Subpersonalities The People Inside Us:

Subpersonalities John Rowan,1991 *Discover Your Subpersonalities* John Rowan,2013-04-15 Have you ever felt there is more than one you That sometimes you are one type of person sometimes another Do you ever find yourself saying yes when you meant to say no Or deciding to do one thing then actually doing another Most of us have had this experience of another personality taking us over causing us to behave in an unintended way Why do we do it What s going on Well known psychologist and writer John Rowan shows how each of us is made up of a number of subpersonalities Some may help us some may hinder us If we want to be in charge of our inner world we had better find out who they are and what they do John Rowan has written this book specifically to enable you to do this Lively and entertaining with questionnaires and simple exercises **Discover Your Subpersonalities** will enable you to get to know the people inside you **Subpersonalities** John Rowan,2013-04-15 We all have had the experience of being divided of being in two minds about something one part of us wants to do this another wants to do that Subpersonalities is the first book to do justice to the phenomenon as a normal feature of our psychological life John Rowan argues that we all have a number of personalities that express themselves in different situations and that by recognising them we can come to understand ourselves better and improve our relationships with others Anyone reading this book will run the risk of making quite new discoveries about themselves In looking at where subpersonalities come from John Rowan explores the work of psychologists and psychotherapists from Jung and Freud onwards and adds insights gained from his own work as a therapist and counsellor He relates the journey of discovery that he himself undertook in search of his own subpersonalities The result is a fascinating book that challenges our accepted view of ourselves and provides an intriguing picture of how human beings work and why communication between them so often goes wrong Subpersonalities is a book for anyone interested in their own personality and how it helps or hinders their everyday life *Discover Your Subpersonalities* John Rowan,2013-04-15 Have you ever felt there is more than one you That sometimes you are one type of person sometimes another Do you ever find yourself saying yes when you meant to say no Or deciding to do one thing then actually doing another Most of us have had this experience of another personality taking us over causing us to behave in an unintended way Why do we do it What s going on Well known psychologist and writer John Rowan shows how each of us is made up of a number of subpersonalities Some may help us some may hinder us If we want to be in charge of our inner world we had better find out who they are and what they do John Rowan has written this book specifically to enable you to do this Lively and entertaining with questionnaires and simple exercises **Discover Your Subpersonalities** will enable you to get to know the people inside you *The Adult Baby Identity - the Complete Collection* Dylan Lewis,2020-02-23 Knowing who you are and what your personal identity is will always be a powerful and important goal For diaper wearers and adult babies of course this is complicated by the duality of nature part infant and part adult Understanding that is terribly difficult and for most we end up staggering through life not really sure who we are how we

came to be and how to feel good about ourselves These FOURbooks in one volume lay a great psychological foundation on the issues of Adult Regression and a worthy read for anyone interested in the topic either as an observer or as a participant If you are an adult baby or related to one this book will give you a deeper understanding of just why ABDLs exists and how to understand why it is not something you can just decided to give up or stop doing It is part of the identity and therefore part of who we truly are
