The Kersten Memoirs, 1940-1945 Felix Kersten, 1956 The Kersten Memoirs Felix Kersten. 1956 The Kersten Memoirs. 1940-1945. With an Introd. by H.R. Trevor-Roper. Transl. from the German by C. Fitzgibbon and J. The Kersten Memoirs, 1940-1945. With an Introd. by R. Trevor-Roper. Translated from the German by Constantine Fitzgibbon and James Oliver Felix Kersten, 1956 The Kersten Memoirs, 1940-1945. With an Introduction by H.R. Trevor-Roper. Translated from the German by Constantine FitzGibbon and James Oliver Felix KERSTEN, Constantine FitzGibbon, 1956 The Third Reich's Intelligence Services Katrin Paehler, 2017-03-24 This is the first ever analytical study of Nazi Germany's political foreign intelligence service Office VI of the Reichssicherheitshauptamt and its head Walter Schellenberg Katrin Paehler tells the story of Schellenberg s career in policing and intelligence charts the development and activities of the service he eventually headed and discusses his attempts to place it at the center of Nazi foreign intelligence and foreign policy The book locates the service in its proper pedigree of the SS as well as in relation to its two main rivals the Abwehr and the Ausw rtige Amt It also considers the role Nazi ideology played in the conceptualization and execution of foreign intelligence revealing how this ideological prism fractured and distorted Office VI s view of the world The book is based on contemporary and postwar documents many recently declassified from archives in the United States Germany and Russia Hitler's War Aims Norman Rich.1973 Dealing with the military phase of Hitler's expansion Rich tells an absorbing story of Germany's relentless drive in every direction and provides a vivid account of the relations between Hitler and his newly acquired subjects and satellites Hans W Gatzke Political Science Ouarterly Foundations of the Nazi Police State George C. Browder, 2021-05-11 A comprehensive study of the lesser known organizations that formed the heart of the Nazi police state in World War II Germany The abbreviation Nazi the acronym Gestapo and the initials SS have become resonant elements of our vocabulary Less known is SD and hardly anyone recognizes the combination Sipo and SD Although Sipo and SD formed the heart of the National Socialist police state the phrase carries none of the ominous impact that it should Although no single organization carries full responsibility for the evils of the Third Reich the SS police system was the executor of terrorism and population policy in the same way the military carried out the Reich's imperialistic aggression Within the police state even the concentration camps could not rival the impact of Sipo and SD It was the source not only of the desk murderers who administered terror and genocide by assigning victims to the camps but also of the police executives for identification and arrest and of the command and staff for a major instrument of execution the Einsatzgruppen Foundations of the Nazi Police State offers the narrative and analysis of the external struggle that created Sipo and SD This book is the author's preface to his discussion of the internal evolution of these organizations in Hitler's Enforcers The Gestapo and the SS Security Service in the Nazi Revolution A welcome addition to the literature on National Socialist Germany American Historical Review Sheds

new light on Himmler's role in the complex web of the Nazi police state Publishers Weekly The book makes major changes in our understanding of the structure and functioning of the Nazi police state Canadian Journal of History This is the first comprehensive study of how the Gestapo and all other detective police came to be united under the Sipo Security Police and tied to the SD The Security Services of the Party and SS Educational Book Review The work fills an important gap in the literature on the Third Reich TheHistorian **Dictionary of the Holocaust** Eric J. Epstein, Philip Rosen, 1997-11-20 This concise easy to use resource on the Holocaust is rich in factual and statistical information and provides a comprehensive compilation of the people and terms that are essential for an understanding of the Holocaust In 2 000 entries it profiles major personalities covers concentration and death camps cities and countries and significant events Also included are important terms translated from German French Polish Yiddish and twelve other languages Biographical entries give a brief history the person's significance and their historical context Geographical entries pinpoint exact locations using other cities or countries as landmarks and give the number of Jewish inhabitants before Nazi occupation and the percentage of Jews killed Historical background is provided for such events as Kristallnacht and the Warsaw Ghetto Uprising and entries on concentration and death camps give details on the nationalities interned the camp's specific location and its history. This reference is impressive in its scope and includes major perpetrators bystanders collaborators victims rescuers such as Righteous Gentiles Jewish ghetto fighters and partisans It also explores the role of women and the complicity of physicians and industrialists during the Holocaust more fully than any other reference This dictionary provides the information needed by students whose understanding of the Holocaust is limited by the absence of a single accessible research text The Mammoth Book of **Unexplained Phenomena** Roy Bainton, 2013-01-17 New mysteries as well as variations on recurring ones continue to surface on a weekly basis around the globe from showers of frogs over Hungary to birds falling to earth in Arkansas This compendious round up of unexplained phenomena examines everything from the experiments being done with the Large Hadron Collider to classic maritime mysteries involving inexplicably missing crews via UFOs mediums cryptozoology panics paranoia and a universe proving stranger in fact than we d imagined **The Pink Triangle** Richard Plant, 2011-04-01 This is the first comprehensive book in English on the fate of the homosexuals in Nazi Germany The author a German refugee examines the climate and conditions that gave rise to a vicious campaign against Germany's gays as directed by Himmler and his SS persecution that resulted in tens of thousands of arrests and thousands of deaths In this Nazi crusade homosexual prisoners were confined to death camps where forced to wear pink triangles they constituted the lowest rung in the camp hierarchy The horror of camp life is described through diaries previously untranslated documents and interviews with and letters from survivors revealing how the anti homosexual campaign was conducted the crackpot homophobic fantasies that fueled it the men who made it possible and those who were its victims this chilling book sheds light on a corner of twentieth century history that has been hidden in the shadows much too long Masters of Death Richard Rhodes, 2007-12-18 In

Masters of Death Pulitzer Prize winning author Rhodes gives full weight for the first time to the Einsatzgruppen's role in the Holocaust These special task forces organized by Heinrich Himmler to follow the German army as it advanced into eastern Poland and Russia were the agents of the first phase of the Final Solution They murdered more than 1 5 million men women and children between 1941 and 1943 often by shooting them into killing pits as at Babi Yar These massive crimes have been generally overlooked or underestimated by Holocaust historians who have focused on the gas chambers In this painstaking account Pulitzer Prize winning author Richard Rhodes profiles the eastern campaign's architects as well as its ordinary soldiers and policemen and helps us understand how such men were conditioned to carry out mass murder Marshaling a vast array of documents and the testimony of perpetrators and survivors this book is an essential contribution to our understanding of the Holocaust and World War II The Wages of Destruction Adam Tooze, 2008-02-26 Masterful A painstakingly researched astonishingly erudite study Tooze has added his name to the roll call of top class scholars of Nazism Financial Times An extraordinary mythology has grown up around the Third Reich that hovers over political and moral debate even today Adam Tooze's controversial book challenges the conventional economic interpretations of that period to explore how Hitler's surprisingly prescient vision ultimately hindered by Germany's limited resources and his own racial ideology was to create a German super state to dominate Europe and compete with what he saw as America's overwhelming power in a soon to be globalized world The Wages of Destruction is a chilling work of originality and tremendous scholarship that set off debate in Germany and will fundamentally change the way in which history views the Second World War After Death Richard Bessel, Dirk Schumann, 2003-05-05 This book offers a novel approach to the cultural and social history of Europe after the Second World War Psychotherapy in the Third Reich Thomas Blomberg, 2018-04-27 The idea for this book sprang from Geoffrey Cocks curiosity as to what happened in the new dynamic field of psychotherapy hi Germany with the advent of Hitler While traditional views merely asserted that the Nazis destroyed the field of psychotherapy in Germany a viewpoint justifiably based on the testimony of those in the field who had emigrated from Germany to escape Nazi persecution Cocks learned that there was more to the story He looked to several interesting shards of evidence that pointed to the possibility that one could reconstruct a history of morally questionable professional developments in German psychotherapy during the Third Reich The evidence included existence of a journal for psychotherapy published continuously from 1928 to 1944 accounts of a psychotherapist who assumed leadership of his colleagues and who was a relative of the powerful Nazi leader Hermann Goring and a strong psychotherapeutic lobby in German medicine that was intellectually impoverished but apparently not destroyed by the expulsion of the prominent and predominantly Jewish psychoanalytic movement Non Jewish psychoanalysts and psychotherapists had in fact pursued their profession under the aegis of the so called Goring Institute with substantial support from agencies of the Nazi party the Reich government the military and private business Much research has been done in the ten years since the first edition of this book was published hence the

need for a second edition Included is more information on the history of psychotherapy and psychoanalysis in Nazi Germany on the social history of the Third Reich and on the history of the professions in Germany Three new chapters analyze postwar developments and conflicts as well as broader issues of continuity and discontinuity in the history of modern Germany and the West In addition the author has reorganized the volume along chronological and narrative lines for greater ease of reading Psychotherapy in the Third Reich is an important work for psychotherapists psychologists psychoanalysts sociologists and historians The Columbia Guide to the Holocaust Donald L. Niewyk, Francis R. Nicosia, 2012-07-24 Offering a multidimensional approach to one of the most important episodes of the twentieth century. The Columbia Guide to the Holocaust offers readers and researchers a general history of the Holocaust while delving into the core issues and debates in the study of the Holocaust today Each of the book s five distinct parts stands on its own as valuable research aids together they constitute an integrated whole Part I provides a narrative overview of the Holocaust placing it within the larger context of Nazi Germany and World War II Part II examines eight critical issues or controversies in the study of the Holocaust including the following questions Were the Jews the sole targets of Nazi genocide or must other groups such as homosexuals the handicapped Gypsies and political dissenters also be included What are the historical roots of the Holocaust How and why did the Final Solution come about Why did bystanders extend or withhold aid Part III consists of a concise chronology of major events and developments that took place surrounding the Holocaust including the armistice ending World War I the opening of the first major concentration camp at Dachau Germany's invasion of Poland the failed assassination attempt against Hitler and the formation of Israel Part IV contains short descriptive articles on more than two hundred key people places terms and institutions central to a thorough understanding of the Holocaust Entries include Adolf Eichmann Anne Frank the Warsaw Ghetto Aryanization the SS Kristallnacht and the Catholic Church Part V presents an annotated guide to the best print video electronic and institutional resources in English for further study Armed with the tools contained in this volume students or researchers investigating this vast and complicated topic will gain an informed understanding of one of the greatest tragedies in world history The 20th Century Go-N Frank N. Magill, 2014-03-05 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography **Peiper's War** Danny S Parker, 2020-04-29 A bad reputation has its commitments So wrote home Jochen Peiper from the fighting front in the East in 1943 characterizing his battle hardened command during the Second World War Peiper's War is a new serious work of military history by the renowned author Danny S Parker which presents a

unique view off the Second World War as seen from a prominent participant on the dark side of history The story follows the wartime career of Waffen SS Colonel Jochen Peiper a handsome Aryan prodigy who was considered a hero in the Third Reich Peiper had been Heinrich Himmler's personal adjutant in the early years of the war and having procured a field command in Hitler's namesake fighting force the Leibstandarte Adolf Hitler he become famous for a flamboyant and brutal style of warfare on the Eastern Front There in his sphere few prisoners were taken and motives of racial genocide were never far from unspoken orders Transferred to the west Peiper's battlegroup incinerated a tiny town in Northern Italy and killed the village mayor and priest Being well connected to Himmler and other generals of the period Peiper finds a place in the narrative as a storied witness to the inner workings of the Nazi elite along with other prominent SS officers such as Kurt Meyer In this meticulously researched work we witness the apex and then death spiral of Nazi military intentions as Peiper fights for Germany across every front in the conflict Peiper's War provides a telling inside look at Hitler's war and then how the dark secrets of his security minded command were improbably unearthed at the end of the conflict by an obscure top secret surveillance facility in the United States The Third Reich at War Richard J. Evans, 2009 The final volume in Richard I Evans s masterly trilogy on the history of Nazi Germany traces the rise and fall of German military might the mobilization of a people's community to serve a war of conquest and Hitler's campaign of racial subjugation and genocide Already hailed as a masterpiece William Grimes in The New York Times and the most comprehensive history of the Third Reich Ian Kershaw this epic trilogy reaches its terrifying climax in this volume Evans interweaves a broad narrative of the war s progress with viscerally affecting personal testimony from a wide range of people from generals to front line soldiers from Hitler Youth activists to middle class housewives The Third Reich at War lays bare the dynamics of a nation more deeply immersed in war than any society before or since Fresh insights into the conflict's great events are here from the invasion of Poland to the Battle of Stalingrad to Hitler's suicide in the bunker But just as important is the re creation of the daily experience of ordinary Germans in wartime staggering under pressure from Allied bombing and their own government s mounting demands upon them At the center of the book is the Nazi extermination of Europe s Jews set in the context of Hitler s genocidal plans for the racial restructuring of Europe Blending narrative description and analysis The Third Reich at War creates an engrossing picture at once sweeping and precise of a society rushing headlong to self destruction and taking much of Europe with it It is the culmination of a historical masterwork that will remain the most authoritative work on Nazi Germany for years to come The Holocaust David M. Crowe, 2018-05-04 This book details the history of the Jews their two millennia old struggle with a larger Christian world and the historical anti Semitism that created the environment that helped pave the way for the Holocaust It helps students develop the interpretative skills in the fields of history and law
