The Kenya Magic John Schmid, 1983      **Witchcraft and Colonial Rule in Kenya, 1900-1955** Katherine Luongo, 2011-09-26 Focusing on colonial Kenya this book shows how conflicts between state authorities and Africans over witchcraft related crimes provided an important space in which the meanings of justice law and order in the empire were debated Katherine Luongo discusses the emergence of imperial networks of knowledge about witchcraft She then demonstrates how colonial concerns about witchcraft produced an elaborate body of jurisprudence about capital crimes The book analyzes the legal wrangling that produced the Witchcraft Ordinances in the 1910s the birth of an anthro administrative complex surrounding witchcraft in the 1920s the hotly contested Wakamba Witch Trials of the 1930s the explosive growth of legal opinion on witch murder in the 1940s and the unprecedented state sponsored cleansings of witches and Mau Mau adherents during the 1950s A work of anthropological history this book develops an ethnography of Kamba witchcraft or uoi

**Decolonization & Independence in Kenya, 1940-93** Bethwell A. Ogot, William Robert Ochieng', 1995 This is a sharply observed assessment of the history of the last half century by a distinguished group of historians of Kenya At the same time the book is a courageous reflection in the dilemmas of African nationhood Professor B A Ogot says The main purpose of the book is to show that decolonization does not only mean the transfer of alien power to sovereign nationhood it must also entail the liberation of the worlds of spirit and culture as well as economics and politics The book also raises a more fundamental question that is How much independence is available to any state national economy or culture in today s world It asks how far are Africa s miseries linked to the colonial past and to the process of decolonization In particular the book raises the basic question of how far Kenya is avoidably neo colonial And what does neo colonial dependence mean The book answers these questions by discussing the dynamic between the politics of decolonization the social history of class formation and the economics of dependence The book ends with a provocative epilogue discussing the transformation of the post colonial state from a single party to a multi party system

**Luyia of Kenya** Shadrack Amakoye Bulimo, 2013-04-08 The Luyia like other Africans subsumed by imperialist conquest are groping in the dark to find new meaning to their lives By emigrating from tribal territory to towns Luyia tribesmen lost strong communal links that bonded traditional society in which security of the individual was assured The real danger however is the infiltration of neo capitalism in the remotest villages sweeping away what little is left of the culture of a bygone era The need to preserve our cultural resources for future generations is critical Colonial institutions radically altered traditional governance economic and magico religious structures Clan elders hitherto the pseudo legal centers of political authority were either conscripted into colonial administration as chiefs or simply shunted aside Supplication to cult of the ancestor was replaced by Christianity where clergy rather than

sacrificial priests became principal representatives of the deity And where men spent the day hunting to secure a family meal they now had to seek waged employment and pay taxes Although these forces of Western acculturation introduced positive benefits to traditional technological processes they were largely responsible for uprooting a people from an environment they had lived for generations and adapted to suit their needs to one driven largely by opportunism and uncertainty **Kenya Gazette** ,1989-04-07 The Kenya Gazette is an official publication of the government of the Republic of Kenya It contains notices of new legislation notices required to be published by law or policy as well as other announcements that are published for general public information It is published every week usually on Friday with occasional releases of special or supplementary editions within the week *Kenya Gazette* ,2000-10-11 The Kenya Gazette is an official publication of the government of the Republic of Kenya It contains notices of new legislation notices required to be published by law or policy as well as other announcements that are published for general public information It is published every week usually on Friday with occasional releases of special or supplementary editions within the week **Magic's Translations** Margaret J. Wiener,2025-04-04 Do you believe in magic This familiar question suggests magic is easily recognized but unreal In Magic s Translations Margaret J Wiener argues that such views are shaped by historical power struggles especially in Europe s relations with the wider world Focusing on nineteenth and twentieth century Dutch interactions with Indonesians Wiener reveals how colonial agents framed unfamiliar practices practitioners and objects as magic rendering distinct phenomena fundamentally alike and advancing colonizing projects that deemed magic antithetical to reason and reality While colonial authorities including ethnologists mobilized the concept of magic to differentiate Europeans from Indonesians nature from culture reason from superstition and fact from fetish their efforts produced unexpected outcomes Some Indonesian artifacts and acts not only retained their power but invaded European experiences As anthropologists were among the key translators of magic throughout the world Wiener intersperses accounts of magic s translations in the Indies with reflections on anthropology s ongoing engagement with the concept She demonstrates that magic became an object of expert knowledge political control and popular fascination rather than a self evident category or relic of na ve belief *Kenya Gazette* ,2000-01-28 The Kenya Gazette is an official publication of the government of the Republic of Kenya It contains notices of new legislation notices required to be published by law or policy as well as other announcements that are published for general public information It is published every week usually on Friday with occasional releases of special or supplementary editions within the week *Aftermath* James George Frazer,2013-08-29 A supplement to Frazer s The Golden Bough this 1936 work remains an important text for scholars of religion and anthropology *The Nandi of Kenya* G. W. B. Huntingford,2012-12-06 This book examines the political structure of the Nandi tribe in the first half of the twentieth century and contains chapters on the following Land divisions and local authorities Age sets War organisation Administrative changes Law Religion First published in 1953 **State** ,1986 Miracles and Extraordinary Experience in Northern Kenya Bilinda

Straight, 2013-05-31 The Samburu of northern Kenya struggle to maintain their pastoral way of life as drought and the side effects of globalization threaten both their livestock and their livelihood. Mirroring this divide between survival and ruin are the lines between the self and the other, the living and the dead, this side and in a way that side. Cultural anthropologist Bilinda Straight, who has lived with the Samburu for extended periods since the 1990s, bears witness to Samburu life and death in *Miracles and Extraordinary Experience in Northern Kenya*. Written mostly in the field, *Miracles and Extraordinary Experience in Northern Kenya* is the first book-length ethnography completely devoted to Samburu divinity and belief. Here, child prophets recount their travels to heaven and back. Others report transformations between persons and inanimate objects. Spirit turns into action and back again. The miraculous is interwoven with the mundane as the Samburu continue their day-to-day, twenty-first-century existence. Straight describes these fantastic movements inside the cultural logic that makes them possible; thus, she calls into question how we experience, how we feel, and how anthropologists and their readers can best engage with the improbable. In her detailed and precise accounts, Straight writes beyond traditional ethnography, exploring the limits of science and her own limits as a human being to convey the significance of her time with the Samburu as they recount their fantastic yet authentic experiences in the physical and metaphysical spaces of their culture.
