Young, Robert B. Riley, 2002 The prevalence and influence of theming increased so dramatically during the 1990s that theme parks have become a metaphor for postmodern urban life But few scholarly studies focus on the landscapes in theme parks This volume's authors examine themed landscapes in Asia Europe and North America in response to this worldwide development *Seductions of Place* Carolyn Cartier, Alan A Lew, 2004-08-02 The seductiveness of touristed landscapes is simultaneously local and global as travelled places are formed and reworked by the activities of diverse mobile people in their desires to experience situated sensuous qualities of difference Cartier and Lew's interesting and informative

Scenic Spots Pál Nyíri, 2011-04-01 Twenty years ago commercial tourism in the People's Republic of China hardly existed Today China has a burgeoning tourist industry characterized by a unique style with deep roots in traditional Chinese culture *Scenic Spots* is an engaging exploration of why Chinese tourists pursue certain kinds of experiences what they make of them and how their experiences and interpretations are shaped by the state Working from within a Chinese cultural framework Pál Nyíri argues that China's brand of tourism is distinct from the traditions of both Western bourgeois tourism which values authenticity and Soviet tourism with its emphasis on rugged and selfless experience In China tourism development is guided by the state and scenic spots jingdian and theme parks are used to demonstrate China's heroic past and as tools of patriotic education and modernization or as forms of indoctrination The tourist site is perceived as a product and as such it is bounded approved rated and consumed In a style both straightforward and provocative Nyíri argues that the uniformity and undisguised commercialism of Chinese tourist sites are a direct result of the state's ultimate authority to determine the meaning of landscape and to control culture *Scenic Spots* serves as a lens through which to explore mechanisms of cultural control and resistance in a highly commercialized sphere of everyday life in contemporary China

Waldren, 2021-04-26 The fact that tourism is a major global industry forecast to continue its dramatic growth well into the twenty first century is often cited as a rationale for its analysis However while the connection between individual locations and the world's global markets is an obvious product of tourism the heart of the tourist experience is the construction of identity the relation of the traveller to resident populations the participants views of themselves and others tourists search for authenticity and their testing of boundaries This book significantly furthers current debates on tourism by asking important and vexing questions about the nature of the tourist experience folk museums that forget many of the folk who live in the areas represented the environments and events that are shaped to meet the imagined dreams of tourist spectators the categorization of visitors and returnees who take up residence and participate in the construction of local identities the evolving meanings associated with indigenous culture tradition heritage representation reality and authenticity In renegotiating the definitions of tourism for the new millennium this book represents a major contribution to an emerging and highly topical area of study

The Sustainable Urban Development Reader

Stephen M. Wheeler, 2022-12-30 This thoroughly revised and updated fourth edition of *The Sustainable Urban Development Reader* combines classic and contemporary readings to provide a broad introduction to the topic that is accessible to general and undergraduate audiences. The Reader begins by tracing the roots of the sustainable development concept in the nineteenth and twentieth centuries through classic readings. It then explores dimensions of urban sustainability including land use and urban design, transportation, ecological planning and restoration, energy and materials use, economic development, social and environmental justice, and green architecture and building. Additional sections cover tools for sustainable development, sustainable development internationally, visions of sustainable community, and case studies from around the world. *The Sustainable Urban Development Reader* remains unique in presenting a broad array of sustainable city readings, each with a concise introduction placing it within the context of this evolving discourse. Presenting an authoritative overview of the field using original sources in a highly readable format, this book is a valuable resource for general readers as well as students and researchers in urban studies, environmental studies, the social sciences, and related fields.

Pseudo-Authenticity and Tourism Jesse Owen Hearn, Andy Lihua Chen, 2023-08-31 This book explores the concept of authenticity in tourism through the analysis of six tourist sites in Guangdong Province and Macau, China. Through a review of tourism literature, it develops the concept of pseudo authenticity, in which tourist sites and cultural products function to give signs of authenticity for tourists. This is achieved through the influence of media, authentic fakery, and fascism. Readers will gain greater insight into tourist sites in China that operate through cultural preservation, the miniaturization of cultural assets, and the replication of foreign signs through reproductions of foreign cities. The authors outline the tourist sites, an aesthetic analysis, on-site interviews with tourists, and an examination of online reviews of the sites. This is a useful work for scholars and students of tourism studies in China and around the world, especially those concerned with issues of authenticity and the effects of commodification on cultural assets. **Orienting Istanbul** Deniz

Göktürk, Levent Soysal, Ipek Tureli, 2010-07-02 Looking at the globalization, urban regeneration, arts events, and cultural spectacles, this book considers a city not until now included in the global city debate. Divided into five parts, each preceded by an editorial introduction, this book is an interdisciplinary study of an iconic city, a city facing conflicting social, political, and cultural pressures in its search for a place in Europe and on the world stage in the twenty-first century. *The Southern Tour* Jonathan Chatwin, 2024-04-18 A History Today Book of the Year 2024 On a freezing January afternoon in 1992, Deng Xiaoping, China's former paramount leader and now a revered elder statesman, set off on a month-long trip around China's south in defence of the reforms he had set in motion to open up China's economy and transform the country into the political and economic powerhouse we know today. In this book, Jonathan Chatwin pursues the story of Deng's legendary Southern Tour and examines its legacies in the country today. Chatwin recounts the crucial debates and disagreements that characterised Chinese politics in the aftermath of the brutal crackdown of the Tiananmen protests of 1989 and the decisive

influence of Deng's journey in establishing an economic blueprint for the 1990s and beyond. He explores a nation which has been transformed by large scale urbanisation exemplified by the mega cities of southern China that Deng visited and endorsed but whose leadership is now conflicted by the pursuit of wealth that Deng legitimized. Drawing on historical and contemporary eyewitness accounts and the author's own 3000 mile journey in Deng's footsteps, *The Southern Tour* brings to life the story of China's transformation into a 21st century superpower. *The city guide for Shenzhen* (深圳) YouGuide Ltd, *Papers of the British Association for Korean Studies*, 1994
