Sub Rosa Armageddon Russell Grayson, 2003-02-01 *Zig Zag to Armageddon* Tony Foster, 2000-09-13 Day breaks over the coastal waters of Cosecha Rica a small central American Dictatorship where history is synonymous with revolution The battle bolstered by Middle East Terrorists and Anti American sympathizers has ended But the strange calm which surrounds this volatile nation like a tourniquet against oozing bloodshed is deceptive crisis lies just beneath the waters and a new battle is about to begin Gateways Book Seven: What Lay Beyond Diane Carey, Peter David, Keith R. A. DeCandido, Christie Golden, Robert Greenberger, Susan Wright, 2002-06-08 Created by the incalculably ancient Iconians whose transcendent technology is quantum levels beyond that of the Federation and its allies the Gateways offer instantaneous transport across unimaginable distances Throughout the known galaxy from Deep Space Nine to the New Frontier from the Delta Quadrant to the bridge of the Starship Enterprise the sudden reactivation of the Gateways has destabilized interstellar relations between planets and cultures previously separated by countless light years Starfleet's finest have coped with the crisis as best they can but circumstances have forced several valiant commanders to leap through separate Gateways into the unknown Captain James T Kirk of the original Starship Enterprise Captain Jean Luc Picard of Star Trek The Next Generation Colonel Kira Nerys of Deep Space Nine Captain Kathryn Janeway of the U S S Voyager Captains Calhoun and Shelby of Star Trek New Frontier Commander Nick Keller of the U S S Challenger All of these heroes for their own reasons have taken the ultimate gamble hurling themselves personally through a Gateway without any knowledge or forewarning of what lay beyond Each must face their own unique challenge struggling to find a way back to the ships and homes they left behind And waiting behind at least one of the Gateways are the ageless Iconians themselves the primordial architects of the mysterious portals causing chaos throughout the Milky Way galaxy Where did they disappear to many long eons ago and what do they want now The answer lies on the other side What Lay Beyond brings the Gateways saga to a spectacular finish in an all star collaboration by six popular bestselling Star Trek authors Among them Diane Carey Peter David Keith R A Decandido Christie Golden Robert Greenberger and Susan Wright have written dozens of Star Trek novels This is their first mega collaboration Toward Armageddon David Alan Rosenberg, 1983 Adventures In Time And Space Mary Taylor (ed), 2012-10-23 From The Entropy Effect to The Q Continuum Pocket Books has published hundreds of pulse pounding thought provoking Star Trek novels in the twenty years since Pocket Books US became the official Star Trek publisher To date there have been 87 Original Series novels featuring Captain Kirk Mr Spock and their crew 50 Next Generation novels featuring the Captain Picard and the crew of the Enterprise D and E 26 set on Captain Sisko's space station Deep Space Nine and 18 following the adventures of Star Trek's newest crew on the USS Voyager Plus there've been numerous unnumbered series novels five multi volume crossover series and several movie tie ins From this abundance of riches editor Mary Taylor has compiled the ultimate anthology of gripping writing and memorable moments guaranteed to

delight all Star Trek fans **The Gnostic Pynchon** Dwight Eddins,1990-09-22 The appearance of *Vineland* his first novel in seventeen years has rekindled critical debate on Thomas Pynchon Written before the publication of the new novel but remarkably prescient about its themes *The Gnostic Pynchon* is a provocative reading of Pynchon's work Where most critics find in Thomas Pynchon a postmodern writer of indeterministic relativistic contingent fiction Dwight Eddins also finds a man on a religious quest Pynchon's quest Eddins shows is for some principle of organic order that will provide an alternative to hopeless ambiguity or an equally hopeless choice between total chaos and total control *The Gnostic Pynchon* is a profoundly revisionist view of one of this century's most important writers *Living with Star Trek* Lincoln Geraghty,2007-03-30 There is a wealth of literature on Star Trek and this book is a welcome and original contribution to it The book not only sets Star Trek in dialogue with ideas and stories of utopia community self improvement that are central to American culture and history but goes further to examine the ways in which these are taken up and used by ordinary fans who engage with Star Trek in complex and significant ways Lincoln Geraghty explores for example Star Trek's multiple histories and how Star Trek has used the Puritan American Jeremiad one of the nation's foundational texts to create a narrative that relates how through communal effort and personal change utopia can be achieved He discusses how fans define the series as a blueprint for the solution of such social problems in America as racism and war and shows how they have used the series to cope with personal trauma and relate to such characters as Data and Seven of Nine in moments of personal transformation This is all in all an enjoyable and revealing book on Star Trek's active relationship with its many thoughtful fans **The Star Trek Universe** Douglas Brode,Shea T. Brode,2015-05-14 As one of the most influential shows of all time Star Trek continues to engage fans around the world But its cultural impact has grown far beyond the scope of the original seventy nine episodes The show spawned an unprecedented progeny beginning with Star Trek The Next Generation followed by three additional series of space exploration Film versions featuring Captain Kirk Mr Spock and other original crew members first appeared in 1979 followed by a number of successful sequels and ultimately a reboot of the original show From the modest ambitions of the show's creator Gene Roddenberry Star Trek gradually transformed into a true franchise an expanded universe that continues to grow In *The Star Trek Universe Franchising the Final Frontier* Douglas and Shea T Brode have collected several essays that examine the many incarnations that have arisen since the original program concluded its run in 1969 Every aspect of media into which Star Trek has penetrated is covered in this collection the four television shows literature toys games and the big screen reboot of the original series featuring the *Enterprise* and her crew Essays address a number of elements particularly how the franchise has had an impact on gaming fandom and even technology Other essays consider how race gender and sexuality have been addressed by the various shows and films After a half century of boldly exploring topical issues that concern all of humanity Star Trek warrants serious attention now more than ever Looking beyond the entertainment value of its many versions *The Star Trek Universe* a companion volume to Gene Roddenberry's *Star Trek*

offers provocative essays that will engage scholars of gender studies race studies religion history and popular culture not to mention the show s legions of fans around the planet *The Whole Story* John E.
