Suffering Divine Things Theology As Church Practice:

Suffering Divine Things Reinhard Hütter, 2000 How do Christian beliefs and practices interrelate What is the nature and task of theology These questions have reemerged in the contemporary discussion with new vigor In this book Reinhard Hütter explores the link between Christian theory and action rigorously arguing for a renewed understanding of theology as a distinct church practice Using pathos suffering God's saving activity as a powerful theological motif Hütter offers fresh insight into the relationships between the Holy Spirit and the church doctrine and theology and beliefs and practices In addition Hütter shows how reclaiming pathos as a central motif for theology challenges modern and postmodern views focused on human identity agency and creativity as definitive of theology's nature and task Throughout Hütter remains acutely aware of recent trends in theological discourse and develops his argument in conversation with leading contemporary thinkers from North America and Europe His constructive work promises to reclaim theology's crucial role in the life and mission of the church

Virtue and the Voice of God Daniel J. Treier, 2006 Theology's longest tradition is as a course of study that leads to wisdom With the growth of the academy however theology fell into a fixation with the objective results of science In this illuminating study Daniel Treier retrieves the older deeper understanding of theology and connects wisdom in theological education to the theological interpretation of scripture giving rise to a renewed understanding of the role of virtue in each Dialoguing with a number of prominent proponents of theological interpretation of scripture Treier builds on a biblical theology of wisdom that involves the daily lives of all God's people Ultimately Treier connects educational discussions of theology and hermeneutical discussions through a trinitarian understanding of wisdom As a result the increasingly diverse forms and social locations of theology can be integrated into the mainstream of theological reflection Filled with interdisciplinary wisdom *Virtue and the Voice of God* is a timely recovery of the essential conversation between theological education virtue and scriptural interpretation

Standing under the Cross Michael Mawson, 2023-09-07 *Standing Under the Cross* focuses on Bonhoeffer's rich theological and ethical thinking It places Bonhoeffer in conversation with a wide range of modern theologians including Karl Barth Franz Rosenzweig Jürgen Moltmann and James Cone The book gives particular attention to hermeneutics the body and Bonhoeffer's rich reflections on community and discipleship Mawson attends to the complex ways in which these aspects of Bonhoeffer's thinking work together and shows how they can assist us in responding to some of the challenges confronting us today

Practicing Baptism Bard Eirik Hallesby Norheim, 2014-02-19 Where is Jesus Christ This fundamental question is the starting point of this book which investigates the shape of Christian life and ministry in a post Christendom context Over the last decades there has been a shift in much of Western theology towards focusing on Christian practices in ministry and theological education This may be seen as a way to deal with theological anxiety in an era of heightened personal autonomy In *Practicing Baptism* Bard Norheim critically analyzes the engagement in Christian practices As a response to this engagement Norheim develops a missional and diaconal

theology for ministry focusing on the presence of Christ in Christian practices Fundamentally this is an attempt to answer a pressing question for today What do Christians do Norheim draws on Martin Luther's theology and his notion of the three modes of Christ's presence the present tense of baptism and Luther's idea of the marks of the church Based on this reading of Luther's theology Norheim suggests that Christian life and ministry could be interpreted through the concept practicing baptism

The Cosmic Breath Amos Yong, 2012-05-10 The interjection of pneumatology in both theologies of interreligious dialogue and in the theology and science conversation comes together in this volume The resulting Christianity Buddhism science dialogue opens up to new pneumatological perspectives on philosophical cosmology and anthropology in interdisciplinary and global context

Postliberal Theological Method Adonis Vidu, 2007-01-01 Postliberal Theological Method is a fresh critical analysis of one of today's most influential theological movements Drawing on recent thinking in analytic philosophy particularly Donald Davidson's work on truth and meaning Vidu raises questions about the linguistic turn in the theology of Hans Frei George Lindbeck John Milbank and others

Christ Existing as Community Michael Mawson, 2018-06-28 In Christ Existing as Community Michael Mawson recovers and clarifies the German theologian Dietrich Bonhoeffer's early and important work on ecclesiology focusing especially on his doctoral dissertation *Sanctorum Communio* Despite occasional pronouncements of the importance of this dissertation it has still received only limited scholarly attention Mawson demonstrates how Bonhoeffer draws upon and reworks social theory in order to develop an account of the church as a reality of God's revelation and a concrete human community On this basis Mawson concludes that Bonhoeffer's ecclesiology has ongoing significance for contemporary debates in theology and Christian ethics

Evangelical Theological Method Stanley E. Porter, Steven M. Studebaker, 2018-07-10 How should one approach the task of theology This Spectrum volume brings together five evangelical theologians with distinctly different approaches to the theological task who present their own approach and respond to each of the other views Emerging from this theological conversation is an awareness of our methodological commitments and the benefits that each can bring to the theological task

Luther and the Gift Risto Saarinen, 2017-06-12 Dust jacket back cover In this book Risto Saarinen studies Martin Luther's understanding of the gift and related issues such as favours and benefits faith and justification virtues and merits ethics and doctrine law and Christ He shows that Luther both continues and criticizes the classical discussions regarding the differences and parallels between gifts and sales

Violence, Hospitality, and the Cross Hans Boersma, 2006-04-01 The cross is central to understanding Christian theology But is it possible that our postmodern setting requires a new model of understanding the cross Hans Boersma's *Violence Hospitality and the Cross* proposes an understanding of the atonement that is sensitive both to the Christian tradition and to the postmodern critiques of that tradition His fresh approach draws on the rich resources of the Christian tradition in its portrayal of God's hospitality in Jesus Christ
