book synthesizes an enormous amount of information from many disparate sources into a narrative that identifies historical contexts that documents and incorporates site specific information and that strives to illuminate the lives of the people who over many centuries of human occupation and in many different ways contributed to making Sautee Nacoochee what it is today It is not a typical pioneer history Indeed Tommy Hart Jones illuminates the lives of all the people who have occupied the valleys over many thousands of years and connects the deep past to the present *American Zealots* Arie
