SPLENDOR OF THE ABSOLUTE MONARCHY Ruben Ygua, 2025-04-10 Traditional methods of studying the past have always given greater importance to nationalist religious and moral interests which subordinated the historical fact to the System point of view That s how we have been educated The time has come to simplify and show respect for our ancestors striving to know what really happened in the past and not just what they want to inform us about After so many years of studying History I came to the conclusion that the best study system is through an impartial objective Chronology that just put each event in its exact place in time revealing History without manipulation This Chronology contains not only purely political facts such as the foundation of cities the birth of kingdoms and empires scientific and geographical discoveries natural disasters and epidemics it also includes information on the most different fields of human activity chemistry astronomy geography mathematics and so on In parallel the chronology is complemented by data that do not belong to a specific date but to an entire epoch they are each society generalities curiosities customs the religion of each civilization inventions or discoveries that cannot be placed in an exact date etc The result of all this set is one of the most complete chronologies within its reach periodically updated with the latest archaeological and scientific discoveries and that transforms the reader into an eyewitness of the past understanding the relation of geographically distant facts to each other but closely connected in time and influencing unexpected consequences This is something that traditional history has generally ignored when it was not usable A work of this magnitude could not be published in a single book so I have divided

it into several collections and the Spanish originals are being translated into French English Italian and Portuguese The chronology goes from prehistory to the present day year by year as far as possible For those who prefer a deeper and more detailed study I have prepared a second chronology day by day which for now covers from 1789 to 1946 divided into five collections Illusion of Splendor J.D. Easley, 2012-08-15 Dregs of poverty catwalk of opulence Illusion of Splendor is an epic literary thriller taking the reader on an astonishing journey from the illusion to the heart of splendor Characters diverse as a West African fisherman an American college professor and an Afghan heroin magnate interact in settings as vibrant as Nigeria and Monte Carlo The presentation is exotic the scenes powerful Driving the story is a turbulent powder keg of vengeance Illusion of Splendor begins with the fisherman pursuing terrorists who killed his sister and ends in a spectacular scene of redemption aboard a luxury yacht in Monaco The story is timely complex sophisticated and thought provoking the result of considerable historical research Twilight of Splendor Greg King, 2007-06-04 Features the court of Britain s longest reigning monarch Royalty and the Victorian era with coverage of the people pageantry and power of Queen Victoria s court Beginning with the Queen's 1897 Diamond Jubilee this book describes her long reign It paints a portrait of a unique ruler at the height of empire A Terrible Splendor Marshall Jon Fisher, 2010-04-20 Before Federer versus Nadal before Borg versus McEnroe the greatest tennis match ever played pitted the dominant Don Budge against the seductively handsome Baron Gottfried von Cramm This deciding 1937 Davis Cup match played on the hallowed grounds of Wimbledon was a battle of titans the world's number one tennis player against the number two America against Germany democracy against fascism For five superhuman sets the duo s brilliant shotmaking kept the Centre Court crowd and the world spellbound But the match's significance extended well beyond the immaculate grass courts of Wimbledon Against the backdrop of the Great Depression and the brink of World War II one man played for the pride of his country while the other played for his life Budge the humble hard working American who would soon become the first man to win all four Grand Slam titles in the same year vied to keep the Davis Cup out of the hands of the Nazi regime On the other side of the net the immensely popular and elegant von Cramm fought Budge point for point knowing that a loss might precipitate his descent into the living hell being constructed behind barbed wire back home Born into an aristocratic family von Cramm was admired for his devastating good looks as well as his unparalleled sportsmanship But he harbored a dark secret one that put him under increasing Gestapo surveillance And his situation was made even more perilous by his refusal to join the Nazi Party or defend Hitler Desperately relying on his athletic achievements and the global spotlight to keep him out of the Gestapo s clutches his strategy was to keep traveling and keep winning A Davis Cup victory would make him the toast of Germany A loss might be catastrophic Watching the mesmerizingly intense match from the stands was von Cramm's mentor and all time tennis superstar Bill Tilden a consummate showman whose double life would run in ironic counterpoint to that of his German pupil Set at a time when sports and politics were inextricably linked A Terrible Splendor gives readers a courtside seat on
