Wolfe, 1997 Folk Songs of Middle Tennessee is superior to most collections because Boswell cast a wide net in his collecting recording many items from people not usually thought of as folksingers and because unlike most collectors of his day he was equally skilled at music and lyric transcription W K McNeil The Ozark Folk Center This volume brings together for the first time more than one hundred traditional songs from Middle Tennessee a region that is synonymous in the popular mind with music but one that has been curiously neglected in folksong scholarship The songs presented here were originally collected in the late 1940s and early 1950s by George Boswell a distinguished scholar and field researcher who died in 1995 While living in Nashville Boswell scoured the city and surrounding counties for old ballads and folk songs Sometimes using a wire or tape recorder at other times employing a stenographer he visited numerous singers and transcribed the words and tunes to hundreds of songs Even after moving from Tennessee to assume a teaching position at the University of Mississippi Boswell continued to work on his collection annotating and comparing texts and publishing occasional samples In 1950 he noted that Tennessee virtually alone among southern states had no published collection of its folk songs That has remained the case until now The songs chosen for this book are presented with musical notation and extensive background notes including biographical data on the original informants many of whom were business and professional people and fascinating histories of each song A number of the songs are rare and previously uncollected others are local variants of long popular ballads The publication of this volume the

The Late Victorian Folksong Revival E. David Gregory, 2010-04-13 In *The Late Victorian Folksong Revival The Persistence of English Melody 1878 1903* E David Gregory provides a reliable and comprehensive history of the birth and early development of the first English folksong revival Continuing where Victorian Songhunters his first book left off Gregory systematically explores what the Late Victorian folksong collectors discovered in the field and what they published for posterity identifying differences between the songs noted from oral tradition and those published in print In doing so he determines the extent to which the collectors distorted what they found when publishing the results of their research in an era when some folksong texts were deemed unsuitable for polite ears The book provides a reliable overall survey of the birth

of a movement tracing the genesis and development of the first English folksong revival. It discusses the work of more than a dozen song collectors focusing in particular on three key figures: the pioneer folklorist in the English west country Reverend Sabine Baring Gould, Frank Kidson, who greatly increased the known corpus of Yorkshire song, and Lucy Broadwood, who collected mainly in the counties of Sussex and Surrey and with Kidson and others was instrumental in founding the Folk Song Society in the late 1890s. The book includes copious examples of the song tunes and texts collected, including transcriptions of nearly 300 traditional ballads, broadside ballads, folk lyrics, occupational songs, carols, shanties, and national songs, demonstrating the abundance and high quality of the songs recovered by these early collectors.

Embodying Music: A

Textbook for Dalcroze Teacher Training towards the Dalcroze Professional Certificate Jeremy Dittus, 2025-04-08

Dalcroze Education is an experiential way of knowing music through the body. This dynamic and profound philosophy stems from an oral tradition that can be traced back to those who studied directly with mile Jaques Dalcroze in Geneva, Switzerland during his lifetime 1865-1950. Recent trends in music education and Dalcroze students' stated needs have demanded more specificity and accessibility; these books aim to meet those needs by providing examples of many important skills necessary for a successful Dalcrozian without being narrow or prescriptive. Dalcroze Eurhythmics, Solfège, Improvisation, Plastique, Animé, and Pedagogy are all addressed in these volumes to prepare students to earn the Dalcroze Professional Certificate. Students using this text should be enrolled at an authorized Dalcroze Training Center run by someone who holds the Diplôme Supérieur from l'Institut Jaques Dalcroze in Geneva, Switzerland. Students who use these books should already have had a fair amount of musical training; an undergraduate degree in music is recommended though not required as the starting point for readers of these texts. It is my hope that these books will enable individuals to gain access to la Méthode Jaques Dalcroze with more efficiency and facility while maintaining the high standards of musicianship that are required to offer joyful and musically inspiring coursework in Dalcroze Education.
