Sir Philip Manderson Sherlock

The Land And People Of The West Indies:

The Land and People of the West Indies Philip Sherlock, 1967-01-01 Describes the past history and current development of the seven hundred islands whose climates, flora and geography are similar but whose allegiances to culture, politics and nationality vary greatly The Land and People of the West Indies , 1996 The Land and People of the West Indies Sir Philip Manderson Sherlock, 1967 Describes the past history and current development of the seven hundred islands whose climates, flora and geography are similar but whose allegiances to culture, politics and nationality vary greatly Critical Perspectives on Caribbean Literature and Culture Dorsía Smith, Tatiana Tagirova, 2011-01-18 Critical Perspectives on Caribbean Literature and Culture is a collection of a dozen essays by Caribbean scholars living in the Caribbean and around the world. Each of the three sections of the book explores the Caribbean as a diasporic space through the lenses of literary and cultural systems. Negotiating Borders: Women, Sexuality and Identity examines the creolized identities of Caribbean societies, gender roles of women, impact of sexual tourism and censorship of Latino gays and lesbians. The essayists in this section note that much work still needs to be done in academia to give voice to repressed Caribbean populations. Creating Spaces of Caribbean Artistic Expression: Multiple Representations focuses on how music, identity, art and language depict the diversity of the Caribbean experience. In this section, the essayists examine how the process of creation extends to new cultural expressions. Deconstructing the Diaspora: Caribbean Writers as Political Activists takes into account the tension between oppressor and oppressed, a pressing issue for many Caribbean authors, and focuses on the role of writers in reconstructing Caribbean culture, politics and history. In pursuit of a more comprehensive West Indian view, this publication provides a novel perspective on Caribbean literary, cultural and historical experience. The essays featured complement each other in their representation of the multiplicitous Caribbean region with all its claims and anxieties. They cover a wide range of writers and diverse cross-cultural encounters within the Caribbean region and reflect on issues such as Caribbean identity, migration and artistic form of expression. This publication cuts across geographies, cultures and disciplines, enriching Caribbean scholarship by recognizing the Caribbean's tradition of resistance and courage. *Lands and Peoples of the World: Latin America, Africa, and Australia* Robert M.
