Bardon,1986-01-01      *The Key to the True Kabbalah* Franz Bardon,2014-06-01 In *The Key to the True Kabbalah* Franz Bardon demonstrates that mysticism of letters and numbers the true Kabbalah is a universal teaching of great antiquity and depth Throughout the ages adepts of every time and place have achieved the highest levels of magical attainment through the understanding of sound color number and vibration as embodied in the Kabbalah This book the third in Franz Bardon s remarkable text of Hermetic magic is nothing less than a practical guide to such attainment Using the common German alphabet Bardon guides the reader through ever greater levels of Kabbalistic achievement No other available text reveals as great a depth of Kabbalistic wisdom or provides the reader with as much practical training Though intended primarily as a working text for those who have completed Bardon s first and second volumes *Initiation into Hermetics* and *The Practice of Magical Evocation* the present work stands on its own and even those without the requisite background in practical Hermetics will be fascinated by the author s intellectual journey through the mysticism of Tantric India Tibet the Hebrew Kabbalah and the ancient sources of the Western magical tradition      **The Key to the True Quabbalah** Franz

Bardon,1986-01-01      **Herbal Alchemy** Phillip Hurley,2001      **Coelbren** John Michael Greer,2023-09-26 Reveal the secrets of the esoteric druidic alphabet and unlock its potential as a powerful magical tool Writing systems have been used for magical power and mystical insight in spiritual history throughout history and the Coelbren Alphabet is no different Originally devised by a famous Welsh poet the Bardic Alphabet known as the Coelbren has always seemed to hold great promise in the esoteric world But because of its impenetrable nature the capacity of the Coelbrean Alphabet as a system of divination has remained hidden simply a relic of a bygone era However in this revised and expanded edition of his classic book John Michael Greer illuminates the power of the Alphabet and shows you how to implement it to full effect in your magical studies The book provides the name of each letter alongside the Welsh keyword meaning symbolism and pronunciation as well as the divinatory interpretation of each letter showing readers how to use this unique system for divination and magic It also provides sample readings scrying meditation techniques and tips for making your own Coelbren set The new edition includes a chapter on gematria as well as expanded chapters on the symbolism and magic of the alphabet

*Light on the Path to Spiritual Perfection - Additional Articles III* Ray del Sole,2014-10-09 For the genuine spiritual seeker Collection of universal spiritual topics techniques questions answers in fifteen books derived from more than 20 years of

spiritual practice Additional Articles III table of contents Divine virtues Divine Grace Intuition versus intellect The spirit of nature Fate The diabolic spirit Esoteric atheism About love freedom God Imagination The dark side of spirituality The nirvana of ignorance Spiritual traps Society and real values And much more     **The Primal Runes** Roger Calverley, 2005 Thousands of years before the Aryan invasion of Europe the people of Old Europe created sacred signs the Primal Runes and gave birth to our most ancient ancestral tradition of divination and magic Based on the phases of the Moon these archetypal rune forms each have a sacred sound they form a complete system of invocation and empowerment     *A Course of Instruction of Theory & Practice of Magic+ Magical Evocation + Magical Words* Franz Bardon, 2021-01-19 This volume contains all three books of theoretical and practical use by Franz Bardon Franz Bardon needs no introduction in the field of Magic Evocation occultism practical use of the first three tarot cards use of magical words and letters A Course of Instruction of Theory Practice of Magic Magical Evocation Magical Words Anyone who should believe to find in this work nothing else but a collection of recipes with the aid of which he can easily and without any effort attain to honor and glory riches and power and aim at the annihilation of his enemies might be told from the very inception that he will put aside this book being very disappointed Numerous sects and religions do not understand the expression of magic otherwise than black art witchcraft or conspiracy with evil powers It is therefore not astonishing that many people are frightened by a certain horror whenever the word magic is pronounced Jugglers conjurers and charlatans have discredited this term and considering this circumstance there is no surprise that magic knowledge has always been looked upon with a slight disregard Even in the remotest times the MAGUS has been regarded as one of the highest adepts and it might be of interest to learn that as a matter of fact the word magic is derived from this word The so called sorcerers are by no means initiates but only imitators of the mysteries who counting partly on the ignorance and partly on the credulity of the individuality or a whole nation in order to reach their selfish aims by lies and fraud The true magician will always despise such practices In reality magic is a sacred science it is in the very true sense the sum of all knowledge because it teaches how to know and utilize the sovereign rules There is no difference between magic and mystic or any other conception of the name Wherever authentic initiation is at stake one has to proceed on the same basis according to the same rules irrespective of the name given by this or that creed Considering the universal polarity rules of good and evil active and passive light and shadow each science can serve good as well as bad purposes Let us take the example of a knife an object that virtually ought to be used for cutting bread only which however can become a dangerous weapon in the hands of a murderer All depends on the character of the individual This principle goes just as well for all the spheres of the occult sciences In my book I have chosen the term of magician for all of my disciples it being a symbol of the deepest initiation and the highest wisdom Many of the readers will know of course that the word tarot does not mean a game of cards serving mantical purposes but a symbolic book of initiation which contains the greatest secrets in a symbolic form The first tablet of this book introduces the magician representing him as the master of the elements and

offering the key to the first Arcanum the secret of the ineffable name of Tetragrammaton the quabbalistic Yod He Vau He Here we will therefore find the gate to the magician s initiation The reader will easily realize how significant and how manifold the application of this tablet is Not one of the books published up to date does describe the true sense of the first Tarot card so distinctly as I have done in my book It is let it be noted born from the own practice and destined for the practical use of a lot of other people and all my disciples have found it to be the best and most serviceable system Tetragrammaton literally means the four letter word It was a subterfuge to avoid the sin of uttering the sacred name YHVH Yahveh or Jehova as it later became when the vowels of another word were combined with the consonants of YHVH But I would never dare to say that my book describes or deals with all the magic or mystic problems If anyone should like to write all about this sublime wisdom he ought to fill folio volumes It can however be affirmed positively that this work is indeed the gate to the true initiation the first key to using the universal rules I am not going to deny the fact of fragments being able to be found in many an author s publications but not in a single book will the reader find so exact a description of the first Tarot card I have taken pains to be as plain as possible in the course of the lectures to make the sublime Truth accessible to everybody although it has been a hard task sometimes to find such simple words as are necessary for the understanding of all the readers I must leave it to the judgment of all of you whether or not my efforts have been successful At certain points I have been forced to repeat myself deliberately to emphasize some important sentences and to spare the reader any going back to a particular page There have been many complaints of people interested in the occult sciences that they had never got any chance at all to be initiated by a personal master or leader guru Therefore only people endowed with exceptional faculties a poor preferred minority seemed to be able to gain this sublime knowledge Thus a great many of serious seekers of the truth had to go through piles of books just to catch one pearl of it now and again The one however who is earnestly interested in his progress and does not pursue this sacred wisdom from sheer curiosity or else is yearning to satisfy his own lust will find the right leader to initiate him in this book No incarnate adept however high his rank may be can give the disciple more for his start than the present book does If both the honest trainee and the attentive reader will find in this book all they have been searching for in vain all the years then the book has fulfilled its purpose completely The Author
