government proves Some people do not give importance to Church documents since they are of very less value in the secular world The broken marriages are settled or separated lawfully in the civil court than in the church Corruption is the trend of profit making Relationships are mostly getting better for business purpose We are trained to be polite and gentle for business relationships This is exactly what is called de Christianization in the world of today We need to work ardently towards re Christianization today by using the effective means of social digital communication This paper attempts to show Media as a means for re Christianization *Methods in Religion, Spirituality & Aging* James W.
