Dept. of Prints and Drawings, 1949 The Imagination of Evil Mary Evans, 2011-10-27 From its growth in Europe in the nineteenth century detective fiction has developed into one of the most popular genres of literature and popular culture more widely In this monograph Mary Evans examines detective fiction and its complex relationship to the modern and to modernity She focuses on two key themes the moral relationship of detection and the detective to a particular social world and the attempt to restore and even improve the social world that has been threatened and fractured by a crime usually that of murder It is a characteristic of much detective fiction that the detective the pursuer is a social outsider this status creates a complex web of relationships between detective institutional life and dominant and subversive moralities Evans questions who and what the detective stands for and suggests that the answer challenges many of our assumptions about the relationship between various moralities in the modern world Heart Seizure Bill Fitzhugh, 2021-05-20 Spence Tailor a lawyer with an actual set of principles loves his mama Rose Rose with advanced cardiomyopathy and a rare blood type is scheduled for a heart transplant But when the president's heart craps out during a photo op three months before the national election the White House chief of staff orders the FBI to seize the heart that was going to Rose all in the name of democracy But Spence isn't

about to let anybody steal what rightfully belongs to his mom So with the help of his reluctant older brother they hijack the heart inadvertently kidnap a beautiful cardiac surgery resident and take to the road in a 65 Mustang with all the president s men in potentially murderous pursuit Reviews of the Transplant Tetralogy One of the funniest most off beat thrillers in years The Times His wit and style are as compelling as his tightly wound thriller plots and his thoughts on the world we live in are fascinating and often spot on An awe inspiring feat Washington Post Bill Fitzhugh just gets better and better Christopher Moore A thrilling tale of science run amok laugh out loud send ups of the madness of modern life Booklist
