Transformations in Slavery Paul E. Lovejoy, 2000-08-28 This history of African slavery from the fifteenth to the early twentieth century examines how indigenous African slavery developed within an international context Professor Lovejoy discusses the medieval Islamic slave trade and the Atlantic trade as well as the enslavement process and the marketing of slaves He considers the impact of European abolition and assesses slavery's role in African history The book corrects the accepted interpretation that African slavery was mild and resulted in the slaves assimilation The new edition incorporates recent research revised statistics on the slave trade demography and an updated bibliography

Why Wars Happen Jeremy Black, 1998 Addressing the question of why wars happen this book bridges the disciplines of history political science and international relations and spans the period from 1450 to the present Examples are used from many parts of the world to demonstrate the universality of conflict The author looks at the problems of defining war and considers the major theories advanced for the causes of war to date Do wars primarily reflect bellicosity in societies and states or do they arise largely as a result of the breakdown of diplomatic systems How far are the causes of war related to changes in the nature of warfare of the international system or of the internal character of states Black investigates instances of wars that are deliberate or accidental and analyzes the three main forms

of war civil wars wars across cultures and wars within cultures He also considers the present situation and asks where we are heading in terms of future wars

The African Diaspora Joseph E. Harris, 1996 As Africans and descendants of slaves have sought to expand an understanding of their history focus on the African diaspora the global dispersal of a people and their culture has increased African studies have assumed a prominent place in historical scholarship and a growing number of non African scholars has helped revise a discipline established over several decades The six contributions in this volume were compiled as a result of the thirtieth Walter Prescott Webb Memorial Lecture held at the University of Texas at Arlington The contributors nationally recognized in the field represent a collaborative analysis of the African diaspora from African and non African perspectives Joseph E Harris discusses how the African diaspora influences the economies politics and social dynamics of both the homeland and the host country Alusine Jalloh reconstructs the mercantile activities of the Fula in colonial Sierra Leone Joseph E Inikori argues that slavery and serfdom in medieval Europe provide greater insights into precolonial Africa than do standard New World comparisons Colin A Palmer examines the power relationships that undergirded American slavery in order to better understand the enslaved Douglas B Chambers reveals the enduring influence of Africanisms in the historical development of Afro Virginian slave culture And Dale T Graden looks at African slavery in Salvador Bahia Brazil between 1848 and 1856 focusing on the Bahian elite and their response to slave resistance

Congo Thomas Turner, 2013-04-18 The Democratic Republic of Congo has become one of the world's bloodiest hot spots 2003 saw the end of a five year war in which millions lost their lives one of the deadliest conflicts since World War II Despite recent peace agreements and democratic elections the country is still plagued by army and militia violence Congo remains deeply troubled since the deep rooted causes of conflict have not been adequately addressed The conflict in the DRC has divided opinion some call it a civil war or a war of aggression by the country's neighbours others a continuation of Rwanda's Hutu Tutsi conflict on Congolese soil and a war of partition and pillage The prevalence of rape and sexual violence has led some analysts to mark it out as a hidden war against women Tom Turner's insightful book reveals

how each of these descriptions accurately captures the separate elements of this complex and multidimensional political conflict In exploring each of these contributory factors he shows how current attempts to rebuild the shattered state and society of DRC are doomed to fail So long as the full complexity of the Congo crisis is not taken into account and a clear consensus as to its precise dimensions reached the future looks bleak The DRC he argues will likely remain a global hot spot for some time to come

Encyclopedia of African Colonial Conflicts Timothy J. Stapleton, 2016-11-07 Two volumes introduce the history of colonial wars in Africa and illustrate why African countries like the Democratic Republic of Congo Nigeria Somalia and Sudan continue to experience ethnic political and religious violence in the early 21st century This sweeping study examines the wars of colonial conquest fought in Africa during the 19th and early 20th centuries From Britain's efforts to wrest control of the Sudan from military leader Muhammad Ahmad al Mahdi to Italy's decisive defeat at the Battle of Adowa in Ethiopia to Leopold II's brutal reign over the Belgian Congo the work surveys the devastation reaped upon the continent by colonization and illustrates how its combative influence continues to resonate in Africa today Written by scholars in the fields of history and politics this complete reference includes entries on wars campaigns rebellions battles leaders and organizations The work delves into key historical periods including the Scramble for Africa ca 1880 to 1910 early European colonial wars in Africa such as the Dutch in the Cape and the Portuguese in Angola and Mozambique and African rebellions against the early colonial state in the 1890s and early 1900s Entries feature prominent events and personalities as well as lesser known occurrences and players

The History of Congo Didier Gondola, 2002-12-30 This book begins with a survey of Congo's early history when diverse peoples such as the Luba the Kuba and the Nilotic inhabited the area and continues by tracing the country's history through the Belgian period of colonization and the dictatorships of Mobutu and Kabila Biographical portraits present important figures in Congo's storied history An annotated bibliography and chronology help make this the most current and accessible introduction to this fascinating complex and long suffering nation The Democratic Republic of Congo formerly Zaire is located at the center of Africa The country encompasses the entire Congo River Basin the potential source of 13% of the world's hydroelectric power The Congo River Basin also contains one third of Africa's rainforests countless species of trees and more than 10 000 species of flowering plants Congo contains extremely valuable deposits of diamonds and coltan a metal used in high tech machinery Because of this abundance of natural resources Congo has unfortunately been the site of colonial domination repressive dictatorships and internecine violence between rebel groups and neighboring countries

Spaces of Enslavement Andrea C. Mosterman, 2021-10-15 In *Spaces of Enslavement* Andrea C Mosterman addresses the persistent myth that the colonial Dutch system of slavery was more humane Investigating practices of enslavement in New Netherland and then in New York Mosterman shows that these ways of racialized spatial control held much in common with the southern plantation societies In the 1620s Dutch colonial settlers brought slavery to the banks of the Hudson River and founded communities from New Amsterdam in the south to Beverwijk

near the terminus of the navigable river When Dutch power in North America collapsed and the colony came under English control in 1664 Dutch descendants continued to rely on enslaved labor Until 1827 when slavery was abolished in New York State slavery expanded in the region with all free New Yorkers benefitting from that servitude Mosterman describes how the movements of enslaved persons were controlled in homes and in public spaces such as workshops courts and churches She addresses how enslaved people responded to regimes of control by escaping from or modifying these spaces so as to expand their activities within them Through a close analysis of homes churches and public spaces Mosterman shows that over the course of the seventeenth and eighteenth centuries the region's Dutch communities were engaged in a daily struggle with Black New Yorkers who found ways to claim freedom and resist oppression *Spaces of Enslavement* writes a critical and overdue chapter on the place of slavery and resistance in the colony and young state of New York

The Routledge Companion to Race in Early Modern Artistic, Material, and Visual Production Nicholas R. Jones, Christina H. Lee, Dominique E. Polanco, 2025-05-30 This companion analyzes frames and provokes race in insightful ways that center non white communities artistic and visual expression in the early modern period rather than presenting the bias of European artistic and visual depictions of the colonization enslavement and subordination of People of Color The organization of the book moves chronologically taking a conceptual and thematic framework This collection provides a spectrum of object ased case studies of artistic production bjects and object types rom six continents between the 1400s and 1800s Contributions take an art historical approach characterized by a close analysis of form function and meaning with a particular focus on questions of cross ultural dialog and provenance Additionally there is an emphasis on material culture The book will interest scholars working in African diaspora studies art history visual culture material culture Indigenous studies Renaissance studies musicology early modern studies decolonial studies and race and racism studies

A History of Genocide in Africa Timothy J. Stapleton, 2017-04-17 Based on a series of detailed case studies this book presents the history of genocide in Africa within the specific context of African history examining conflicts in countries such as Burundi Democratic Republic of

Congo Namibia Rwanda and Sudan Why has Africa been the subject of so many accusations related to genocide Indeed the number of such allegations related to Africa has increased dramatically over the past 15 years Popular racist mythology might suggest that Africans belong to tribes that are inherently antagonistic towards each other and therefore engage in tribal warfare which cannot be rationally explained This concept is wrong as Timothy J Stapleton explains in A History of Genocide in Africa the many conflicts that have plagued post colonial Africa have had very logical explanations and very few of these instances of African warring can be said to have resulted in genocide Authored by an expert historian of Africa this book examines the history of six African countries Namibia Rwanda Burundi Democratic Republic of Congo Sudan and Nigeria in which the language of genocide has been mobilized to describe episodes of tragic mass violence It seeks to place genocide within the context of African history acknowledging the few instances where the international legal term genocide has been applied appropriately to episodes of mass violence in African history and identifying the many other cases where it has not and instead the term has been used in a cynical manipulation to gain some political advantage Readers will come to understand how to a large extent genocide accusations related to post colonial Africa have often served to prolong wars and cause greater loss of life The book also clarifies how in areas of Africa where genocides have actually occurred there appears to have been a common history of the imposition of racial ideologies and hierarchies during the colonial era which when combined with other factors such as the local geography demography religion and or economics resulted in tragic and appalling outcomes
