The Legacy of Hades Rhonda Grant Boles, 2012-02-21 For her one hundredth birthday Makaria, the daughter of Hades, also known as the Goddess of Blessed Death, expresses a desire to leave her home in the Underworld in an effort to research mortal life on the surface. Upon enrolling at the prestigious Princeton University, she befriends the grandson of the Duke of Wellington, Alexander Beckham III, and his cousin Nicolette, her college roommate. Alex has an instant attraction to Makaria, but she has her eyes set on a bad boy rocker named Mike. Through a series of unfortunate events, Alex, Nicolette, and Makaria find it nearly impossible to maintain their family secrets. What will Makaria's parents think of her new found mortal love? What will happen when Alex, Nicolette, Makaria, and Mike learn the truth of each other's LEGACY? Greek Mythology: Tales of the Gods Gr. 7-8 ,

D.H. Lawrence and the Great War Jae-kyung Koh, 2007 This study focuses on the work of D. H. Lawrence, 1885-1930. One of the few major English writers to come from an industrial working-class background, Lawrence contributed to the development of all the major literary genres, bringing to them a fresh perspective and a willingness to experiment radically with form. His brief but productive literary career largely coincided with the crisis years of the Great War and its aftermath, and his creative engagement with contemporary events is reflected in a body of work which conveys vividly and powerfully the experience of the time. Lawrence's diagnosis of his own time was informed by the radical ideas which arose in the intellectual ferment of the first decades of the twentieth century: ideas about mind and consciousness, relationships and sexuality, community and history. In his fiction, the Great War is set in a long historical perspective, drawing in particular on Nietzsche's analysis of the origins of European nihilism. This study focuses on Lawrence's prose fiction and essays, in particular which explore the polymorphous effects—social, political, psychological—of the War. His treatment of the profound forces which have shaped European history and his sense that contemporary conditions are capable of creating sharply contrasting futures point forward to Michel Foucault's paradoxical vision of historical development. **The Outer Temple**

of Witchcraft Christopher Penczak, 2004 As you enter the heart of witchcraft, you find at its core the power of sacred space. In Christopher Penczak's first book, *The Inner Temple of Witchcraft*, you found the sacred space within yourself. Now *The Outer Temple of Witchcraft* helps you manifest the sacred in the outer world through ritual and spellwork. The book's twelve lessons, with exercises, rituals, and homework, follow the traditional Wiccan one-year and a-day training period. It culminates in a self-test and self-initiation ritual to the second degree of witchcraft: the arena of the priestess and priest. Christopher B. Hays,2015 Shows how ancient Near Eastern attitudes toward death illumine the Hebrew Bible Death is one of the major themes of First Isaiah although it has not generally been recognized as such In this work Christopher Hays offers fresh interpretations of more than a dozen passages in Isaiah 5 38 in light of ancient beliefs about death What especially distinguishes Hays s study is its holistic approach as he brilliantly synthesizes both literary and archaeological evidence resulting in new insights Hays first summarizes what is known about death in the ancient Near East during the Second Iron Age covering beliefs and practices in Mesopotamia Egypt Syria Palestine and Judah Israel He then shows how select passages in the first part of Isaiah employ the rhetorical imagery of death that was part of their cultural context further he identifies ways in which these texts break new creative ground The Monomyth Reboot Nadia Salem,2023-12-12 In this book Nadia Salem examines and questions the enduring relevance of the monomyth or the hero s journey for storytellers and their audiences Created by Joseph Campbell and largely popularized by George Lucas the hero s journey has come to define mythic quests for all However in recent years this genderless paradigm has lost its appeal as a repetitive Bildungsroman and as a result Salem argues for the inclusion of the heroine s journey as a Künstlerroman and a voice of alterity Where the hero s journey reflects a coming of age the heroine s journey reflects a coming of middle age which are arguably equally necessary for the complete fulfillment of character Taking a fresh look at the monomyth Salem analyzes the narratives of Eros and Psyche Jane Eyre and Titanic to argue for an emphasis on the integration of both the hero s and the heroine s journeys Ultimately this book demonstrates how the monomyth as rebooted turns monomythic mythopoesis into fertile ground for the kinds of epiphanies demanded by transmodernism Scholars of film studies communication composition and mythology will find this book of particular interest Death in the Iron Age II and in First Isaiah Christopher B. Hays,2011 Death is one of the major themes of First Isaiah although it has not generally been recognized as such Images of death are repeatedly used by the prophet and his earliest tradents The book begins by concisely summarizing what is known about death in the Ancient Near East during the Iron Age II covering beliefs and practices in Mesopotamia Egypt Syria Palestine and Judah Israel Incorporating both textual and archeological data Christopher B Hays surveys and analyzes existing scholarly literature on these topics from multiple fields Focusing on the text s meaning for its producers and its initial audiences he describes the ways in which the rhetoric of death functioned in its historical context and offers fresh interpretations of more than a dozen passages in Isa 5 38 He shows how they employ the imagery of death that was part of their cultural contexts and also identifies ways in which they break new creative ground This holistic approach to questions that have attracted much scholarly attention in recent decades produces new

insights not only for the interpretation of specific biblical passages but also for the formation of the book of Isaiah and for the history of ancient Near Eastern religions *The King's Jewel* Sarena and Sasha Nanua,2013-07 An Invisible Journey Begins An invisible force pushed me back to the solid forest ground Th e portal sealed off with one last burst of light and then I was left alone with the eerily tall trees I lay on the forest floor for a moment shuddering from the encounter with the woman I pushed myself off the ground and crossed the dirty forest path to the twins house still jittering It didn t take long for me to register the familiarity of the woman her black hair charcoal eyes venomous tone The headmistress was back AFTER AN UNTHINKABLE BATTLE Arica Miller is bursting with questions The last thing she expected was to go to the source of all magic the Sorcerers Underworld She soon realizes the magical world is facing an immense threat The king s crown also known as the Jewel has been stolen by an unknown thief And what s worse the gemstones have been taken by a magical flood that has a suspicious link to the headmistress Now Arica and her cousins are summoned to go on a dangerous search that leads them to the waters of the Bermuda Triangle If Arica wishes to return home she must find the gemstones and unlock the mystery of the Jewel s thief but what she doesn t realize is that the culprit could be closer to her than she d ever imagined

King Robert the Bruce gives permission to his younger brother Edward to invade and conquer Ireland Edward Bruce leads his army of seasoned Scots into Ireland wearing the Golden Harp Brooch He had taken it from the slain body of Edward II's favorite nephew at Bannockburn After three years of Bruce's terror and defeat of defending armies John de Bermingham steps forward to lead the Anglo Norman militias of Ireland into the final battle against the never defeated Bruce whom the native Irish had crowned High King of all Ireland The historical novel is based on actual historical events and individuals Only the motivations and inner feelings of the main characters are based on the authors imagination Of the twenty four characters in the novel only four are fictional The opening sequence of the novel starts with a monologue given by the novels narrator an Irish Dominican monk from Athenry County Galway Grey Friars Church London 1528 A D An Irish Friar speaks Have I gone mad For the past two days I Seamus Cassidy a lowly Dominican priest have been conversing non stop in Gaelic with the devil I am upset and fearful as to why this evil spirit from the depths of hell has chosen to disclose to me an incredible tale which reveals some of the darkest secrets of the fourteenth century Was the King of England brutally murdered in 1327 Or did the much maligned Edward II escape his intended murders flee into Ireland and then later live hidden for the rest of his natural life in Italy I now possess all the knowledge I need to know to lay *Between Three Worlds* John C. Stephens, 2023-02-10 This book explores the motif of the spiritual journey and its evolution in Western literature A spiritual journey can be broadly defined as a search for the divine Such a search can occur either internally as a psychological process or in some cases may involve an actual geographic journey Spiritual journeys can be conducted by individuals or groups In exploring this topic various kinds of texts will be reviewed including autobiographies novels and short stories as well as myths folktales and mystical writings The book classifies spiritual journey narratives into four categories theological journeys mystical journeys mythopoetic journeys and allegorical journeys Representative texts have been selected in the history of Western religious literature that illustrate the basic features of each of these four categories *From Hittite to Homer* Mary R. Bachvarova, 2016-03-10 This book takes a bold new approach to the prehistory of Homeric epic arguing for a fresh understanding of how Near Eastern influence worked **Elohim II: Ascension of the King** Kerry L. Barger, 2018-02 This book is the sequel to *Elohim Ancient Science Fiction or Biblical God* It explores what may have been and offers a glimpse at those who could soon be returning to Earth in our very near future At the core of the facts presented within these chapters lies a conundrum There once existed an author who claimed to be the creator of the human race and he wrote down his memoirs over 5 000 years ago His tale evolved into many ancient religions The question is was he actually an alien being who came to Earth from another planet and wrote a truthful autobiography or was his book a science fiction novel written by a mere mortal Either scenario reveals a compelling reality an ancient pre historic society once thrived on our planet that either rivaled or exceeded our modern achievements in science and space technology
