The Last Best Hope Of Earth Abraham Lincoln And The Promise Of America

Harold Holzer, Sara Vaughn Gabbard

The Last Best Hope Of Earth Abraham Lincoln And The Promise Of America:

The Last Best Hope of Earth Mark E. Neely, 1993 **The Last Best Hope of Earth** Henry E. Huntington Library and Art Gallery, Trader Joe's (Firm), 1993 The Last Best Hope of Earth Mark E. Neely (Jr.), 2018 Mark R Neely Jr provides for the general reader the first compact biography of Abraham Lincoln based on new scholarship There is no comparable succinct work on this nation's greatest president The Last Best Hope of Earth vividly recaptures the central place of politics in Lincoln's life In Illinois Lincoln was an established and prosperous lawyer married to a refined and educated southern belle and the father of four boys Throughout his life however politics remained his first love In Neely's depiction of Lincoln power was never sought for its own sake Having triumphed over the hardships of his youth in Kentucky and Indiana Lincoln early in his political career tied his ambition to the search for solutions to the economic underdevelopment of the American West And in the last eleven years of his life Lincoln's political ambitions became yoked to a fierce nationalism and a keen moral purpose the preservation of the Union and the demise of slavery Lincoln could not remember a time when he did not hate slavery or revere the federal system He made his position clear in the decade leading up to his presidential election campaign and a civil war erupted Through Neely's eyes we see the growth of this president's advanced ideas about military strategy despite their price in blood his husbanding of the resources of the home front regardless of its cost in national treasure and his complex defense of the Constitution notwithstanding a momentary loss of civil liberties We also see Lincoln's steadfast dedication to the Emancipation Proclamation while the fate of the republic and the future of four million black Americans hung in the balance Richly illustrated nuanced and accessible written with attention to the age in which Lincoln lived yet ever alert to universal moral questions this is a portrait of Lincoln as an extraordinary man in his own time and ours

The Making of The Last Best Hope of Earth Walter Matthau, Henry E. Huntington Library and Art Gallery, 1993 **Press Kit**, 1993 **Lincoln's American Dream** Kenneth L. Deutsch, 2012 Despite the voluminous literature on the central figure in American history no other book in the field of political science compares to Lincoln's American Dream It addresses comprehensively the overarching themes of Lincoln's political thought and leadership through provocative and divergent interpretations from leading scholars Each chapter is devoted to one of these major themes about Lincoln The Declaration and equality Political ambition Race and slavery His democratic political leadership Executive power Religion and politics The Union and the role of the state The book's thirty-three contributors include such respected Lincoln scholars and political commentators as Harry V Jaffa Stephen B Oates Mark E Neely Richard C Current Herman Belz and Frank J Williams With an introduction by Kenneth L Deutsch and Joseph R Fornieri Lincoln's American Dream will be of enduring interest to scholars students teachers and Lincoln aficionados alike and will attract interest in the fields of American history leadership religion and culture American studies and African American studies

Themes of the American Civil War Susan-Mary Grant, Brian Holden-Reid, 2009-09-10 Themes of the American Civil War

offers a timely and useful guide to this vast topic for a new generation of students The volume provides a broad ranging assessment of the causes complexities and consequences of America s most destructive conflict to date The essays written by top scholars in the field and reworked for this new edition explore how and in what ways differing interpretations of the war have arisen and explains clearly why the American Civil War remains a subject of enduring interest It includes chapters covering four broad areas including The Political Front The Military Front The Race Front and The Ideological Front Additions to the second edition include a new introduction added to the current introduction by James McPherson a chapter on gender as well as information on the remembrance of the war historical memory The addition of several maps a timeline and an appendix listing further reading battlefield statistics and battle regiment general names focuses the book squarely at undergraduates in both the US and abroad *Lincoln and His Cabinet* , *Rise to Greatness* David Von Drehle,2012-10-30 This New York Times bestselling biography follows President Lincoln through one fateful year as he rose to the moment of America s greatest crisis As 1862 dawned the American republic was at death s door The federal government appeared overwhelmed the US Treasury was broke and the Union s top general was gravely ill The Confederacy with its booming economy expert military leadership and commanding position on the battlefield had a clear view to victory To a remarkable extent the survival of the country depended on the judgment cunning and resilience of the unschooled frontier lawyer who had recently been elected president Twelve months later the tides of war had turned The Union generals who would win the conflict had at last emerged and the Confederate Army had suffered the key losses that would lead to its doom The blueprint of modern America an expanding colossus of industrial and financial might had been indelibly inked And the man who brought the nation through its darkest hour Abraham Lincoln had been forged into a singular leader In *Rise to Greatness* David Von Drehle presents a vividly detailed and deeply human portrait of Lincoln as he quickly transformed into America s greatest president **The Biography Book** Daniel S. Burt,2001-02-28 From Marilyn to Mussolini people captivate people A E s Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals *The Radical and the Republican: Frederick Douglass, Abraham Lincoln, and the Triumph of Antislavery Politics* James Oakes,2011-02-07 A great American tale told with a deft historical eye painstaking analysis and a supple clarity of writing Jean Baker My husband considered you a dear friend Mary Todd Lincoln wrote to Frederick Douglass in the weeks after Lincoln s assassination The frontier lawyer and the former slave the cautious

politician and the fiery reformer the President and the most famous black man in America their lives traced different paths that finally met in the bloody landscape of secession Civil War and emancipation Opponents at first they gradually became allies each influenced by and attracted to the other Their three meetings in the White House signaled a profound shift in the direction of the Civil War and in the fate of the United States James Oakes has written a masterful narrative history bringing two iconic figures to life and shedding new light on the central issues of slavery race and equality in Civil War America

The American Presidency Sidney M. Milkis, Michael Nelson, 2019-01-24 The American Presidency examines the constitutional foundation of the executive office and the social economic political and international forces that have reshaped it Authors Sidney M Milkis and Michael Nelson broadly examine the influence of each president focusing on how these leaders have sought to navigate the complex and ever changing terrain of the executive office and revealing the major developments that launched the modern presidency at the dawn of the twentieth century By connecting presidential conduct to the defining eras of American history and the larger context of politics and government in the United States this award winning book offers vital perspective and insight on the limitations and possibilities of presidential power The Eighth Edition examines recent events and developments including the latter part of the Obama presidency the 2016 election the first twenty months of the Trump presidency and updated coverage of issues involving race and the presidency

Lincoln in the World Kevin Peraino, 2014-10-28 A captivating look at how Abraham Lincoln evolved into one of our seminal foreign policy presidents and helped point the way to America's rise to world power Abraham Lincoln is not often remembered as a great foreign policy president He had never traveled overseas and spoke no foreign languages And yet during the Civil War Lincoln and his team skillfully managed to stare down the Continent's great powers deftly avoiding European intervention on the side of the Confederacy In the process the United States emerged as a world power in its own right Engaging insightful and highly original Lincoln in the World is a tale set at the intersection of personal character and national power Focusing on five distinct intensely human conflicts that helped define Lincoln's approach to foreign affairs from his debate as a young congressman with his law partner over the

conduct of the Mexican War to his deadlock with Napoleon III over the French occupation of Mexico and bursting with colorful characters like Lincoln's bowie knife-wielding minister to Russia Cassius Marcellus Clay the cunning French empress Eugénie and the hapless Mexican monarch Maximilian Lincoln in the World draws a finely wrought portrait of a president and his team at the dawn of American power Anchored by meticulous research into overlooked archives Lincoln in the World reveals the sixteenth president to be one of America's indispensable diplomats and a key architect of America's emergence as a global superpower Much has been written about how Lincoln saved the Union but Lincoln in the World highlights the lesser-known yet equally vital role he played on the world stage during those tumultuous years of war and division *The Age of Lincoln and the Art of American Power, 1848-1876* William Nester, 2014-02-01 Although Abraham Lincoln was among seven presidents who served during the tumultuous years between the end of the Mexican War and the end of the Reconstruction era history has not been kind to the others Zachary Taylor Millard Fillmore Franklin Pierce James Buchanan Andrew Johnson and Ulysses S. Grant In contrast history sees Abraham Lincoln as a giant in character and deeds During his presidency he governed brilliantly developed the economy liberated four million people from slavery reunified the nation and helped enact the Homestead Act among other accomplishments He proved to be not only an outstanding commander in chief but also a skilled diplomat economist humanist educator and moralist Lincoln achieved that and more because he was a master of the art of American power He understood that the struggle for hearts and minds was the essence of politics in a democracy He asserted power mostly by appealing to people's hopes rather than their fears All along he tried to shape rather than reflect prevailing public opinions that differed from his own To that end he was brilliant at bridging the gap between progressives and conservatives by reining in the former and urging on the latter His art of power ultimately reflected his unswerving devotion to the Declaration of Independence's principles and the Constitution's institutions or as he so elegantly expressed it to a government of the people by the people and for the people [U.S. Presidency \(eBook\)](#) Tim McNeese, 2001-09-01 The U.S. Presidency traces the complicated evolution of the American presidency from 1789 to the present From George Washington to George W. Bush the distinct legacies and unique contributions of all 43 American presidents are discussed Using a biographical format special emphasis is given to the powerful convergence of personality and circumstance which transformed the office of our nation's chief executive into the most prominent and influential political office in the world Challenging review questions encourage meaningful reflection and historical analysis Tests answer key and bibliography included **Lincoln and Freedom** Harold Holzer, Sara Vaughn Gabbard, 2007-08-27 Lincoln's reelection in 1864 was a pivotal moment in the history of the United States The Emancipation Proclamation had officially gone into effect on January 1, 1863 and the proposed Thirteenth Amendment had become a campaign issue Lincoln and Freedom Slavery Emancipation and the Thirteenth Amendment captures these historic times profiling the individuals events and enactments that led to slavery's abolition Fifteen leading Lincoln scholars contribute to this collection covering slavery from its roots in 1619

Jamestown through the adoption of the Constitution to Abraham Lincoln's presidency. This comprehensive volume edited by Harold Holzer and Sara Vaughn Gabbard presents Abraham Lincoln's response to the issue of slavery as politician, president, writer, orator, and commander in chief. Topics include the history of slavery in North America, the Supreme Court's Dred Scott decision, the evolution of Lincoln's view of presidential powers, the influence of religion on Lincoln, and the effects of the Emancipation Proclamation. This collection effectively explores slavery as a Constitutional issue both from the viewpoint of the original intent of the nation's founders as they failed to deal with slavery and as a study of the Constitutional authority of the commander in chief as Lincoln interpreted it. Addressed are the timing of Lincoln's decision for emancipation and its effect on the public, the military, and the slaves themselves. Other topics covered include the role of the U.S. Colored Troops, the election campaign of 1864, and the legislative debate over the Thirteenth Amendment. The volume concludes with a heavily illustrated essay on the role that iconography played in forming and informing public opinion about emancipation and the amendments that officially granted freedom and civil rights to African Americans. Lincoln and Freedom provides a comprehensive political history of slavery in America and offers a rare look at how Lincoln's views, statements, and actions played a vital role in the story of emancipation.

America's Nine Greatest Presidents Frank P. King, 1997-01-01. Among the 42 men who have held the office of the President of the United States, some are remembered more easily than others for the strength of their administration. The nine greatest presidents were all attractive in one way or another, writes Frank P. King. Far more important and difficult to appreciate and understand, they had superb characters derived from principles, commitments, and habits. They all seem even now to be remarkably like us. The success of presidents and congresses and governments is measured by achievements which advance the commercial and strategic health of the nation, our culture, and the prosperity of the nation's people. The peacekeepers, armed with swords, spoons, or pens, have been our greatest blessing. Making and keeping friends and allies is more than a hobby. King chronicles the lives of Dwight D. Eisenhower, Harry S. Truman, Franklin D. Roosevelt, Theodore Roosevelt, Abraham Lincoln, James K. Polk, James Monroe, Thomas Jefferson, and George Washington and places them in historical perspective in this detailed study. He examines their legislative, military, and political actions and offers analysis of each man's character, values, progressiveness, and political performance.

The Public and Its Possibilities John D. Fairfield, 2010-03-26. In his compelling reinterpretation of American history, *The Public and Its Possibilities*, John Fairfield argues that our unrealized civic aspirations provide the essential counterpoint to an excessive focus on private interests. Inspired by the revolutionary generation, nineteenth-century Americans struggled to build an economy and a culture to complement their republican institutions. But over the course of the twentieth century, a corporate economy and consumer culture undercut civic values, conflating consumer and citizen. Fairfield places the city at the center of American experience, describing how a resilient demand for an urban participatory democracy has bumped up against the fog of war, the allure of the marketplace, and persistent prejudices of race, class, and gender. In chronicling and synthesizing

centuries of U S history including the struggles of the antislavery labor women s rights movements Fairfield explores the ebb and flow of civic participation activism and democracy He revisits what the public has done for civic activism and the possibility of taking a greater role In this age where there has been a move towards greater participation in America s public life from its citizens Fairfield s book written in an accessible jargon free style and addressed to general readers is especially topical
