Spitfire A Test Pilots Story:

Spitfire Jeffrey Quill,2022-01-04 This is the personal account of an exceptional Spitfire test pilot and RAF and Fleet Air Arm fighter pilot Starting with lively descriptions of the pre war Airforce in the mid 1930s Jeffrey Quill moves on to cover his fascination test flying experiences He took charge of some of the most important military aircraft of the time and in particular the immortal Spitfire from its experimental prototype stage in 1936 when he worked with its chief designer R J Mitchell to the end of its production in 1948

Spitfire Jeffrey Quill,1986-01-15 Starting with the Royal Air Force in the 1930s as the prospect of a war became more likely Jeffrey Quill became a test pilot at Vickers and Supermarine and was in charge of the Spitfire in its experimental stage This book describes the aircraft s history and the author s combat experiences

A Spitfire's Story Dilip Sarkar MBE FRHistS FRAeS,2025-12-31 Public affection for the iconic Spitfire endures indeed if anything it increases as more of these incredible aircraft are restored to airworthy condition The Spitfire story however is one of people designers engineers pilots groundcrew and more whose lives were touched in some way by this extraordinary machine and such stories are the inspiration for this book Spitfire Mk IA R6644 was built by Supermarine at Woolston and test flown by the famous test pilot Jeffrey Quill on 30 May 1940 Thereafter the aircraft was taken on charge by 5 Operational Training Unit at Aston Down While there it was flown by a number of The Few new replacement pilots converting to type It is likely for example that R6644 was flown by Pilot Officer Richard Hillary who shot down and badly burned became a member of the Guinea Pig Club In his classic memoir The Last Enemy Hillary described how 5 OTU s young pilots would fly beneath the arches of the great railway bridge spanning the Severn estuary This inspired the famous scene in the 1980s TV series Piece of Cake when Ray Hanna flew Spitfire MH434 beneath a bridge for the cameras Amongst the other pilots known to have flown R6644 at Aston Down are at least two aces On 26 February 1941 R6644 was handed on to 65 Squadron One of the latter s pilots who flew in R6644 was the great ace Flying Officer Brendan Paddy Finucane DFC In April R6644 was taken on charge by the recently formed 308 Polish Squadron On 11 May 1941 Pilot Officer Franciszek Surma was flying R6644 to investigate an unidentified radar plot which transpired to be a friendly Blenheim but was forced to abandon the Spitfire near Malvern Worcestershire owing to an engine fire Surma again one of The Few descended safely by parachute he was reported missing off Dunkirk during Circus 110 on 8 November 1941 This book not only explores the men who flew R6674 throughout its wartime service but also brings the story up to date by detailing the excavation of the Spitfire s crash site in 1987

George Errington: A Test Pilot's Story Mike Phipp,2020-03-15 The riveting story behind an exceptional test pilot George Errington whose career spanned three decades

Story of the Spitfire Ken Delve,2025-01-30 An in depth exploration of the Spitfire s combat legacy pilot tactics and its enduring iconic status To many people the Supermarine Spitfire was Britain s saviour during the Battle of Britain and the embodiment of air combat during the Second World War The Story of the Spitfire presents a thrilling appraisal of this unique aircraft focusing on its fighting capability and the tactics of the pilots who

flew it Using official evaluations and reports alongside technical and tactical developments plus the recollections of Spitfire pilots Ken Delve provides a fascinating insight into the combat career of this legendary aircraft Despite some problems with their new aircraft the Fighter Command pilots of 1938 were generally delighted with the Spitfire speed manoeuvrability and firepower were all far greater than they had been with the earlier biplanes In tactics and training the RAF was outdated but it adapted quickly and the air battles over Britain in late 1940 forged the Spitfire legend How justified was the legend There were only nineteen Spitfire squadrons in Fighter Command during the Battle of Britain it was only later as the RAF turned to the offensive that the number of Spitfire units increased dramatically At certain times the combat initiative was lost to improved Messerschmitt Bf 109s and Focke Wulf Fw 190s but with increased performance and better training the Spitfire clawed back the advantage By 1944 the Spitfire was operating as a fighter bomber in various theatres of war with new tactics and new problems Many fighter pilots thought that having bombs strapped under the aircraft verged on an insult but with aerial targets in short supply this was the most effective if risky way of taking the war to the enemy After the war the Spitfire saw action right up to 1948 in the Arab Israeli War Today there are approximately seventy airworthy Spitfires in existence and R J Mitchell s remarkable aircraft is still the highlight of flying displays around the world *The Magic of a Name: The Rolls-Royce Story, Part 1* Peter Pugh,2015-04-02 The Magic of a Name tells the story of the first 40 years of Britain s most prestigious manufacturer Rolls Royce Beginning with the historic meeting in 1904 of Henry Royce and the Honourable C S Rolls and the birth in 1906 of the legendary Silver Ghost Peter Pugh tells a story of genius skill hard work and dedication which gave the world cars and aero engines unrivalled in their excellence In 1915 100 years ago the pair produced their first aero engine the Eagle which along with the Hawk Falcon and Condor proved themselves in battle in the First World War In the Second the totemic Merlin was installed in the Spitfire and built in a race against time in 1940 to help win the Battle of Britain With unrivalled access to the company s archives Peter Pugh s history is a unique portrait of both an iconic name and of British industry at its best **Spitfire's Forgotten Designer** Mike Roussel,2013-03-01 The Supermarine Spitfire was a classic design well known for its efforts in defending British shores during the Second World War However while Reginald Mitchell is rightly celebrated for his original design of the Spitfire the role of Joe Smith in the development of the Spitfire is often overlooked Smith was an integral member of the design team from the earliest days and on Mitchell s death in 1937 he was appointed design office manager before becoming chief designer Smith s dedicated leadership in the development of the Spitfire during the war as well as his efforts on post war jet aircraft deserve their place in history Charting the fascinating history of Supermarine from 1913 to 1958 when the company ceased its operations in Southampton shortly after Joe Smith s death in 1956 this book tells its story through the eyes of apprentices and many other members of Smith s team Marvellous photographs add to the sense of what it was like to work under Joe Smith at the drawing boards of one of Britain s most famous wartime aviation manufacturers **Secret Spitfires** Karl Howman,Ethem

Cetintas,Gavin Clarke,2020-06-15 September 1940 In the midst of the Second World War The Luftwaffe unleashed a series of devastating raids on Southampton all but destroying its Spitfire factories But production didn't stop Instead manufacturing of this iconic fighter moved underground to secret locations staffed by women children and non combatant men With little engineering experience between them they built a fleet of one of the greatest war planes that has ever existed This is their story **Air Force Magazine** ,1984 Spitfire - A Test Pilots Story Jeffery Quill,2019-02 This is the story of an exceptional test pilot and RAF and Fleet Air Arm pilot Jeffrey Quill who took charge of some of the most important military aircraft of his time Jeffrey Quill was commissioned in the RAF in 1931 He joined Vickers Aviation in 1936 and rose to become Chief Test Pilot at Supermarine Best remembered for his work on the Spitfire with which his name is inextricably linked he played a major part in the testing of the prototype and the entire development of the aircraft Starting with lively descriptions of the Royal Air Force in the mid 1930s Jeffrey Quill moves on to cover his fascinating test flying experiences where he took charge of some of the most important military aircraft of that time He flight tested every variant of the immortal Spitfire from its experimental prototype stage in 1936 when he worked with its chief designer RJ Mitchell to the end of its production in 1948 Using his first hand experience of combat conditions fighting with 65 Squadron at the height of the Battle of Britain Jeffrey Quill helped to turn this elegant flying machine into a deadly fighter aircraft
