Spokanes Legendary Davenport Hotel:

Spokane's Legendary Davenport Hotel Tony Bamonte, Suzanne Bamonte, 2001 In its glory years the historic Davenport Hotel was at the center of Spokane and the Inland Northwest's social life Louis Davenport's famous restaurant which predated the hotel opened in 1889 and quickly became Spokane's greatest attraction As reflected in this book the history of the Davenport enterprises truly is the history of Spokane Numerous dignitaries royalty and world famous entertainers were guests of the Davenport The hotel was the pride of the city and patronized by people from all walks of life until it fell into its decline and subsequently closed in 1985 Finally after years of languishing under threat of demolition the grand old hotel was restored to its former grandeur and reopened in 2002 This easy to read history book is a tribute to Spokane's most noteworthy and beloved landmark and those responsible for its creation evolution and preservation **Not Just Baseball**

William Bourne, 2020-12-16 William Bourne grew up loving baseball playing in an under eighteen league in Greenwich Connecticut with his brother As an adult he traced the history of Minor League baseball traveling to various baseball towns mostly with his brother Jim and son Michael They chose Single A teams because it gave them the chance to visit small remote towns Over a period of years they traveled almost 36 000 miles via airplanes and rented cars seeing dozens of games in twenty two states plus western Canada They avoided Southern states as they were usually traveling in July and August when it was hot Seattle was their most western point and Portland Maine was the most eastern Each trip was spontaneous and they regularly ran into interesting people and situations Driving into Hannibal Missouri introduced the author to Mark Twain prompting him to read three of his novels as well as a biography He learned Twain often snuck out of his house at midnight to meet his buddies down by the Mississippi River's edge which is where he no doubt did much of his dreaming Join the author as he celebrates his love of baseball family and America traveling through quaint villages **Kirtland Cutter** Henry C. Matthews, 2018-07-01 In the early years of the twentieth century Spokane was singled out for praise in the West for the quality of its architecture and the impressive way it had rebuilt after the devastating fire of 1889 Major credit for the city's distinctive character was extended to Kirtland Kelsey Cutter for his rare architectural force and genius for design His remarkable career stretching from the Gilded Age to the Great Depression allows a fascinating study of the evolution of an eclectic form of architecture that was an inevitable response to rich regional and historical influences during a time of transition from frontier settlements to modern city Cutter's influence was felt beyond Spokane in Seattle other areas of Washington and in Oregon Idaho and Montana He was also responsible for buildings in the East and even for one in England After financial problems ended his career in the Northwest he began anew at age sixty three in southern California and worked there as an architect until his death in 1939 at age seventy nine Henry Matthews presents a comprehensive study of the whole body of Cutter's work with ample photographs and illustrations The book is based on exhaustive research in both the Northwest and California revealing the influences on Cutter and his associates the processes at work in the design and

construction of the buildings and the relations between the architect and the many people who commissioned his work. Particularly useful to Matthews's research was a collection of 290 sets of drawings as well as office accounts, letters, and books from Cutter's library materials acquired by the Eastern Washington State Historical Society. He also was able to interview former assistants and clients who provided valuable insights on the architect and the way Cutter worked. In addition, many of the architect's residences, hotels, clubs, and commercial buildings are still standing. This book adds significantly to an understanding of Western urban and regional history. But Cutter's experimentation in many styles and the imaginative nature of his work make for a study that goes beyond regional limits and sheds light on national trends. Winner of the 1999 Washington State Book Award. **Sounding Spokane** David Wang, 2003. In-depth discussions of neighborhood geography, architectural themes, and gambits: parks, urban renewal, and preservation, and other aspects of a city's composition.

Making Movies into Art Kaveh Askari, 2014-12-12. Focusing on early cinema's relationship with the pictorial arts, this pioneering study explores how cinema's emergence was grounded in theories of picture composition, craft, and arts education from magic lantern experiments in 1890s New York through to early Hollywood feature films in the 1920s. Challenging received notions that the advent of cinema was a celebration of mechanisation and a radical rejection of nineteenth-century traditions of representation, Kaveh Askari instead emphasises the overlap between craft traditions and modernity in early film. Opening up valuable new perspectives on the history of film as art, Askari links American silent cinema with the practice of teaching the public how to appreciate fine art, charts its entrance into arts education via art schools and university film courses, shows how concepts of artistic production entered films through a material interest in the studio, and examines the way in which Maurice Tourneur and Rex Ingram made early art films by shaping an image of the film director around the idea of the fine artist. **A Companion to D. W. Griffith** Charles Keil, 2017-12-06. The most comprehensive volume on one of the most controversial directors in American film history, *A Companion to D. W. Griffith* offers an exhaustive look at the first acknowledged auteur of the cinema and provides an authoritative account of the director's life, work, and lasting filmic legacy. The text explores how Griffith's style and status advanced along with cinema's own development during the years when narrative became the dominant mode, when the short gave way to the feature, and when film became the pre-eminent form of mass entertainment. Griffith was at the centre of each of these changes; though a contested figure, he remains vital to any understanding of how cinema moved from nickelodeon fixture to a national pastime, playing a significant role in the cultural ethos of America. With the renewed interest in Griffith's contributions to the film industry, *A Companion to D. W. Griffith* offers a scholarly look at a career that spanned more than 25 years. The editor, a leading scholar on D. W. Griffith, and the expert contributors collectively offer a unique account of one of the monumental figures in film studies. Presents the most authoritative, complete account of the director's life, work, and lasting legacy. Builds on the recent resurgence in the director's scholarly and popular reputation. Edited by a leading authority on D. W. Griffith who has published extensively on this
