The Labour Party since 1945 Kevin Jefferys, 1993-08-17 What caused the strange death of Labour Britain? Why did the party that swept to power in 1945 and governed for half of the next twenty five years falter so badly in the 1970's and 1980's? Here the author weighs up the conflicting arguments and also takes a broader look at the interaction of policy, ideology and organisation in Labour's history. By drawing together these themes Dr Jefferys provides a wide ranging introductory study, the first historical overview of the Labour party to cover the whole period between the eras of Clement Attlee and John Smith

The Labour Party B. Brivati, R. Heffernan, 2000-05-08 On 27 February 1900 the Labour Representation Committee was formed to campaign for the election of working class representatives to parliament. This book is a unique opportunity both to celebrate and assess critically the Labour Party's role in shaping events of the twentieth century. It brings together academics from a variety of disciplines to examine the history of the Party's development. Historical Perspectives on Macroeconomics Philippe Fontaine, Albert Jolink, 2005-08-12 Since the publication of Keynes's *General Theory of Employment, Interest and Money* in 1936, macroeconomic theory has altered considerably. Each author in this volume focuses on an issue which either preceded, accompanied or followed the Keynesian Revolution and helped to shape economics in subsequent years. They also highlight some of the controversies in macroeconomic theory and review the macroeconomic policy implications and consequences

Nostalgia and the post-war Labour Party Richard Jobson, 2018-01-08 This book examines the impact that nostalgia has had on the Labour Party's political development since

1951 It argues that nostalgia has defined Labour's identity and determined the party's trajectory Nostalgia has hindered policy discussion determined the form and parameters of party modernisation shaped internal conflict and cohesion and made it difficult for the party to adjust to socioeconomic changes It has frequently left the party out of touch with the modern world In this way this study offers an assessment of Labour's failures to adapt to the changing nature of post war Britain and will be of interest to both students and academics and to those with a more general interest in Labour's history and politics
