Last Light Claire Kent, 2019-11-13 It only took four years for the world to fall apart Now the last member of my family has died and I'm forced to travel across what's left of three states to find the only people I know left alive To survive I'll have to salvage food and supplies and try to avoid violent men who've learned they can take what they want by force The only way I'm going to make it is by trusting Travis Travis used to fix my car and now he's all I have left in the world He's gruff and stoic and unfriendly and I don't really know or like him But he's all I have left He'll keep me safe We'll take care of each other Until we reach what's left of our town and can finally let go of one another Last Light is a standalone post apocalyptic romance set in the near future after a global catastrophe

Last Light Richard Lacayo,2022-10-11 One of the nation s top art critics shows how six great artists made old age a time of triumph by producing some of the greatest work of their long careers and in some cases changing the course of art history Ordinarily we think of young artists as the bomb throwers Monet and Renoir were still in their twenties when they embarked on what would soon be called Impressionism as were Picasso and Braque when they ventured into Cubism But your sixties and the decades that follow can be no less liberating if they too bring the confidence to attempt new things Young artists may experiment because they have nothing to lose older ones because they have nothing to fear With their legacies secure they re free to reinvent themselves sometimes with revolutionary results Titian s late style offered a way for pigment itself not just the things it depicted to express feelings on the canvas foreshadowing Rubens Frans Hals 19th century Impressionists and 20th century Expressionists Goya s late work enlarged the psychological territory that artists could enter Monet s late waterlily paintings were eventually recognized as prophetic for the centerless diaphanous

space developed after World War II by abstract expressionists like Jackson Pollock and Phillip Guston In his seventies Matisse began to produce some of the most joyful art of the 20th century especially his famous cutouts that brought an ancient craft into the realm of High Modernism Hopper the ultimate realist used old age on occasion to depart into the surreal And Nevelson the patron saint of late bloomers pioneered a new kind of sculpture wall sized wooden assemblages made from odds and ends she scavenged from the streets of Manhattan Though these six artists differed in many respects they shared one thing a determination to go on creating driven not by the bounding energies of youth but by the ticking clock that would inspire them to produce some of their greatest masterpieces
