Slender Man Is Coming Trevor J. Blank, Lynne S. McNeill, 2018-09-21 The essays in this volume explore the menacing figure of Slender Man the blank faced long limbed bogeyman born of a 2009 Photoshop contest who has appeared in countless horror stories circulated on and offline among children and young people Slender Man is arguably the best known example in circulation of creepypasta a genre derived from cospypasta which in turn derived from the phrase copy paste As narrative texts are copied across online forums they undergo modification annotation and reinterpretation by new posters in a folkloric process of repetition and variation Though by definition legends deal largely with belief and possibility the crowdsourced mythos behind creepypasta and Slender Man suggests a distinct awareness of fabrication Slender Man is therefore a new kind of creation one intentionally created as a fiction but with the look and feel of legend *Slender Man Is Coming* offers an unprecedented folkloristic take on Slender Man analyzing him within the framework of contemporary legend studies creepypastas folk belief and children s culture This first folkloric examination of the phenomenon of Slender Man is a must read for anyone interested in folklore horror urban legends new media or digital cultures Contributors Timothy H Evans Andrea Kitta Mikel J Koven Paul Manning Andrew Peck Jeffrey A Tolbert Elizabeth Tucker
