The Splendour of Tiphareth Omraam Mikhaël Aïvanhov, 2012-04-09 When we focus our attention on the sun the centre of our universe we draw closer to our own centre our higher self the sun within we melt into it and begin to resemble it more and more But to focus our attention on the sun also means to learn to mobilize all our thoughts desires and energies and put them to work in the service of the highest ideal He who works to unify the chaotic multitude of inner forces that constantly threaten to tear him apart and launch them in the pursuit of one luminous beneficial goal becomes a powerful focal point capable of radiating in every direction Believe me a human being who masters the tendencies of his lower nature can benefit the whole of mankind He becomes as radiant as the sun His freedom is such that his consciousness embraces the whole human race as he pours out the superabundance of light and love that dwell within him The world needs more and more

human beings capable of dedicating themselves to this work with the sun for only love and light are capable of transforming humanity Omraam Mikhael Aïvanhov **Calmed Earth** Richard Shargel, 2008-06 For millennia man's negative energies like anger have been absorbed by earth therein is the answer 100 s of millions of us beaming loving light to earth REDUCES firestorm earthquake hurricane tsunami And as you know loving world friendship brings peace Here are loving light's way and means for us **Being Your Symphony** Richard Shargel, 2008-08 Beautiful blue angel Bethelda encourages us to beam our feelings above as Symphonies She sings a brilliant lovely poem inspiring poems from Richard A story Avian Verse then shows how angels of air eloquently speak and help us through the flights of birds

awakening that he determined was the cause of his suffering Without any great success with modern western medicine he became an explorer of alternative methods and found himself investigating many ancient methods of healing such as yoga reiki qi gong and meditation which in time sungazing became his primary focus This volume details three experiments taken from Captain Leo s personal and detailed journals about his two sungazing experiments requiring nineteen months and three hundred forty four days totaling an incredible a hundred fifty three hours of staring naked eyed at the sun gaining the superhuman ability to stare at the sun for forty five minutes duration Now convinced his theories were correct as a result of his sungazing experiments and information he learned from a thorough investigation of Nikola Tesla s life and habits this led him to duplicate Tesla s habits and participate once more in an experiment to see how long he could go without eating food and remain alive and healthy This led to a tenacious ninety days living as a breatharian to prove his beliefs Learn why Captain Leo affectionately named this *The Book of Miracles* **The Body, Mind, Spirit Miscellany** Jane Alexander,2009 Spiritual adventurers will savor this book like a fine wine It features a vast assortment of collected wisdom and mystical miscellany from hundreds of varied sources all assembled here into a glorious anthology that will be dipped into and pored over again and again Topics include religion myth and symbolism alternative health the predictive arts the occult yoga and meditation and much more Readers will learn to understand the language of flowers how to live in tune with lunar cycles how to perform an Indian head massage and what the ancient Romans actually did at their Saturnalia You ll even see how to make your own crop circles *The Magical Tarot of the Golden Dawn* Chris Zalewski,Pat Zalewski,2019-01-22 The last word on the tarot of the Golden Dawn this veritable encyclopedia covers every aspect of the cards The authors stress experimentation with the tarot which is a mark of a vibrant magical system The descriptions of each tarot card are very reliable and very complete Of particular interest are the alchemical associations and the authors work on the gematria or numerology of each card For the first time a complete alchemical system is given for the whole deck There is also a good deal of added astrological information and divinatory meanings and interpretations Several excellent suggestions for studying and meditating on the cards are provided by the authors This book is a balanced combination of both historical and new material presented by the Zalewskis that stands firmly rooted in Golden Dawn teachings and ritual practice There are many interesting new innovations in this book Fully illustrated by Golden Dawn member and professional artist Skip Dudchous this new 2019 edition has been completely re edited and re formatted for ease of reading It will be an invaluable resource for those interested in the tarot of the Golden Dawn *Don Juan, Mescalito and Modern Magic* Nevill Drury,2023-07-28 First published in 1978 *Don Juan Mescalito and Modern Magic* begins with an analysis of the Castaneda material from the viewpoint of its inherently magical content The author examines the symbiotic gestures the magical actions and the mind altering techniques employed by the brujo Don Juan and then goes on to draw comparisons with two other schools of thought the psychedelic development of the 1960s and the Western Magical Tradition The essential aim throughout is to show that

there is a basically Western shamanism which uses Western symbols and is easily accessible The shamanistic practices of the Hermetic Order of the Golden Dawn are examined in this context Considerable emphasis is also placed on mythological aspects associated with out of the body experiences and their relevance to both the Don Juan Mescalito imagery and the Qabalistic and Tarot symbols found in Western Magic This book will be of interest to students of religion history and literature

The Fools Journey Alan Jones,2016-11-12 Of all the oracle systems in use today Tarot is arguably one of the better known 78 Cards 22 images which could be said to describe a journey through life and a further 56 which add people and textures to the main chapters of that adventure As someone who has been exploring the Tarot for several decades I can honestly say that it one of the most visually poetic embodiments of esoteric teachings available to the student of the arcane It is frequently misrepresented as simply an oracle and given an esoteric history which is firmly in the realms of the fairy tale but when understood it is a symbolic initiatory system which opens a doorway to spiritual exploration This book represents a way of taking a journey of self discovery and in the process developing intuition and genuine insight
