Stump Ranch Chronicles And Other Narratives:

Stump Ranch Chronicles and Other Narratives Rolf Knight, Arnt Arntzen, Ebe Koeppen, 1977 The Workers' Revolt in Canada, 1917-1925 Craig Heron, 1998-01-01 A clear concise portrait of one of the most dramatic moments in the history of working class life and class relations generally in Canada the upsurge of working class protest at the end of the First World War *Creating Societies* Dirk Hoerder, 2000 The birth of Canada as a society and a nation has often been told from the narrow perspective of the founding nations These versions have left little room for the everyday experiences of a wide variety of individual immigrants who have had to adjust **Cottage Country in Transition** Greg Halseth, 1998 The cottage is a powerful image of rural Canada This image however often ignores the rural community that surrounds it producing a geographically and socially divided landscape and creating friction between cottage owners and rural communities *Cottage Country in Transition* is a wide ranging exploration of the interaction and evolution of these two communities Resource Communities in a Globalizing Region Paul Bowles, Gary N. Wilson, 2015-12-14 Northern British Columbia has always played an important role in Canada's economy but for many Canadians it also existed as an almost forgotten place a vast territory where only a few roads some railroad tracks and a ferry system connected small cities towns and villages to the outside world Now as the global appetite for oil gas hydroelectricity wood and minerals intensifies this resource rich and geographically important region is being pulled onto the national and international economic stages As debates around pipelines mines and hydroelectric projects intensify in local coffee shops distant boardrooms and the halls of Parliament this timely volume examines the connections and tensions between resource communities and global market forces illuminating how governments Aboriginal peoples organized labour NGOs and the private sector are adapting to resisting and embracing change **Beyond the Nation?** Alexander Freund, 2012-01-01 Peter B Morgan's *Explanation of Constrained Optimization for Economists* is an accessible user friendly guide that provides explanations both written and visual of the manner in which many constrained optimization problems can be solved **A Bibliography of Canadian Folklore in English** Edith Fowke, Carole Henderson-Carpenter, 1982-12-15 This book is the only comprehensive bibliography of Canadian folklore in English The 3877 different items are arranged by genres folktales folk music and dance folk speech and naming superstitions popular beliefs folk medicine and the supernatural folk life and customs folk art and material culture and within genres by ethnic groups Anglophone and Celtic Francophone Indian and Inuit and other cultural groups The items include reference books periodicals articles records films biographies of scholars and informants and graduate theses Each item is annotated through a coding that indicates whether it is academic or popular its importance to the scholar and whether it is suitable for young people The introduction includes a brief survey of Canadian folklore studies putting this work into academic and social perspective The book covers all the important items and most minor items dealing with Canadian folklore published in English up to the end of 1979 It is concerned with legitimate Canadian folklore whether transplanted from other countries

and preserved here or created here to reflect the culture of this country It distinguishes between authentic folklore presented as collected and popular treatments in which the material has been rewritten by the authors Intended primarily for scholars of folklore international as well as Canadian the book will also be of use to scholars in anthropology cultural geography oral history and other branches of Canadian culture studies as well as to librarians teachers and the general public
