Subjective Truth:

From Hegel to Existentialism Robert C. Solomon, 1987 A collection of the author's articles on key issues in the writings of major European philosophers and thinkers including Hegel Nietzsche Kierkegaard Sartre and Camus A Search for Truth Ernest J. Honigmann, 2016-08-03 The genesis of this book was in 1957 when the author was rejected from a loving courtship because he did not believe in the existence of God To quell the pain and to understand what had happened to him he researched the evidence as to why people believe that God exists The result was this book a predominance of evidence in favor of atheism Further the author found that truth should always be held provisionally not permanently pending discovery of new evidence and insights For example the author's atheism is provisional His search also brought a tough new world If God does not exist we need new concepts for the meaning of life the basis of morality and our unalienable Rights to Life Liberty and the pursuit of Happiness This book offers his solutions to those problems And one more thing The author's recommendation in his final chapter for a new way to search for religious truth forms the most exciting part of this book and possibly the most prophetic Now in 2016 50 years after it had been offered to the world and rejected by the publishers as a threat to their own interests our society has come of age And this book with its eye opening freshness still intact is finally yours to learn from and to enjoy **Truth is the Way** Christopher Ben Simpson, 2011-01-01 In The Truth Is the Way Christopher Ben Simpson presents Kierkegaard's work as a theologia viatorum a theology to guide one on life's way This truth that is the way is at once existential metaphysical and theological the highest truth is a living in accord with reality that is revealed to us and enabled in us by Jesus Christ This picture of Kierkegaard's thought drawing on the whole of his published corpus presents his perspectives by way of prolegomena on the nature of truth of communication and of faith and more substantially his guiding vision of the world God humanity and Christ culminating in Kierkegaard's understanding of the manner of life lived in light of this vision of a journey walked in the virtues of patience faith hope and love toward a life of joy in the midst of suffering of communion with oneself with God with others The Holy Word for Morning Revival - Knowing the Truth, Being Absolute for the Truth, and Proclaiming the Truth in the Present Evil Age Witness Lee, 2021-06-05 This book is intended as an aid to believers in developing a daily time of morning revival with the Lord in His word At the same time it provides a limited review of the Memorial Day weekend conference webcast from Anaheim California on May 28 31 2021 The general subject of the conference was Knowing the Truth Being Absolute for the Truth and Proclaiming the Truth in the Present Evil Age Through intimate contact with the Lord in His word the believers can be constituted with life and truth and thereby equipped to prophesy in the meetings of the church unto the building up of the Body of Christ The Curve of the Sacred Constantin V. Ponomareff, 2006 This book is about life's meaning a spiritual dimension about which by nature all persons wonder The book follows the human journey in works of art literature music medicine theology philosophy psychology and religion Book Jacket *Truth Matters: Theory and Practice in Psychoanalysis* Shlomit

Yadlin-Gadot,2016-03-21 *In Truth Matters Theory and Practice in Psychoanalysis* Shlomit Yadlin Gadot offers an original construal of subjectivity as evolving from dynamic tensions between conflicting truths that inhabit and structure the psyche. The clinical endeavour is articulated in terms of unveiling these truths and allowing the multi faceted nature of human experience to emerge. Yadlin Gadot's notion of truth axes combines philosophical investigation with an in depth inquiry of psychoanalytic theory as it relates these truths to basic human needs and developmental challenges alternating self states and unconscious processes. Detailed clinical vignettes illustrate these insights and enrich psychoanalytic practice with innovative technique. This is a brilliant and original work that addresses a much neglected issue in psychoanalytic thinking the fundamental role of truth in psychoanalytic theory and practice. The author accomplishes this goal with panache and originality in a style of exposition that is both accessible and illuminating. This book represents a major achievement in the annals of psychoanalytic scholarship. Finding All Things in God Hans Gustafson,2017-05-25 *In Finding All Things In God* Hans Gustafson proposes pansacramentalism as holding the potential to find the divine in all things and all things in the divine. Such a proposition carries significant interreligious implications particularly in the practice of theology. Presupposing theological practice as divorced from spirituality lived religious experience Gustafson presents pansacramentalism as a bridge between the two. In so doing Gustafson offers a history of spirituality sketching the foundations of a classical approach to sacramentality through Aquinas as well as a contemporary approach to the same through Rahner and Chauvet. Through three fascinating case studies this book presents particular instances of sacramentality in lived religious experience. Gustafson offers an exciting method of doing theology one which is entirely compatible with the interdisciplinary field of interreligious studies
