The Korean Frontier In America Immigration To Hawaii 1896 191:

The Korean Frontier in America Wayne Patterson, 2021-05-25 Korean immigration to Hawaii provides a striking glimpse of the inner workings of Yi dynasty Korea in its final decade. It is a picture of confusion, functionalism, corruption, oppression, and failure of leadership at all levels of government. Patterson suggests that the weakness of the Korean government on the issue of emigration made it easier for Japanese imperialism to succeed in Korea. He also revises the standard interpretation of Japanese foreign policy by suggestion that prestige, the need to prevent the United States from passing a Japanese exclusion act as well as security, was a motivating factor in the establishment of a protectorate over Korea in 1905. In the process, he uncovers a heretofore hidden link between Japanese imperialism in Korea and Japanese American relations at the turn of the century. The author has made extensive use of archival materials in Korea, Japan, Hawaii, and Washington D C in researching a subject that has been neglected both in the United States and Korea. The study presents new information on the subject along with a keen analysis and innovative interpretation in a readable and accessible style. The work will be of significant value to specialists in Korean history, Korean American relations, Japanese history, Japanese Korean relations, U S Japanese relations, Hawaiian history, and U S diplomatic history. *Koreans in Central California (1903-1957)* Marn J. Cha, 2010-10-11 The Korean Kingdom and the United States signed a Treaty of Amity and Commerce in 1882. This treaty opened Korea to American missionaries who proselytized Christianity to the Koreans. When Hawaii sugar planters recruited Koreans to come to Hawaii to work in the Hawaii sugar plantations, they picked most of the Korean Hawaii emigrants from the Korean Christian converts. Between 1902 and 1905, some 7 000 of them immigrated to Hawaii. Of those 7 000, about 2 000 transmigrated to the mainland. Most of these Hawaii Korean trans migrants settled on the West Coast, primarily in California. This book tells the Korean immigrants' life stories in California's eight San Joaquin Valley farm communities: Fresno, Hanford, Visalia, Dinuba, Reedley, Delano, Willows, and Maxwell. It describes how they survived through discrimination and injustices in early twentieth century America and also details the Korean immigrants' efforts to regain their lost motherland from Japanese colonialism, 1910-1945.
