Contemporary Latin American Social and Political Thought Iván Márquez,2008-02-07 This anthology offers the first serious broad ranging collection of English translations of significant Latin American contributions to social and political thought spanning the last forty years Iván Márquez has judiciously selected narratives of resistance and liberation The United Presbyterian ,1907 **Modern Christian Thought: The twentieth century** James C. Livingston,Francis Schüssler Fiorenza, This widely acclaimed introduction to modern Christian thought formerly published by Prentice Hall provides full scholarly accounts of the major movements and thinkers theologians and philosophers in the Christian tradition since the eighteenth century Enlightenment together with solid historical background and critical assessments This second edition deals with the entire modern period in both Europe and America and is the first to include extensive treatment of modern Catholic thinkers Evangelical thought and Black and Womanist theology **God's Beauty-in-Act** Stephen M. Garrett,2013-07-24 Jurgen Moltmann and others contend that Christian theology and the church face a dual crisis one of relevance and the other of identity Despite making this pronouncement nearly forty years ago the church in the West continues to struggle with this crisis Several proposals have been espoused from the way of wisdom to the way of ecclesial praxis Yet little attention is given in Protestant theological discourse to the role God's beauty plays in bringing theology and ethics together By neglecting God's beauty for theological discourse we risk diminishing Christian worship witness and wisdom God's Beauty in Act addresses these issues in part by arguing that the redemptive creative suffering and glorious resurrection of Christ are the nexus of God's being beauty and Christian living God's beauty understood as the fittingness of the incarnate Son's actions in the Spirit to the Father's will radiates God's glory and draws perceivers into the dramatic movements of God's triune life These movements serve as the patterns that shape the imagination enabling participants to perform their parts creatively and fittingly in God's drama of redemption In doing so human beings flourish as they jettison false identities and realities of their own making that are incommensurate with God's purpose found in Christ by the Spirit The Western Christian Advocate ,1914
