The Last Of The Bedu:

The Last of the Bedu Michael Asher,1996 An account of the author s travels amongst the Bedu people of Arabia and North Africa which describes the Bedu s nomadic life in the Middle Eastern deserts with discussion of Asher s month long trek by camel to the tiny oasis of Selima in the Sudan and his 1 000 mile traverse of Egypt s Western Desert The Arabian Desert in English Travel Writing Since 1950 Jenny Walker,2022-12-30 Broadly this book is about the Arabian desert as the locus of exploration by a long tradition of British travellers that includes T E Lawrence and Wilfred Thesiger more specifically it is about those who since 1950 have followed in their literary footsteps In analysing modern works covering a land greater than the sum of its geographical parts the discussion identifies outmoded tropes that continue to impinge upon the perception of the Middle East today while recognising that the laboured binaries of East and West desert and sown noble and savage have outrun their course Where however only a barren legacy of latent Orientalism may have been expected the author finds instead a rich seam of writing that exhibits diversity of purpose and insight contributing to contemporary discussions on travel and tourism intercultural representation and environmental awareness By addressing a lack of scholarly attention towards recent additions to the genre this study illustrates for the benefit of students of travel literature or indeed anyone interested in Arabia how desert writing under the emerging configurations of globalisation postcolonialism and ecocriticism acts as a microcosm of the kinds of ethical and emotional dilemmas confronting today s travel writers in the world s most extreme regions The Dead Sea Scrolls, A Full History Weston Fields,2009-11-11 Preceded by *The Dead Sea Scrolls A Short History* *The Dead Sea Scrolls A Full History* vol 1 is the first of a projected two volumes offering a more complete account of the discovery of the scrolls and their history over the past 60 years since the first scrolls were discovered in a cave near the Dead Sea *Under the Shadow* Gilbert Sorrentino,1991 *Under the Shadow* takes the form of fifty nine brief sketches with simple nouns as titles These exquisite vignettes take place on a plane at once surreal abstract and ominous describing a set of people and incidents derived largely from fragments of conversation and gossip gathered here and there They are reminiscent of Raymond Roussel s characters amid his inimitable ersatz pastorals with tableaux both innocent and grotesque There is something ambiguous about these passages something deliberately closed and dreamlike Many of them read like primal scenes of private pathologies others are memories that many years later retain their power to haunt **Rommel's Gold** Maggie Davis,2014-04-01 This historical Nazi mystery draws an intrepid woman to the Middle East where she s entangled in a web of intrigue and desire In Maggie Davis s exquisitely written novel international espionage forbidden love and greed surround the search for General Rommel s gold During World War II Rommel buried it in the North African desert then left to meet with Hitler Now Sharon Hoyt with her seductive Western ways finds herself attracted to an Arab police chief and mixed up in the ex Nazis search for Rommel s gold Will she be able to get out of the crossfire of a brewing Middle East conflict The Zealot Simon Scarrow,2014-05-01 The thrilling adventures of two Roman

centurions continue as they're called to stop a threat rising in the Empire's eastern provinces. Trouble is brewing on the eastern frontier of the Roman Empire. The troops are in a deplorable state while the corrupt behavior of their senior officers threatens to undermine the army's control of the region. To restore competence of the men defending a vital fort, two experienced centurions are dispatched to Judea. On their arrival, Cato and Macro discover that Bannus, a local tribesman, is fomenting rebellion among the followers of Jehoshua, who was crucified in Jerusalem some seventeen years earlier. As the local revolt grows, Rome's longstanding enemy Parthia is poised to invade. Cato and Macro must stamp out corruption in the cohort before the Eastern provinces are lost forever.

Simon Scarrow's Roman Legion series chronicling the adventures of centurions Cato and Macro has been met with near universal acclaim, drawing comparisons to the best of his contemporaries, including Bernard Cornwell, Conn Iggulden, and Harry Sidebottom. A master of his craft, Simon Scarrow combines stunning historical detail with riveting battles and rich characters to bring the Roman Empire to life as never before. Originally published in the UK as *The Eagle in the Sand*, Praise for Simon Scarrow's Roman Legion series: I really don't need this kind of competition. Bernard Cornwell. Scarrow manages to summon up all the glory and the gore that characterized life in the Roman legions. Outstanding, a new master of the genre. Booklist. A combustible concoction of intrigue, treachery, and violence. Scarrow's combat is brutal and sanguinary; his imperial politics are almost as sharp. Publishers Weekly. Scarrow again provides a vivid sense of history and believable scenes of maritime action. His righteous but flawed protagonists are winning heroes. Kirkus Reviews. All the hallmarks of Bernard Cornwell at his best. Oxford Times. Makeda Prue Sobers, 2011. A novel that gives life to two biblical figures, Solomon and Makeda, the Queen of Sheba and all of Ethiopia. *See the Music, Hear the Dance*. Baltimore Museum of Art, 2004. This innovative look at African Art presents the wonders of one of America's best known African collections within the ritual context for which the artworks were first created. Drawing on The Baltimore Museum's renowned African Collection, this vibrantly illustrated exploration of African rituals uniquely encourages readers to look beyond the solitary artifact and toward an understanding of African music and dance as fully sensory experiences. The one hundred objects presented here are parts of ceremonies that rely on sounds, sights, smells, and tastes to deliver their ultimate effects. Color reproductions of the objects, including masks, sculpture, and ceramics, are accompanied by brief essays explaining the contexts within which each was created. The essays focus on costumes, dance, movement, and gesture, music, and other sounds, storytelling, audiences, staging, and lighting. Field photographs and archival images help bring to life the African ceremonial experience, which we can better understand with the aid of this groundbreaking work. Anthropology and the Dance. Drid Williams, 2004. Drid Williams explores dance and dance-related subjects ranging from Aboriginal and African dances to the Royal Ballet and makes a compelling case for moving beyond the Western view of the dance as mere entertainment. Understanding Jordan Today. Laura Perdew, 2020-05-11. From Cairo to Baghdad James Canton, 2011-04-30 Until the 1880s British travellers to Arabia were for the most part wealthy dilettantes who could fund their travels from private means With the advent of an Imperial presence in the region as the British seized power in Egypt the very nature of travel to the Middle East changed Suddenly ordinary men and women found themselves visiting the region as British influence increased Missionaries soldiers and spies as well as tourists and explorers started to visit the area creating an ever bigger supply of writers and market for their books In a similar fashion as the Empire receded in the wake of World War II so did the whole tradition of Middle East travel writing In this elegantly crafted book James Canton examines over one hundred primary sources from forgotten gems to the classics of T E Lawrence Thesiger and Philby He analyses the relationship between Empire and author showing how the one influenced the other leading to a vast array of texts that might never have been produced had it not been for the ambitions of Imperial Britain This work makes for essential reading for all of those interested in the literature of Empire travel writing and the Middle East
