## **The Language Of Democracy Political Rhetoric In The United States And Britain 1790 19:**

*The Language of Democracy* Andrew Whitmore Robertson, 2005 Tracing the history of political rhetoric in nineteenth century America and Britain Andrew W Robertson shows how modern election campaigning was born Robertson discusses early political cartoons and electioneering speeches as he examines the role of each nation's press in assimilating masses of new voters into the political system Even a decade after the American Revolution the authors shows British and American political culture had much in common On both sides of the Atlantic electioneering in the 1790s was confined mostly to male elites and published speeches shared a characteristically Neoclassical rhetoric As voting rights were expanded however politicians sought a more effective medium and style for communicating with less educated audiences Comparing changes in the modes of in the two countries Robertson reconstructs the transformation of campaign rhetoric into forms that incorporated the oral culture of the stump speech as well as elite print culture By the end of the nineteenth century the press had become the primary medium for initiating persuading and sustaining loyal partisan audiences In Britain and America millions of men participated in a democratic political culture that spoke their language played to their prejudices and courted their approval Today's readers concerned with broadening political discourse to reach a more diverse audience will find rich and intriguing parallels in Robertson's account

Scandal and Civility Marcus Daniel, Marcus Leonard Daniel, 2010-09-29 A compelling account of how passionately partisan editors in the early Republic overthrew impartial journalism and sparked the birth of democracy in America

**Satire and Politics** Jessica Milner Davis, 2017-11-17 This book examines the multi media explosion of contemporary political satire Rooted in 18th century Augustan practice satire's indelible link with politics underlies today's universal disgust with the ways of elected politicians This study interrogates the impact of British and American satirical media on political life with a special focus on political cartoons and the levelling humour of Australasian satirists

**Rethinking Nineteenth-Century Liberalism** Simon Morgan, 2017-05-15 Richard Cobden 1804-65 rose from humble beginnings to become the leading advocate of nineteenth century free trade and liberalism As a fierce opponent of the Corn Laws and promoter of international trade he rapidly became an influential figure on the national stage whose name became a byword for political and economic reform Yet despite the familiarity with which contemporaries and historians refer to Cobdenism his ideals and beliefs are not always easy to identify and classify in a coherent way Indeed as this volume makes clear the variety diversity and malleability of the Cobdenite project attest to the lack of a strict dogma and highlight Cobden's underlying pragmatism Divided into five sections this collection of essays offers a timely reassessment of Cobden's career its impact and legacy in the two hundred years since his birth Beginning with an investigation into the intellectual and cultural background to his emergence as a national political figure the volume then looks at Cobden's impact on the making of Victorian liberal politics The third section examines Cobden's wider influence in Europe particularly the impact of his tour of 1846-47 which was in many ways a defining moment not only in the making of Cobden's liberalism but in the making of

liberal Europe Section four broadens the theme of Cobden's contemporary impact including his contribution to the debate on peace internationalism and the American Civil War whilst the final section opens up the theme of Cobden's contested legacy the variety of interpretations of Cobden's ideas and their influence on late nineteenth and twentieth century politics Offering a broad yet coherent investigation of the Cobdenite project by leading international scholars this volume provides a fascinating insight into one of the nineteenth century's most important figures whose ideas still resonate today

*Guerrillas, Unionists, and Violence on the Confederate Home Front* Daniel E. Sutherland, 1999-08-01 Until recently this localized violence was largely ignored scholars focusing instead on large scale operations of the war the decisions and actions of generals and presidents But as Daniel Sutherland reminds us the impact of battles and elections cannot be properly understood without an examination of the struggle for survival on the home front of lives lived in the atmosphere created by war Sutherland gathers eleven essays by such noted Civil War scholars as Michael Fellman Donald Frazier Noel Fisher and B F Cooling each one exploring the Confederacy's internal war in a different state All help to broaden our view of the complexity of war and to provide us with a clear picture of war's consequences its impact on communities homes and families This strong collection of essays delves deeply into what Daniel Sutherland calls the desperate side of war enriching our understanding of a turbulent and divisive period in American history

**Aristocratic Women and the Literary Nation, 1832-1867** M. O'Connell, 2015-12-17 Aristocratic women flourished in the Victorian literary world their combination of class privilege and gendered exclusion generating distinctively socialized modes of participation in cultural and political activity Their writing offers an important trope through which to consider the nature of political private and public spheres

*Civic Wars* Mary P. Ryan, 1997-06-16 Mary P Ryan traces the fate of public life and the emergence of ethnic class and gender conflict in the nineteenth century city in this ambitious retelling of a key period of American political and social history Basing her analysis on three quite different cities New York New Orleans and San Francisco Ryan illustrates how city spaces were used understood and fought over by a dazzling variety of social groups and political forces She finds that the democratic exuberance America enjoyed in the 1820s and 1840s was irrevocably damaged by the Civil War Civic life rebounded after the War but was in Ryan's words less public less democratic and more visibly scarred by racial bigotry Ryan's analysis is played out on three different levels the spatial the ceremonial and the political As she follows the decline of informal democracy from the age of Jackson to the heyday of industrial capitalism she finds the roots of America's resilient democratic culture in the vigorous often belligerent urban conflicts that found expression in the social movements riots celebrations and other events that punctuated daily life in these urban centers With its insightful comparisons meticulous research and graceful narrative this study illustrates the ways in which American cities of the nineteenth century were as full of cultural differences and as fractured by social and economic changes as any metropolis today

**Freedom's Battle** Gary J. Bass, 2009-10-13 This gripping and important book brings alive over two hundred years of humanitarian

interventions Freedom's Battle illuminates the passionate debates between conscience and imperialism ignited by the first human rights activists in the 19th century and shows how a newly emergent free press galvanized British American and French citizens to action by exposing them to distant atrocities Wildly romantic and full of bizarre enthusiasms these activists were pioneers of a new political consciousness And their legacy has much to teach us about today's human rights crises

American Sectionalism in the British Mind, 1832-1863 Peter O'Connor, 2017-11-13 Using an innovative interdisciplinary approach *American Sectionalism in the British Mind 1832-1863* provides a corrective to simplified interpretations of British attitudes towards the US during the antebellum and early Civil War periods It explores the many complexities of transatlantic politics and culture and examines developing British ideas about US sectionalism from the abolition of slavery in the British Empire and the Nullification Crisis in South Carolina 1832-1863 through to the Civil War It also demonstrates how these pre-war engagements with the US influenced popular British responses to the outbreak of the Civil War **1995** Massimo Mastrogregori, 2014-02-21 Annually published since 1930 the International bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The works are arranged systematically according to period region or historical discipline and within this classification alphabetically The bibliography contains a geographical index and indexes of persons and authors America's Jubilee Andrew Burstein, 2007-12-18 In *America's Jubilee* distinguished historian Andrew Burstein presents an engrossing narrative that takes us back to a pivotal year in American history 1826 when the reins of democracy were being passed from the last Revolutionary War heroes to a new generation of leaders Through brilliant sketches of selected individuals and events Burstein creates an evocative portrait of the hopes and fears of Americans fifty years after the Revolution We follow an aged Marquis de Lafayette on his triumphant tour of the country and learn of the nearly simultaneous deaths of John Adams and Thomas Jefferson on the 4th of July We meet the ornery President John Quincy Adams the controversial Secretary of State Henry Clay and the notorious hot tempered General Andrew Jackson We also see the year through the eyes of a minister's wife a romantic novelist and even an intrepid wheel of cheese Insightful and lively *America's Jubilee* captures an unforgettable time in the republic's history when a generation embraced the legacy of its predecessors and sought to enlarge its role in America's story *America, History and Life*, 2002 Article abstracts and citations of reviews and dissertations covering the United States and Canada **The Reinvention of Populist Rhetoric in The Digital Age** Mark Rolfe, 2016-11-23 This highly original work considers the rhetoric of political actors and commentators who identify digital media as the means to a new era of politics and democracy Placing this rhetoric in a historical and intellectual context it provides a compelling explanation of the reinvention and thematic recurrence of democratic discourse The author investigates the populist sources of rhetoric used by digital politics enthusiasts as outsiders inaugurating new eras of democracy with digital media such as Barack Obama and Julian Assange and explores the

generations of rhetorical and political history behind them The book places their rhetoric in the context of the permanent tensions between insiders and outsiders between the political class and the populace which are inherent to representative democracy Through a theoretical and conceptual research that is historically grounded and comparative it offers rhetorical analysis of candidates for the 2016 presidential election and discusses digital democracy particularly discussing their origins in American populism and their influence on other countries through Americanization Uniquely it offers a sceptical assessment of epochal claims and a historical rhetorical account of two of the defining figures of twentieth century politics to date and reveals how modern rhetoric is grounded in an older form of anti politics and mobilises tropes that are as old as representative democracy itself

**For the People** Ronald P. Formisano, 2008-02-25 For the People offers a new interpretation of populist political movements from the Revolution to the eve of the Civil War and roots them in the disconnect between the theory of rule by the people and the reality of rule by elected representatives Ron Formisano seeks to rescue populist movements from the distortions of contemporary opponents as well as the misunderstandings of later historians From the Anti Federalists to the Know Nothings Formisano traces the movements chronologically contextualizing them and demonstrating the progression of ideas and movements Although American populist movements have typically been categorized as either progressive or reactionary left leaning or right leaning Formisano argues that most populist movements exhibit liberal and illiberal tendencies simultaneously Gendered notions of manhood are an enduring feature yet women have been intimately involved in nearly every populist insurgency By considering these movements together Formisano identifies commonalities that belie the pattern of historical polarization and bring populist movements from the margins to the core of American history

**Political Rhetoric, Social Media, and American Presidential Campaigns** Janet Johnson, 2020-12-10 Political Rhetoric Social Media and American Presidential Campaigns explores how social media influenced presidential campaign rhetoric The author discusses media use in American presidential campaigns as well as social media campaigns for Barack Obama Mitt Romney Hillary Clinton and Donald Trump This book addresses how presidential candidates adapted their rhetorical performances for newspapers radios television and the Internet Scholars of rhetoric and political communication will find this book particularly useful

On the Stump Sean Scalmer, 2017-09 Stumping or making political speeches in favor of a candidate cause or campaign has been around since before the 1800s when speechmaking was frequently portrayed as delivered from the base of a tree The practice which has been strongly associated with the American frontier British agitators and colonial Australia remains an effective component of contemporary democratic politics In his engaging book On the Stump Sean Scalmer provides the first comprehensive transnational history of the stump speech He traces the development and transformation of campaign oratory as well as how national elections and public life and culture have been shaped by debate over the past century Scalmer presents an eloquent study of how stumping careers were made sustained remembered and exploited to capture the complex rhythms of political

change over the years On the Stump examines the distinctive dramatic and performative styles of celebrity orators including Davy Crockett Henry Clay and William Gladstone Ultimately Scalmer recovers the history of the stump speech and its historical significance in order to better understand how political change is forged

**Stonewall Jackson, Beresford Hope, and the Meaning of the American Civil War in Britain** Michael Turner, 2020-10-21 In this comprehensive examination of British sympathy for the South during and after the American Civil War Michael J Turner explores the ideas and activities of A J Beresford Hope one of the leaders of the pro Confederate lobby in Britain to provide fresh insight into that seemingly curious allegiance Hope and his associates cast famed Confederate general Thomas J Stonewall Jackson as the embodiment of southern independence courage and honor elevating him to the status of a hero in Britain Historians have often noted that economic interest political attitudes and concern about Britain's global reach and geostrategic position led many in the country to embrace the Confederate cause but they have focused less on the social cultural and religious reasons enunciated by Hope and ostensibly represented by Jackson factors Turner suggests also heightened British affinity for the South During the war Hope noticed a tendency among British people to view southerners as heroic warriors in their struggle against the North He and his pro southern followers shared and promoted this vision framing Jackson as the personification of that noble mission and raising the general's profile in Britain so high that they collected enough funds to construct a memorial to him after his death in 1863 Unveiled twelve years later in Richmond Virginia the statue stands today as a remarkable artifact of one of the lesser known strands of British pro Confederate ideology

**Stonewall Jackson Beresford Hope and the Meaning of the American Civil War in Britain** serves as the first in depth analysis of Hope as a leading pro southern activist and of Jackson's reputation in Britain during and after the Civil War It places the conflict in a transnational context that reveals the reasons British citizens formed bonds of solidarity with the southerners whom they perceived shared their social and cultural values

**The Civil War in the Age of Nationalism** Duncan A. Campbell, Niels Eichhorn, 2024-04-10 While historians have acknowledged that the issues of race slavery and emancipation were not unique to the American Civil War they have less frequently recognized the conflict's similarities to other global events As renowned historian Carl Degler pointed out the Civil War was one among many such conflicts during the mid nineteenth century Understanding the Civil War's place in world history requires placing it within a global context of other mid nineteenth century political social and cultural issues and events In *The Civil War in the Age of Nationalism* Niels Eichhorn and Duncan A Campbell explore the conflict from this perspective taking a transnational and comparative approach with a particular focus on the period from the 1830s to the 1870s Eichhorn and Campbell examine the development of nationalism and its frequent manifestation secession by comparing the American experience with that of several other nations including Germany Hungary and Brazil They compare the Civil War to the Crimean and Franco German wars to determine whether the American conflict was the first modern war To gauge the potential of foreign intervention in the Civil War they look to the time's developing international debate on the

legality of intercession and mediation in other nations insurgencies Using the experiences of Indigenous peoples in the Americas Africa and the Antipodes Eichhorn and Campbell suggest the extent to which the United States was an imperial project To examine realpolitik they study four vastly different practitioners Otto von Bismarck Louis Napoleon Count Cavour and Abraham Lincoln Finally they compare emancipation in the United States to that in Peru and the end of forced servitude in Russia closing with a comparison of the memorialization of the Civil War with the experiences of other post emancipation societies and an examination of how other nations mythologized their past conflicts and ignored uncomfortable truths in the pursuit of reconciliation The Civil War in the Age of Nationalism avoids the limitations of American exceptionalism making it the first genuine comparative and transnational study of the Civil War in an international context Methodist History,2004 Sourcebook on Rhetoric James Jasinski,2001-07-19 This book is designed to introduce readers to the language of contemporary rhetorical studies The book format is an alphabetized glossary with appropriate cross listings of key terms and concepts in contemporary rhetorical studies An introductory chapter outlines the definitional ambiguities of the central concept of rhetoric itself The primary emphasis is on the contemporary tradition of rhetorical studies as it has emerged in the discipline of speech communication Each entry in the glossary ranges in length from a few paragraphs to a short essay of a few pages Where appropriate examples are provided to further illustrate the term or concept Each entry will be accompanied by a list of references and additional readings to direct the reader to other materials of possible interest

## **The Language Of Democracy Political Rhetoric In The United States And Britain 1790 19** Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the power of words has become more evident than ever. They have the capability to inspire, provoke, and ignite change. ## **The Language Of Democracy Political Rhetoric In The United States And Britain 1790 19 Introduction**

In the digital age, access to information has become easier than ever before. The ability to download The Language Of Democracy Political Rhetoric In The United States And Britain 1790 19 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Language Of Democracy Political Rhetoric In The United States And Britain 1790 19 has opened up a world of possibilities. Downloading The Language Of Democracy Political

Rhetoric In The United States And Britain 1790 19 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Language Of Democracy Political Rhetoric In The United States And Britain 1790 19 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Language Of Democracy Political Rhetoric In The United States And Britain 1790 19. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Language Of Democracy Political Rhetoric In The United States And Britain 1790 19. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Language Of Democracy Political Rhetoric In The United States And Britain 1790 19, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Language Of Democracy Political Rhetoric In The United States And Britain 1790 19 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
