The Kidnapping Of The President:

The Kidnapping of the President Charles Templeton,1974 The President of the United States kidnapped and held hostage at the brink of dath the frightening culmination of the political madness that has wracked America in recent years This suspense ridden novel proves it to be possible as Charles Templeton brings the reader face to face with that ordeal His vivid action packed story is so true to life so authentic in its smallest detail that readers will have to remind themselves it s only fiction so far *The kidnapping of the President* Charles Templeton,1977 *The Presidents We Imagine* Jeff Smith,2009-03-19 In *The Presidents We Imagine* Jeff Smith examines the presidency s ever changing place in the American imagination Ranging across different media and analyzing works of many kinds some familiar and some never before studied he explores the evolution of presidential fictions their central themes the impact on them of new and emerging media and their largely unexamined role in the nation s real politics **The Green Bag** ,1902 Includes index 1 v *A History of the*

The President's Daughter Lawrence Omene,2006-02 Betty Smith daughter of the president of the United States is a rare combination of extreme beauty and intelligence She is also a unique product of a new form of security initiative Betty is a walking weaponry entity She can operate literally any type of weaponry system has extensive knowledge of technology and geography and is fluent in six languages Her extensive training has been kept secret unknown to even her closest confidants including the President and First Lady Betty journeys through a sequence of encounters with Islamic fundamentalists First she is kidnapped but the abductors soon find out that they made a great mistake and they pay dearly for it The counteroffensives Betty launches and the subsequent engagement with other terrorists prove that she is certainly not just a girl next door but also a product of hardcore military training and a blend of all the branches of Special Forces In the end the toughest challenge she faces is with her own fellow citizens When her father s heart fails and he needs a donor for a heart transplant operation Betty is lied to about the identity of the donor This level of betrayal is utterly overwhelming and unacceptable to Betty And she s going to make sure that someone answers for it [The Social History of Crime and](#)

primary documents evolving debates and conflicts on how best to address issues of crime and punishment Its signed entries in the first four volumes supplemented by a fifth volume containing annotated primary documents provide the historical context for students to better understand contemporary criminological debates and the contemporary shape of the U S system of law and justice President's Kill List Luca Trenta,2024-05-31 From Fidel Castro to Qassem Soleimani the US government has been involved in an array of assassinations and assassination attempts against foreign leaders and officials The President s Kill List reveals how the US government has relied on a variety of methods from the use of poison to the delivery of sniper rifles and from employing hitmen to simply laying the groundwork for local actors to do the deed themselves It shows not only how policymakers decided on assassination but also the level of Presidential control over these decisions Tracing the history of the US government s approach to assassination the book analyses the evolution of assassination policies and for the first time reveals how successive administrations through private justifications and public legitimations ensured assassination remained an available tool **Public Papers of the Presidents of the United States** United States.
