Subdued By The Sword:

Subdued by the Sword James M. Greiner, 2003-10-09 Presents the life of Captain John S Kidder during the Civil War as told through letters to his wife Harriet at home in rural New York **General Emory Upton in the Civil War** Robert N. Thompson, 2020-01-17 Considered by many to be the architect of the modern U S Army Union General Emory Upton commanded troops in almost every major battle of the Civil War s Eastern Theater Witnessing some of the war s bloodiest engagements convinced him of the need for comprehensive reform in military organization professionalism education tactics and personnel policies From the end of the war to his 1881 death by suicide Upton led an effort to modernize U S military culture While much has been written about the politics of his reform campaign this book details his wartime experiences and how they informed his intense fervor for change Emory Upton David J. Fitzpatrick, 2017-06-28 Emory Upton 1839 1881 is widely recognized as one of America s most influential military thinkers His works *The Armies of Asia and Europe* and *The Military Policy of the United States* fueled the army s intellectual ferment in the late nineteenth century and guided Secretary of War Elihu Root s reforms in the early 1900s Yet as David J Fitzpatrick contends Upton is also widely misunderstood as an antidemocratic militaristic zealot whose ideas were too Prussian for America In this first full biography in nearly half a century Fitzpatrick the leading authority on Upton radically revises our view of this important figure in American military thought A devout Methodist farm boy from upstate New York Upton attended the United States Military Academy at West Point and served in the Civil War His use of a mass infantry attack to break the Confederate lines at Spotsylvania Courthouse in 1864 identified him as a rising figure in the U S Army Upton s subsequent work on military organizations in Asia and Europe commissioned by Commanding General William T Sherman influenced the army s turn toward a European largely German ideal of soldiering as a profession Yet it was this same text along with Upton s *Military Policy of the United States* that also propelled the misinterpretations of Upton first by some contemporaries and more recently by noted historians Stephen Ambrose and Russell Weigley By showing Upton s dedication to the ideal of the citizen soldier and placing him within the context of contemporary military political and intellectual discourse Fitzpatrick shows how Upton s ideas clearly grew out of an American military political tradition *Emory Upton Misunderstood Reformer* clarifies Upton s influence on the army by offering a new and necessary understanding of the military s intellectual direction at a critical juncture in American history *The New Jerusalem Magazine* , 1863 Includes Journal of the Massachusetts Association of the New Jerusalem Church Crystals II Antonis Anastasiadis, 2016-05-19 The Crystals series as you may already know will hopefully be completed in a decalogy which will start from the creation of the universe will transcend all human civilization will come to the present and continue into the future summarily showing the development of human civilization In the first book we saw the discovery of an object with strange properties the study and finally the cosmic journey in which we observed the Big Bang the creation of galaxies and star systems The 2nd book refers to the creation of the solar system the creation and

structure of the earth the appearance of life on earth and its developmental course This whole period which in fact was initiated about five billion years ago is elaborated with mythological fights and dwells fitting in reality to mythological forms as natural forces and that is why they are named Supernatural Thus we observe the drama of archetypal life on planet earth in the form of Supernatural Powers The Titans with their leader Cronos dominate the scene in the 2nd book The structural upheavals on planet earth are presented in the form of epic battles and struggles as well as the calamities and extinction of life but also the emergence of new life forms on earth The 2nd Clash of the Titans brings us to about 50 million years ago with the final triumph of the Supernatural Powers in their fight against the Hypercosmic Powers followed by their slippage into the arrogance of power which will cause the 3rd Clash of the Titans Continuing on this magic journey and keeping the White Crystal as the vehicle of our transport the reader of this and the other books in the series will observe the development of the human civilization from the creation of the universe to this day through the use of myth allegory and real events and scientific knowledge The following 10 books will follow with the following proposed titles 1st Battle of the Titans Clash between Vacuum and the Hypercosmic Creation 2nd Battle of the Titans Clash between Hypercosmic and the Supernatural Celestial Battle 3rd Battle of the Titans Clash between Natural and the Supernatural Zeus Cronos 4th Battle of the Titans Clash between Natural and the Paranormal Battle of Giants 5th Battle of the Titans Clash between Natural and the Metaphysical Prometheus 6th Battle of the Titans Clash between the Good and the Evil White Dark Crystal 7th Battle of the Titans Clash between the Sociopolitical and the Counter sociopolitical Early Civilizations 8th Battle of the Titans Clash between Humanism and Technocracy Later Periods 9th Battle of the Titans Clash between Civilization and Barbarism Current Times 10th Battle of the Titans Clash between Earthlings and Extraterrestrials Intergalactic Travel
