Proof! Amir Alexander, 2019-09-10 A lucid and convincingly argued narrative of how ancient geometric principles continue to shape the contemporary world Publishers Weekly On a cloudy day in 1413 a balding young man stood at the entrance to the Cathedral of Florence facing the ancient Baptistry across the piazza As puzzled passers by looked on he raised a small painting to his face then held a mirror in front of the painting Few at the time understood what he was up to even he barely had an inkling of what was at stake But on that day the master craftsman and engineer Filippo Brunelleschi would prove that the world and everything within it was governed by the ancient science of geometry In Proof the award winning historian Amir Alexander traces the path of the geometrical vision of the world as it coursed its way from the Renaissance to the present shaping our societies our politics and our ideals Geometry came to stand for a fixed and

unchallengeable universal order and kings empire builders and even republican revolutionaries would rush to cast their rule as the apex of the geometrical universe For who could doubt the right of a ruler or the legitimacy of a government that drew its power from the immutable principles of Euclidean geometry From the elegant terraces of Versailles to the broad avenues of Washington DC and on to the boulevards of New Delhi and Manila the geometrical vision was carved into the landscape of modernity Euclid Alexander shows made the world as we know it possible

Land of War William Nester, 2023-05-01 War in Europe began with the first human migrants Rival bands fought for thousands of years before the Greeks and Romans began writing about their military history first as legend for instance the hero Achilles battling the Trojans and then as fact War developed from sticks and stones to bronze iron and steel including armor and edged weapons Then came gunpowder guns and cannons which eventually replaced edged weapons Finally in the nineteenth and twentieth centuries technology exploded railroads steamships telegraphs machine guns automobiles airplanes and tanks enabled European states to muster equip arm transport and command more men than ever before with more firepower than ever before In the past seventy five years atomic weapons changed the military landscape of Europe as have the internet and cyber warfare In this colorful new telling of European warfare and indeed European history through the continent's all too numerous wars and conflicts William Nester describes millennia of armed conflict He covers the greatest hits of military history both ancient and current Thermopylae the Peloponnesian War the wars of the Roman Empire across the continent the Battle of Hastings the Crusades Agincourt Waterloo Napoleon and Wellington the Somme the Spanish Civil War Stalingrad and Normandy Churchill Hitler and Stalin Bosnia and up through Putin's attempts to redraw the map of Europe Nester highlights how warfare has been deeply entwined with European statesmanship and undergirds modern institutions such as NATO and the European Union Europe's sense of itself is bound up in its military history Land of War is an epic odyssey from Europe's mythic origins through its latest violent conflicts

The Fellowship Philip Zaleski, Carol Zaleski, 2015-06-02 C S Lewis is the 20th century's most widely read Christian writer and J R R Tolkien its most beloved mythmaker For three decades they and their closest associates formed a literary club known as the Inklings which met every week in Lewis's Oxford rooms and in nearby pubs They discussed literature religion and ideas read aloud from works in progress took philosophical rambles in woods and fields gave one another companionship and criticism and in the process rewrote the cultural history of modern times In The Fellowship Philip and Carol Zaleski offer the first complete rendering of the Inklings' lives and works The result is an extraordinary account of the ideas affections and vexations that drove the group's most significant members C S Lewis accepts Jesus Christ while riding in the sidecar of his brother's motorcycle maps the medieval and Renaissance mind becomes a world famous evangelist and moral satirist and creates new forms of religiously attuned fiction while wrestling with personal crises J R R Tolkien transmutes an invented mythology into gripping story in The Lord of the Rings while conducting groundbreaking Old English scholarship and elucidating for family and friends the Catholic teachings at the heart

of his vision Owen Barfield a philosopher for whom language is the key to all mysteries becomes Lewis's favorite sparring partner and for a time Saul Bellow's chosen guru And Charles Williams poet author of supernatural shockers and strange acolyte of romantic love turns his everyday life into a mystical pageant Romantics who scorned rebellion fantasists who prized reality wartime writers who believed in hope Christians with cosmic reach the Inklings sought to revitalize literature and faith in the twentieth century's darkest years and did so in dazzling style *Segmented Worlds and Self* Yi-fu Tuan,

The Secret Wife of Louis XIV Veronica Buckley, 2010-08-31 Françoise d'Aubigné marquise de Maintenon and secret wife of the Sun King Louis XIV was born in a bleak French prison in 1635 her father a condemned traitor and murderer her mother the warden's seduced daughter A timely pardon and a hopeful Caribbean colonial venture failed to mend the family's fortunes and Françoise was reduced to begging in the streets Yet armed with beauty intellect and shrewd judgment she was to make her way to the center of power at Versailles the most opulent and ambitious court in all Europe At fifteen she was married off to the forty-two year old satirical poet Paul Scarron a former rou now grievously deformed by rheumatism a sort of human Z as he described himself Despite his ailments Scarron presided over the liveliest and most scandalous literary salon in Paris and Françoise quickly became its most prized ornament After Scarron's death she enjoyed a merry widowhood in the fashionable Marais district in the company of the courtesan Ninon de Lenclos and the King's splendid mistress Athanasia de Montespan who made the young widow governess to her brood of illegitimate children The appointment transformed Françoise's life but was fatal to the temperamental Athanasia herself with the King soon turning his attentions to the graceful governess Françoise was raised to the nobility as Madame de Maintenon and unofficially Madame de Maintenant the lady of the moment The acclaimed biographer Veronica Buckley traces the extraordinary story of Françoise's progress from pauper child to salonnière to the compromised position of Louis's secret wife and uncrowned Queen An absolute ruler Louis turned away his many other mistresses to live with Françoise only trusting her as his closest confidante and remaining in love with her for forty years Sparkling with the irresistible wit of contemporary chroniclers such as Madame de Sévigné this exactly researched biography is a pinnacle of the form In vibrant colors *The Secret Wife of Louis XIV* paints a portrait of Europe in an age of violent change and the Sun King's France in the process of becoming its modern self *A Revolution in Taste* Susan Pinkard, 2009 This book traces the development of modern French habits of cooking eating and drinking from their roots in the Ancien Régime Pinkard examines the interplay of material culture social developments medical theory and Enlightenment thought in the development of French cooking which culminated in the creation of a distinct culture of food and drink *Language, Culture, and Hegemony in Modern France* Freeman G. Henry, 2008 In this panoramic study Freeman Henry chronicles the rise to prominence of French language and culture He meticulously analyzes the protracted government sponsored efforts to foster and maintain that status and ultimately the latter day challenges to France's national linguistic identity posed by Anglocentric globalization and a multicentric European Union The internal history of the

Allison, Craig T. Kocher, George R. Goethals, 2017-03-03 Abraham Lincoln's iconic phrase the better angels of our nature revealed his belief that the noblest qualities of humanity would heal a divided nation In *Frontiers in Spiritual Leadership* an interdisciplinary group of leading scholars from the University of Richmond explore these noble qualities and how leaders such as Lincoln make that expression possible They review the landscape of spiritual leadership and the spiritual principles that are fundamental to effective and inspired leadership emphasizing the values of love forgiveness purpose trust sacrifice equality and liberty among others Through an analysis of historical examples and contemporary issues this book celebrates the many gifted and enlightened individuals whose leadership embodies the most exquisite qualities of humanity It outlines the conceptual linkage between leadership and spirituality within groups and organizations and will appeal to students and scholars of leadership ethics religion philosophy psychology and human growth potential Apples of Gold in Settings of Silver Carolin C. Young, 2002 An invitation to 12 historic dinner parties is offered by a dining historian who gracefully transverses ten centuries in Western history to answer the question What does it mean to dine of full color photos b w illustrations throughout **La Salle and His Legacy** Patricia K. Galloway, 2011-03-07 To most people it probably seems that La Salle and his men permanently fixed in the pantheon of explorers of the North American continent need little further introduction The fact is that this whole early period of exploration and colonization by the French in the southeastern United States has received far less scholarly attention than the corresponding English and Spanish activities in the same area and even the existing scholarship has failed to focus clearly upon the Indian tribes whose attitudes toward the European newcomers were crucial to their very survival In this collection of essays marking the tricentennial of Ren Robert Cavelier de La Salle's 1682 expedition into the Lower Mississippi Valley thirteen scholars from a variety of disciplines assess his legacy and the significance of French colonialism in the Southeast These scholars in the fields of French colonial history and the ethnohistory of the Indians of the Louisiana Colony deal with a diversity of topics ranging from La Salle's expedition itself and its place in the context of New World colonialism in general to the interaction of French settlers with native Indian tribes *Persecution and Pluralism* Richard Bonney, David J. B. Trim, 2006 With one exception the papers collected here were first presented at a conference sponsored by the British Academy held at Newbold College

Berkshire in 1999 This volume provides a historical perspective to the emerging literature on pluralism A range of experts examine how Calvinists in early modern France England Hungary and the Netherlands related to members of other faith communities and to society in general The essays explore the importance of Calvinists separateness and potent sense of identity To what extent did this enable them to survive persecution Did it at times actually induce repression Where Calvinists held political power why did they often turn from persecuted into persecutors How did they relate to Ana Baptists Quakers and Catholics for example The conventional wisdom that toleration and in consequence pluralism resulted from a waning in religious zeal is queried and alternative explanations considered Finally the concept of pluralism itself is investigated
