[With Plates.]** Angela TILLYARD, 1962 **The Constitution of the Federal People's Republic of Yugoslavia** Yugoslavia, 1960 **The Land Between** Oto Luthar, 2008 This is a history of a space a space between the Panonian plain in the East and the most northernmost bay in the Adriatic in the West from the eastern Alps in the North and the Dinaridic mountain area in the South It is also a history of all the different people who lived in this area The authors show that the Slavs did not settle an empty space and simply replace the Celto Roman inhabitants of earlier times they are on the contrary presented as the result of reciprocal acculturation The authors show that the Slovenes made more than two important appearances throughout the entire feudal era the same holds for later periods especially for the twentieth century This book offers a concise and complete history of an area that finally became an integral part of Central Europe and the Balkans Pub desc Statistics of Land-grant Colleges and Universities United States. Office of Education, 1963 Best Books for Children, Preschool Through the Middle Grades , 1978 *Education in Yugoslavia and the New Reform* Vera Tomich, 1963 Geography and Nationalist Visions of Interwar Yugoslavia Vedran Duančić, 2020-08-21 This book is the first historical work to examine the notion of national territories in Yugoslavia a concept fundamental for the understanding of Yugoslav history Exploring the intertwined histories of geography as an emerging discipline in the South Slavic lands and geographical works describing interwar Yugoslavia the book focuses on the engagement of geographers in the on going political conflict over the national question Duan i shows that geographers were uniquely equipped to address the creation of the new country and the numerous problems it faced as they provided accounts of Yugoslavia s past present and even future all of which were understood as inherently embedded in geography By analyzing a large body of geographical narratives on the Yugoslav state the book follows both the attempts to naturalize and present Yugoslavia as a sustainable political and cultural unit as well as the attempts to challenge its existence by pointing to unresolvable geographically conditioned tensions within it The book approaches geographical discourse in Yugoslavia as part of a wider European scientific network pointing to similarities and specifically Yugoslav characteristics Bulletin , 1963 **The Former Yugoslavia's Diverse Peoples** Matjaz Klemencic Ph.D., Mitja Zagar, 2003-12-02 This authoritative exploration of the ethnic history of the former Yugoslavia traces the roots of the conflicts that convulsed the region in the 1990s At the end of the 20th century interregional conflicts in the former Yugoslavia culminated with Slobodon Milo evic s campaign of ethnic cleansing which led to NATO intervention and ultimately revolution What ignited these conflicts What can we learn from them about introducing

The Lie of the Land Ross Hunter, 2023-10-02 Maps are great if shy historians their borders tell stories Tales about the land tales about people who drew them They have lasting consequences This book explores some of those borders with the most to tell us History biography and politics all play a part Some of the oddest frontiers and some of the most painful consequences are examined from Palestine to The Punjab by way of Ireland The Caucasus The Balkans and Africa Not all stories are peaceful and the too forgotten fights of the Opium Wars and Kurdistan are examined along with the people who made the decisions This book is for anyone who has spent a happy hour reading a map and wondering just how and why some of those lines got to be where they are mostly boundaries but also other oddities and curiosities and for anyone perplexed by a news story from an exotic land far away in place or time Copiously illustrated with maps and pictures it is illuminating enjoyable and hopefully disturbing

The Laissez-Faire Peasant Jovana Diković, 2025-01-14 In rural development studies there are two mainstream assumptions One holds that peasants are the victims of state rural development schemes the other that only planning can ensure change and prosperity in rural regions It is rarely considered that peasants are architects of their own and local wellbeing notions which are often in opposition to state plans for agriculture The Laissez Faire Peasant explores how rural development emerges on the ground The concept involves the manifestation of peasant worldviews in which autonomy in decision making freedom of action spontaneity and flexibility in everyday cooperation play a dominant role A role in which individual and local values generate a self regulating system that manages a range of economic social and political relationships The book examines manifestations of peasant autonomy both in response to and independent of state rural development policies through a multi sited ethnography of three Serbian villages It is shown how these factors impede state programs for rural development while enabling the spontaneous flourishing of local communities By focusing on the agency of rural residents the book finds that peasants are resilient and competent agents who do not need government plans to thrive Praise for The Laissez Faire Peasant Anthropologists and missionaries claim to love their peasants Economists and planners claim to help them Both look down Dikovi brilliantly proposes a new approach which might be called humanomics It gives respect looking up from where people actually live Deirdre Nansen McCloskey University of Illinois at Chicago This is an ethnographically rich and conceptually original study of post socialist peasantry and rural development in Serbia Jovana Dikovi draws a complex picture of the post socialist peasants as autonomous and resilient subjects motivated by the visions of rural development

anchored in their local lifeworlds Agnieszka Joniak L thi University of Fribourg In her excellent study Jovana Dikovi
challenges the narrative about Serbian peasants usually viewed as downtrodden and exploited underdogs in need of
governmental help In this careful case study these peasants represent an entrepreneurial self reliant and individualistic
social group that can survive and thrive even in the conditions of modern and technologically advanced capitalism Ivan
