In this book, Christian Erk examines the ethical impermissibility of killing human beings in general, and of selected killings in particular, namely suicide, lethal self-defence, abortion, and euthanasia, as well as organ transplantation and assisted suicide. He does so by addressing a range of important ethical questions: What does it mean to act? Of what elements is an action comprised? What is the difference between a good or evil action and a permissible or impermissible action? How can we determine whether an action is good or evil? Is there a moral duty not to kill? Is this duty held by and against all human beings or only persons? What and who is a person? What is human dignity, and who has it? What is it that is actually taken when somebody is killed, i.e. what is life? And closely related to that: What and when is death? By integrating the answers to these questions into an argumentative architecture, the book offers a comprehensive exploration of one of the most fundamental questions of mankind: Under which conditions, if any, is killing human beings ethically permissible. *The Meaning of Travel* Emily Thomas, 2020. How can we think more deeply about our travels? This was the question that inspired Emily Thomas' journey into the philosophy of travel. Part philosophical ramble, part travelogue, *The Meaning of Travel* begins in the Age of Discovery when philosophers first started taking travel seriously. It meanders forward to consider Montaigne on otherness, John Locke on cannibals, and Henry Thoreau on wilderness. On our travels with Thomas, we discover the dark side of maps, how the philosophy of space fuelled mountain tourism, and why you should wash underwear in woodland cabins. We also confront profound issues such as the ethics of doom tourism, travel to doomed glaciers and coral reefs, and the effect of space travel on human significance in a Leviathan universe. The first ever exploration of the places where history and philosophy meet, this book will reshape your understanding of travel. **Blue Sky** Lynne R Johnson, 2023-01-06.
