THE LABYRINTH OF SOLITUDE

Life and Thought in Mexico

BY OCTAVIO PAZ

TRANSLATED BY LYSANDER KEMP

One of the major poets of our time here probes and defines Mexican character and culture in a series of brilliant essays. Silence, irony, the formalization of social life — these are the masks that permit the Mexican to conceal his personality.

Far more than an interpretation of his own country alone, this book is also a penetrating commentary on the plight of Latin America today as a whole, an enlightening view of the North American — "who wanders in an abstract world of machines, fellow citizens, and moral precepts" — and a universally applicable evaluation of the situation of contemporary man.

OCTAVIO PAZ was born in Mexico City in 1914, studied at the National University of Mexico, and fought on the Republican side in the Spanish Civil War. Poet, essayist, playwright, editor, diplomat, he has published ten books of poetry.

"... the most penetrating study of our baffling neighbor that this reviewer has yet seen in English."

Latin America and the Caribbean United States. Department of the Army, 1975 The Politics of Sexuality in Latin America Javier Corrales, Mario Pecheny, 2010-05-24 The city of Buenos Aires has guaranteed all couples regardless of gender the right to register civil unions Mexico City has approved the Cohabitation Law which grants same sex couples marital rights identical to those of common law relationships between men and women Yet a gay man was murdered every two days in Latin America in 2005 and Brazil recently led the world in homophobic murders These facts illustrate the wide disparity in the treatment and rights of lesbian gay bisexual and transgender LGBT populations across the region The Politics of Sexuality in Latin America presents the first English language reader on LGBT politics in Latin America Representing a range of contemporary works by scholars activists analysts and politicians the chapters address LGBT issues in nations from Cuba to Argentina In their many findings two main themes emerge the struggle for LGBT rights has made significant inroads in the first decade of the twenty first century though not in every domain or every region and the advances made were slow in coming compared to other social movements The articles uncover the many obstacles that LGBT activists face in establishing new laws and breaking down societal barriers They identify perhaps the greatest roadblock in Latin American culture as an omnipresent system of heteronormativity wherein heterosexuality patriarchy gender hierarchies and economic structures are deeply rooted in nearly every level of society Along these lines the texts explore specific impediments including family dependence lack of public spaces job opportunities religious dictums personal security the
