Nicolay, 2014-01-01 From the 5th to the 7th century AD the southern North Sea area functioned as an important cultural and political bridge linking two power blocks the late Roman Empire and its Frankish successor kingdom to the south and the Scandinavian kingdoms to the north This book examines how the region's intermediary position is reflected in the jewellery and other ornaments of gold and silver found along the southern North Sea coasts and how it relates to the formation of kingdoms and the expression of group identity after the collapse of the West Roman Empire The book first discusses the history of earlier research into kingship around the southern North Sea and this is followed by a description of the individual research regions the northern and western Netherlands northern Germany and southeast England After presenting the valuables of gold and silver from graves hoards and settlement sites with their dating and contextual evidence in an extensive catalogue the author examines how such items circulated between and within early medieval societies were transformed into symbols expressing regional or supraregional identities and eventually ended up in the ground The various research themes come together in the synthesis in which elite

networks around the southern North Sea are reconstructed and the expression of ethnic or other group identities among the members of such networks is considered Finally in an epilogue the finds from the North Sea region are confronted with the nature and composition of the Staffordshire hoard For the first time not only presenting but also interpreting the superb collection of valuables from the southern North Sea area as a whole this book makes compulsive reading for anyone interested in the fascinating world of early medieval Europe

Barbaric Splendour: The Use of Image Before and After Rome Toby F. Martin, Wendy Morrison, 2020-06-11 This book comprises a collection of essays comparing late Iron Age and Early Medieval art Fundamentally the book asks what making images meant on the fringe of the expanding or contracting Roman empire particularly as the art from both periods drew heavily from but radically transformed imperial imagery

Deep Splendor Robert P. Vande Kappelle, 2021-12-02 People concerned with spirituality are seekers instead of possessing truth they seek to be possessed by it Thus a fully spiritual person is forever learning and growing William Blake the seminal mystic poet who worked to bring about change both in the social order and in common ways of thinking taught that all we need to do is cleanse the doors of perception and we shall see things as they are infinite And nothing cleanses and enlarges the doors of perception like great literature Whether it be poetry a short story a novel historical fiction fantasy literature or biographical writing the literary experience is slightly beyond a reader s horizon of understanding When literature enhances spirituality as is true of the dozen or more selections examined in Deep Splendor each literary moment confounds in order to keep us forever enthralled forever longing The authors and works examined in this study explore timeless spiritual themes such as coming of age relationships self integration the struggle of good versus evil the nature of change and the corruptive aspects of power When we think about great literature it is easy to focus objectively on the literature itself on what makes literature bad or good However another essential distinction involves the reader replacing the category good book with that of good reader As master teacher C S Lewis wrote a quality of good readers is that they seek an enlargement of their being Deep Splendor will teach you how to read great literature and how to be a good reader
