heroic manner if it wasn't for these brave heroes we might not have won the war UK Historian **Spitfire Ace of Aces** Dilip Sarkar, 2011-07-15 The biography of the RAF's top fighter pilot Johnnie Johnson who shot down more enemy aircraft than any other pilot during the Second World War *Boys' Life*, 1953-01 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting Arise to Conquer I.R. *of HMS Royal Oak* Dilip Sarkar,2023-12-30 On 14 October each year a White Ensign is placed on the stern of an upturned warship by Royal Navy divers This act commemorates the 835 men of HMS Royal Oak who died in 1939 when the battleship was sunk at anchor in Scapa Flow by the German U boat U 47 The sinking of the veteran First World War Revenge class Royal Oak shocked not only the Admiralty but the whole nation Though Scapa Flow was far from being impregnable as a base for the Royal Navy s Home Fleet it was surrounded by a ring of islands separated by shallow channels subject to fast racing tides While it was recognized that it was not impervious to enemy submarines measures had been put in place to minimize any such threat Blockships had been sunk at potentially vulnerable points and anti submarine booms deployed across the wider channels The outbreak of war in September 1939 saw additional anti submarine measures put in hand Despite these increased precautions German aerial reconnaissance had spotted weaknesses which were exploited on the night of 13 14 October 1939 by Kapit nleutnant G nther Prien in U 47 The German submarine was able to slip into Scapa Flow undetected and fire three torpedoes towards Royal Oak Only one torpedo found its mark A second salvo was fired and this time all three hit the battleship igniting a magazine causing massive damage Within thirteen minutes HMS Royal Oak had turned over and sank In *Faces of HMS Royal Oak* Dilip Sarkar not only reveals the tragic and moving stories of many of those who died but also some of the 399 who survived the sinking of the first Royal Navy battleship lost in the Second World War Through their photographs and in some cases words the horrors of those fateful few minutes as Royal Oak rolled and slid into the cold dark waters of Scapa Flow are relived in startling clarity *Spitfire Aces of Northwest Europe 1944-45* Andrew

big story of the Battle of Britain renowned historian Dilip Sarkar investigates the wider context and intimate details of the epic aerial conflict in the summer of 1940 from all sides In so doing he gives due acknowledgement to the roles of Bomber and Coastal Commands in addition to the fabled Few of Fighter Command This unique narrative draws upon a lifetime of research the author having enjoyed a long relationship with survivors and the relatives of casualties his innumerable interviews and first hand accounts collated in addition to privileged access to personal papers providing essential human interest to this inspirational story In this the fourth volume *Battle of Britain Airfields Under Attack* Dilip continues to examine

the fighting on a day by day combat by combat basis from 19 August until 6 September 1940 It is a period in which we saw the Luftwaffe's bombing of the all important 11 Group airfields intensify culminating in The Hardest Day of 18 August 1940 which saw both sides lose more aircraft than any other day throughout the whole Battle of Britain The tensions and problems between Fighter Command's 11 and 12 Groups also intensified It was a situation that eventually led to Squadron Leader Douglas Bader criticising Fighter Command tactics proposing the use of Big Wings contrary to the System of Air defense and strategy involved gaining the support of his 12 Group commander Air Vice Marshal Leigh Mallory Given its later significance this is investigated in depth Through diligent research combined with crucial official primary sources and personal papers Dilip unravels many myths often challenging the accepted narrative This is not simply another dull record of combat losses and claims far from it Drawing upon unique first hand accounts from a wide range of combatants and eyewitnesses along with Daily Home Intelligence Reports and numerous other primary sources this book forms part of what is likely to be the first and last such comprehensively woven account of this epic air battle      Bader's Big Wing Controversy Dilip Sarkar, 2022-01-12

Group Captain Sir Douglas Bader remains one of the most famous RAF fighter pilots to date perhaps even the most famous of all thanks to Paul Brickhill's best selling 1950s yarn *Reach for the Sky* and Dany Angel's box office hit of the same name starring Kenneth Moore Bader a graduate of the RAF College Cranwell and a professional career officer was a gifted sportsman and aerobatic pilot but headstrong After a crash that led to the amputation of both of his legs the Second World War was this man of action's salvation passing a flying test he returned to the RAF first flying Spitfires with 19 Squadron at Duxford In due course he was posted to 222 Squadron as a flight commander seeing action over Dunkirk Already newsworthy the swashbuckling legless fighter pilot was also a favorite of his Station Commander Wing Commander A B Woody Woodhall and more importantly his 12 Group Air Officer Commanding Air Vice Marshal Leigh Mallory In short order therefore Bader was soon elevated to Acting Squadron Leader and given command of 242 Squadron a Canadian Hurricane squadron which he led throughout the Battle of Britain On 30 August 1940 12 Group was requested to reinforce 11 Group and intercept a raid on an aircraft factory at Hatfield This was Bader and 242 Squadron's first experience of a mass German raid and many combat claims were subsequently filed The events that day led Bader to submit a report arguing that the more fighters he had at his disposal the greater would be the execution of the enemy that could be achieved It was a concept that received support from Leigh Mallory who recognised an opportunity for 12 Group to play a greater part in what was clearly an historic battle Leigh Mallory authorised Bader to lead three then five squadrons a controversial formation that came to be known as the Duxford Wing or Big Wing In Bader's Big Wing Controversy Dilip Sarkar not only explores the full story of the people and events that led to the creation of the Big Wing at Duxford he also fully investigates the part that its men and machines played in the Battle of Britain story Whilst Bader was not personally intending disloyalty as such to his Air Officer Commander in Chief Air Chief Marshal Sir Hugh Dowding he was as the latter once commented the cause of a lot of

the trouble In his burning desire to propel 242 Squadron and himself its leader into the forefront of the action the newsworthy acting squadron leader found himself used by darker forces men with axes to grind and personal ambitions to further

*Buck McNair* Norman L. R. Franks, 2001 Robert Buck McNair came from Nova Scotia the second of three sons born of a mix of Scottish and German parents As a young man he became interested in flight and was lucky enough to be able to fly floatplanes off the Canadian lakes When war came he went through flight training in Canada sailed to England and in the summer of 1941 found himself with the newly formed 411 Squadron RCAF Eventually this unit began flying sweeps over Northern France and he saw his first combat actions during that autumn An aggressive fighter pilot he was chosen by his Canadian CO to accompany him to the besieged island of Malta in the spring of 1942 to coincide with the arrival on that island of the first Spitfires Almost before he found his feet he was nearly killed in a bombing raid In wartime Malta there was no chance to recuperate and he had to continue flying which he did with distinction gaining a number of victories and winning his first DFC Returning to England later in 1942 he saw action over Dieppe in August and became a flight commander After a break in Canada he took command of 421 Squadron RCAF in the summer of 1943 leading his pilots in many sorties over France and gaining more victories and two more DFCs Finally as a wing leader in early 1944 his leadership brought him the DSO However he had been injured on one sortie which forced him to bale out of a burning Spitfire and he was taken off operations shortly before D Day His score of victories however had reached 16 with others probably destroyed and damaged After the war he continued in the RCAF at home and abroad In 1953 he was a passenger in a North Star aeroplane which crashed at Vancouver airport and his bravery in helping extricate those on board resulted in the Queen s Commendation for Brave Conduct Later he commanded No 4 Canadian Wing in Germany and continued to fly fast jets In the last years of his life it was discovered that he had contracted leukaemia through treatment to help with an injured back the result of two war time bale outs However he continued in the service his final posting being to the Canadian Embassy in London until his untimely death in early 1971 This is a remarkable story of courage and heroism by one of the Second World War s top scoring fighter pilots who inspired his men and fellow pilots in actions above the skies of France and Malta and who despite being almost blind in one eye continued to lead and spur his men onto greater actions

*The Battle of Britain on the Big Screen* Dilip Sarkar, 2023-03-23 During the Second World War the British movie industry produced a number of films concerning the war all of which were by necessity heavily myth laden and propagandised Foremost among these productions was *The First of the Few* which was the biggest grossing film of 1942 In the immediate post war period to start with there were no British aviation war films The first to be released was *Angels One Five* in 1952 It was well received confirming that the Battle of Britain was a commercial commodity Over the next few years many famous war heroes published their memoirs or had books written about them including the legless Group Captain Douglas Bader whose story *Reach for the Sky* told by Paul Brickhill became a best seller in 1956 It was followed a year later by the film of the same name

which starring Kenneth More dominated that year's box office The early Battle of Britain films had tended to focus upon the story of individuals not the bigger picture That changed with the release of the star studded epic Battle of Britain in 1969 Using real aircraft the film produced in color and on a far larger scale than had been seen on film before was notable for its spectacular flying sequences Between the release of Reach for the Sky and Battle of Britain however much had changed for modern Britain For a variety of reasons many felt that the story of the nation's pivotal moment in the Second World War was something best buried and forgotten Indeed the overall box office reaction to Battle of Britain reinforced this view all of which might explain why it was the last big screen treatment of this topic for many years It was during the Battle of Britain's seventieth anniversary year that the subject returned to the nation's screens when Matthew Wightman's docudrama First Light was first broadcast Essentially a serialisation of Spitfire pilot Geoffrey Wellum's best selling memoir of the same title Wightman cleverly combined clips of Wellum as an old man talking about the past with his new drama footage The series is in the opinion of the author the best portrayal of an individual's Battle of Britain experience to have been made In this fascinating exploration of the Battle of Britain on the big screen renowned historian and author Dilip Sarkar examines the popular memory and myths of each of these productions and delves into the arguments between historians and the filmmakers Just how true to the events of the summer of 1940 are they and how much have they added to the historical record of The Finest Hour

*Faces of the Few* Dilip Sarkar, 2025-08-05 There remains an enduring fascination with the Battle of Britain and the RAF aircrew who fought and won this unprecedented aerial conflict immortalized by Churchill in August 1940 as The Few Unlike today when photography is a huge part of people's daily lives not least because of mobile phone cameras and the sharing of images via social media back then photography involved comparatively primitive and expensive items of equipment and was not therefore as accessible as it is today Furthermore unofficial photography on service installations in Britain was strictly prohibited for security reasons and consequently such photographs often taken surreptitiously are comparatively rare although interestingly amateur photography was much more popular in Germany and German servicemen took countless

photographs especially during the Blitzkrieg years The author's personal relationships and friendships with many of The Few however enabled him to unlock their personal archives photograph albums and personal snapshots The result of this research represents a substantial and unique archive These photographs are not in the main posed official pictures but those snapped by air and groundcrews who were keen amateur photographers their images often shared around their squadron mates The photographs presented here some for the first time provide the reader with a fascinating window on the past through which we get an authentic glimpse of the summer of 1940 and The Few themselves Indeed in some cases these are the only known images of certain individuals while the likeness of others has been lost to history That fact therefore emphasizes the importance of this photographic record      **Spitfires & Yellow Tail Mustangs** Tom Ivie, Paul

Ludwig, 2013-09 Story of one of the best fighter units in the Mediterranean theater which earned two Distinguished Unit Citations and produced 21 aces Vivid episodes of aerial combat during the key campaigns for Tunisia Sicily Italy and more Nicknamed Yellow Tails for the color markings on their aircraft The unit flew British Spitfires before switching to P 51 Mustangs Includes rare photos and color artwork      *Battle of Britain Target London* Dilip Sarkar MBE, 2025-02-13 Dilip Sarkar's fifth volume examines September 1940 in the Battle of Britain challenging myths with detailed research and firsthand accounts In this unprecedented series exploring the big story of the Battle of Britain renowned historian Dilip Sarkar investigates the wider context and intimate details of the epic aerial conflict in the summer of 1940 from all sides In so doing he gives due acknowledgement to the roles of Bomber and Coastal Commands in addition to the fabled Few of Fighter Command This unique narrative draws upon a lifetime of research the author having enjoyed a long relationship with survivors and the relatives of casualties his innumerable interviews and first hand accounts collated in addition to privileged access to personal papers providing essential human interest to this inspirational story In this the fifth volume *Battle of Britain Target London* Dilip continues to examine the fighting on a day by day combat by combat basis from 7 September to 17 September 1940 It was on 7 September that the Luftwaffe changed tack and instead of continuing its successful strikes on 11 Group and its airfields switched its focus to the round the clock bombing of London According to popular narrative this move lost the Germans the Battle of Britain providing Fighter Command an opportunity to recover This however is not necessarily the opinion of certain German scholars all of which is explored by the author The events of 7 September also saw the 12 Group Duxford Wing go into action for the first time the effects of which are analysed This review confirms that the formation massively over claimed and was not therefore as successful as believed at the time by certain senior commanders and politicians Likewise the events of 15 September 1940 long accepted as Battle of Britain Day are often stated to represent a great turning point in the aerial fighting of the summer of 1940 but is this correct Two days later Hitler postponed Operation Sealion the invasion of the United Kingdom indefinitely Could therefore this day be considered the date the Battle of Britain really ended Through diligent research combined with crucial official primary sources and personal papers Dilip

unravels many myths often challenging the accepted narrative This is not simply another dull record of combat losses and claims far from it Drawing upon unique first hand accounts from a wide range of combatants and eyewitnesses along with Daily Home Intelligence Reports and numerous other primary sources this book forms part of what is likely to be the first and last such comprehensively woven account of this epic air battle
