The Hidden Life of the Sixth Dalai Lama Ngawang Lhundrup Dargy ,2011-05-19 The life of the Sixth Dalai Lama does not end with his supposed death at Kokonor in November 1706 on the way to Beijing and an audience with the Manchu Emperor Kangxi This book the so called Hidden Life presents a very different Tsangyang Gyamtso neither a louche poet nor a drinker but a sober Buddhist practitioner who chose to escape at Kokonor and to adopt the guise of a wandering monk only appearing some years later after many fantastical and mystical adventures in what is today Inner Mongolia where he oversaw monasteries and lived as a Buddhist teacher The Hidden Life was written by a Mongolian monk in 1756 ten years following the death of the lama his spiritual teacher whom he identifies as Tsangyang Gyamtso and in whose identity as the Sixth Dalai Lama he clearly has complete faith However as one might imagine there is nowadays no agreement among the wider Tibetan Mongolian and Tibetological scholarly community as to whether this man was a charlatan or deluded or whether he was indeed the Sixth Dalai Lama The text is divided into four parts The first part gives an account of the background and birth of the Sixth Dalai Lama while the opening section of the second part which is in direct speech dictated by the lama continues on through the political intrigue in Lhasa at the end of the seventeenth century to the lama s escape at Kokonor The remainder of the second part consists of a visionary narrative in which the lama travels through Tibet and Nepal and in which he encounters divine figures yetis zombies and a man with no head all of which is presented as fact The third and longest part is

an account of the final thirty years of the lama's life and his activity in Mongolia as an influential Buddhist teacher including a lengthy and moving description of his death The final part includes a list of his students and most interestingly perhaps a theological and philosophical justification for the coexistence of the Sixth and Seventh Dalai Lamas **The Extraordinary**

Church, Liberation and World Religions Mario I. Aguilar, 2012-11-08 This work proposes a theological investigation of the community of the Church as outlined by liberation theology and a possible conversation with liberation from suffering in Tibetan Buddhism What unites both is the human process of sublimation for others whereby liberation theologians as well as enlightened lamas give the best of themselves for the liberation of others At this stage of discussions between inclusivists and exclusivists this work proposes that dialogue with world religions and therefore with Buddhism is not about finding possible dogmatic similarities but a common place a common purpose through a common humanity **TIME-LIFE**

Goldstein, 2023-11-15 The Tibetan Question the nature of Tibet's political status vis vis China has been the subject of often bitterly competing views while the facts of the issue have not been fully accessible to interested observers While one faction has argued that Tibet was in the main historically independent until it was conquered by the Chinese Communists in 1951 and incorporated into the new Chinese state the other faction views Tibet as a traditional part of China that split away at the instigation of the British after the fall of the Manchu Dynasty and was later dutifully reunited with New China in 1951 In contrast this comprehensive study of modern Tibetan history presents a detailed non partisan account of the demise of the Lamaist state Drawing on a wealth of British American and Indian diplomatic records first hand historical accounts written by Tibetan participants and extensive interviews with former Tibetan officials monastic leaders soldiers and traders Goldstein meticulously examines what happened and why He balances the traditional focus on international relations with an innovative emphasis on the intricate web of internal affairs and events that produced the fall of Tibet Scholars and students of Asian history will find this work an invaluable resource and interested readers will appreciate the clear explanation of highly polemicized and often confusing historical events The Tibetan Question the nature of Tibet's political status vis vis China has been the subject of often bitterly competing views while the facts of the issue have not been fully accessible to interested observers While one faction has argued that T *Contemplating God Changing the World* Mario L. Aguilar, 2009-01-01 Mario Aguilar skillfully elegantly and clearly presents the life and thought of some of the major spiritual forces of our time as a starting point for his own compelling reflections on the relationship between contemplation and politics We need more books like this one Professor Ivan Petrella University of Miami Contemplation and political action defined the lives and work of six of the most inspiring Christian leaders of the twentieth century Thomas Merton Ernesto Cardenal Daniel Berrigan Sheila Cassidy Desmond Tutu and Mother Teresa Each one embraced a silent purposeful life of prayer contemplation and conversation with God which the author contends was the very foundation for their public activism Aguilar profiles these outstanding religious figures illustrating how their contemplation of God gave

them courage and understanding not just to grow in personal holiness but to become one with God through responding to the needs of others. It was their spiritual life that gave them the energy, commitment and strength to help feed the hungry, clothe the naked and liberate the oppressed even in the darkest most difficult times. Yet as Aguilar shows, it is not just a chosen few who are called to combine prayer with political action through the regular contemplation of God; all Christians can be empowered to work toward social transformation and a just world.
